*~200 Attendees*

# Spotlight on Business

## Fruit Hill Orchard (Terry and Barbara Lintecum)

- Family has been in the orchard business for 5 generations, beginning in Winchester, Virginia; where my grandfather, Robert Solenberger, still grows large quantities of apples for commercial processing.
- In 2000, my grandfather decided that he wanted his grandchildren to learn about the family business. He asked if he could plant “a few” apple trees on my parent’s farm in Fluvanna County. My granddad’s idea of “a few” was very different from what my parent’s had in mind. Granddad showed up at our house with 900 apple trees, and within a few days, we had an apple orchard in our front field! My parent’s embraced their new circumstances, and have since expanded the operation to include a second orchard in 2007, as well as all sorts of home grown produce.
- The purpose of our orchard is to provide a place for families to come and spend time together in a wholesome environment. It is our desire to give people (especially children) a real understanding of where their food comes from. Apples come from trees, not grocery stores! Blessed to share our passion with the community and we hope that you will come and join us for a day of apple picking!
- For more information, check out their website at [Fruit Hill Orchard](#) or visit their Facebook page at [Fruit Hill Orchard](#).

# Next BOS Meetings
