County Administrator Review

Fluvanna County...The heart of Virginia and your gateway to the future!

PLEDGE OF ALLEGIANCE

I pledge allegiance, to the flag, of the United States of America, and to the Republic for which it stands, one nation, under God, indivisible, with liberty and justice for all.

ORDER

- 1. It shall be the duty of the Chairman to maintain order and decorum at meetings. The Chairman shall speak to points of order in preference to all other members.
- 2. In maintaining decorum and propriety of conduct, the Chairman shall not be challenged and no debate shall be allowed until after the Chairman declares that order has been restored. In the event the Board wishes to debate the matter of the disorder or the bringing of order; the regular business may be suspended by vote of the Board to discuss the matter.
- 3. No member or citizen shall be allowed to use defamatory or abusive language directed at any member of the Board or other person, to create excessive noise, or in any way incite persons to use such tactics. The Chair shall be the judge of such breaches, however, the Board may by majority vote of the Board members present and voting to overrule the judgment of the Chair.
- 4. When a person engages in such breaches, the Chairman shall order the person's removal from the building, or may order the person to stand silent, or may, if necessary, order the person removed from the County property.

PUBLIC HEARING RULES OF PROCEDURE

PURPOSE

- The purpose of a public hearing is to receive testimony from the public on certain resolutions, ordinances or amendments prior to taking action.
- A hearing is not a dialogue or debate. Its express purpose is to receive additional facts, comments and opinion on subject items.

2. SPEAKERS

- Speakers should approach the lectern so they may be visible and audible to the Board.
- Each speaker should clearly state his/her name and address.
- All comments should be directed to the Board.
- All questions should be directed to the Chairman. Members of the Board are not expected to respond to questions, and response to questions shall be made at the Chairman's discretion.
- Speakers are encouraged to contact staff regarding unresolved concerns or to receive additional information.
- Speakers with questions are encouraged to call County staff prior to the public hearing.
- Speakers should be brief and avoid repetition of previously presented comments.

3. ACTION

- At the conclusion of the public hearing on each item, the Chairman will close the public hearing.
- The Board will proceed with its deliberation and will act on or formally postpone action on such item prior to proceeding to other agenda items.
- Further public comment after the public hearing has been closed generally will not be permitted.

Fluvanna County...The heart of Virginia and your gateway to the future!

"Responsive & Responsible Government"

2018-2019 STRATEGIC INITIATIVES AND ACTIONS

Α	SERVICE DELIVERY
A1	Work with FRA to identify support options for Fire and Rescue volunteers.
A2	Continue to research and evaluate county-wide broadband expansion opportunities.
А3	Hold review meeting on ordinance enforcement (trash, buildings, vehicles) with Health Dept., Planning, Building Inspections, Public Works, and County Attorney.
A4	Perform strategic review of existing and needed partnerships with local area support and other non-profit groups. (Needed? Effective? Consolidate resource contributions?)
A5	Improve partnership with the school system for shared use of county and school owned facilities.
A6	Identify and assess resident concerns about roadway and public safety issues, and coordinate with VDOT for appropriate actions.
А7	Initiate comprehensive review of the Hwy 53 corridor from Lake Monticello Road to Ruritan Lake Road (e.g., Safety improvements at LM Monish Gate; 3-way stoplight at Food Lion; sight improvement at Ruritan Lake Road and Hwy 53; etc.)
В	COMMUNICATION
B1	Assess options to communicate more efficiently, effectively, and economically with Fluvanna residents.
B2	Marketing campaign to let residents know about accomplishments and where their tax dollars go.
В3	Meet with local Pastors to discuss effective communications and community support.
B4	Promote tax due dates, public hearings, etc., in FAN Mail.
B5	Expand County Website to receive, answer, and post questions from residents.
В6	Hold an Elected Official's Breakfast for our State Representatives in Fall of 2018
В7	Hold an Elected Official's Breakfast for our State Representatives in Fall of 2019
В8	Conduct 2019 Fluvanna County Residents Survey and analyze results.
С	PROJECT MANAGEMENT
C1	Continue Columbia area renewal efforts including improved enforcement of County/State codes and Health Department regulations.
C2	Complete a Master Water and Sewer (Plan Phase I) to identify sources for the county's long-term water needs; particularly for each of its community planning areas.
С3	Incorporate well-drilling logs provided by the Fluvanna Health Dept. into the county's geographic information system (GIS).
C4	Create master report and marketing plan regarding County tower assets and rental options.
C5	Investigate the use of Overlay Zones for the Zion Crossroads Community Planning Area to support economic development.

C6	Create a County-wide overlay map showing utilities and other key features that support business growth and development.
С7	Review and pursue opportunities and options for a Palmyra Village Streetscape project to improve safety, parking, walkability, and overall appearance.
C8	Successfully oversee and manage Fluvanna County aspects of the James River Water Project.
С9	Successfully oversee and manage the design and construction of the Zion Crossroads water and sewer system.
C10	Pursue Phase II of Fork Union streetscape project.
D	ECONOMIC DEVELOPMENT AND TOURISM
D1	Draft and adopt a formal County-wide economic development and tourism strategy inclusive of an implementation schedule.
D2	Develop a "This is Fluvanna County" video message to be shared with county citizens and businesses as well as use with county economic development initiatives.
D3	Coordinate development activity at Fluvanna's northern border with Louisa County, including possible natural gas line along 250 and discussing "shared" parcels.
D4	Conduct 2018 local Business Climate Survey and analyze results.
D5	Hold an Economic Development Discussion Forum for local businesses with planning, zoning, building inspections, infrastructure components.
D6	Investigate and pursue with State offices the installation of select Boat Ramps along the Rivanna and James Rivers to support additional recreational and tourism opportunities.
D7	Investigate opportunities for park expansion or Rivanna River access points to support expanded recreational activities
D8	Investigate allowing large lot subdivisions in A-1 as alternative to current cluster subdivisions. (Amend the zoning and subdivision ordinances to allow for varying lot sizes, from small clustered lots to large parcels suitable for continued farming and rural living.)
D9	Review higher density options between PDA and R4.
D10	Review options, pros, cons, costs, etc., of creating a "teaching farm" at PG Park,
E	FINANCIAL STEWARDSHIP AND EFFICIENCY
E1	Review local business license/registration options and pros/cons.
E2	Reduce the County's reliance on creating and mailing paper checks for payments and implement expanded ACH/EFT transaction options.
E3	Create monthly Treasurer's Report for BOS Package and quarterly in-person briefing on the data.
E4	Implement credit card payment option for citizen at all County funds collection points through MUNIS Cashiering process.
E5	Expand Fluvanna County Website Data Dashboard with key metrics.
E6	Implement easy to access electronic format code of ordinances (MuniCode or similar).

STAFF CONTACT(S):	Eric Dahl, De Managemer		•	Adminis	trator/Finance Di	rector	and Eric Pol	litt,
PRESENTER(S):	S): Eric Dahl, Deputy County Administrator/Finance Director and Eric Pollitt, Management Analyst				itt,			
RECOMMENDATION:	I recommend approval of the motion, as stated above.							
TIMING:	Effective Immediately							
DISCUSSION:	The primary objective of VATI is to provide financial assistance to supplement construction costs by private sector broadband service providers, in partnership with local governments to extend service to areas that presently are unserved by any broadband provider. Fluvanna will be partnering with CVEC on this grant application to further the broadband expansion in southeastern Fluvanna County. The application must be submitted by a unit of government (Fluvanna County) with a private sector provider(s) as a co-applicant (CVEC). Eligible projects will be owned and operated by the private sector co-applicant. All applicants are required to have solicited public comment for at least a fifteen (15) day period before submitting applications to DHCD. If an application is received that has not undergone at least a fifteen (15) day public comment period, it will not be considered for review. The County had the Public Comment Notice advertised in the Fluvanna Review on November 29, 2018 and December 6, 2018. The general project area will begin at 911 Stage Junction Road north of Columbia and extend to Shepherds Store; from Shepherds Store the area will extend north to 4011 Cedar Lane Road; from Shepherds Store northwest along Wilmington Road to Wilmington and then west along Courthouse Road to the intersection with Stoneleigh Road and Georges Mill Road. The project area will also cover the					artnership unserved by is grant inna County. County) with will be owned st a fifteen ion is received riod, it will not advertised in of Columbia stend north to ngton Road to		

	Due to timing constraints, the County was unable to get the application approved by the BOS prior to the deadline. The grant deadline for submission of an application is December 14, 2018.

COUNTY ADMINISTRATION

Steven M. Nichols County Administrator

Kelly Belanger Harris Clerk to the Board/ FOIA Officer November 30, 2018

To the Citizens of Fluvanna County, Virginia To the Honorable Members of the Board of Supervisors of Fluvanna County

We are pleased to submit to you the Comprehensive Annual Financial Report (CAFR) for the County of Fluvanna (the "County") for the fiscal year ended June 30, 2018. The Code of Virginia requires that local governments publish, within six months of the close of each fiscal year, a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States of America (GAAP) and audited in accordance with auditing standards generally accepted in the United States of America by a firm of licensed certified public accountants. This report has been prepared by the Department of Finance in accordance with the standards of financial reporting as prescribed by the Governmental Accounting Standards Board (GASB), the Financial Accounting Standards Board (FASB) where applicable, and the Auditor of Public Accounts (APA).

This report consists of management's representations concerning the finances of the County. Consequently, management assumes full responsibility for the completeness and fairness of presentation of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the County has established a comprehensive internal control framework that is designed to ensure compliance with applicable laws, regulations and County policies, to safeguard the County's assets, and to compile sufficient reliable information for the preparation of the County financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the County's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and accurate in all material respects, and presents fairly the financial position and results of operations of the various funds and component units of the County

This report is intended to provide informative and relevant financial information for the citizens of the County, the Board of Supervisors (the Board), investors, creditors and other concerned readers. All are encouraged to contact the Department of Finance with any comments or questions concerning this report.

The County's financial statements have been audited by Robinson, Farmer, Cox, Associates, L.L.P., a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the County for the fiscal year ended June 30, 2018, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation.

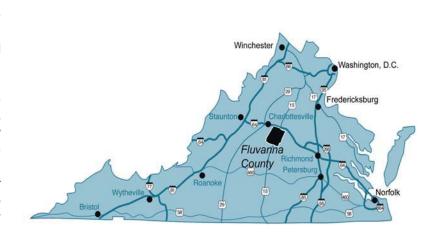

The independent auditors concluded, based upon the audit, that there was a reasonable basis for rendering an unqualified opinion that the County's financial statements for the fiscal year ended June 30, 2018 are fairly presented in all material respects, in conformity with GAAP. The auditors' report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the County was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the County's compliance with the financial and administrative requirements applicable to each of the County's major federal programs. These reports are available in the Compliance Section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The County's MD&A can be found immediately following the report of the independent auditors.

PROFILE OF THE COUNTY

The County was established in 1777 after several divisions from other counties with the final division from Albemarle County. Fluvanna County was once part of Henrico County, one of the original shires of the Virginia Colony. In 1727, Henrico County was divided and Fluvanna County became a part of Goochland County. Goochland County was divided in 1744 and Fluvanna became a part of Albemarle In 1777. Albemarle County was divided to create Fluvanna County. The County was named for the Fluvanna River, the name given to the James River west of Columbia. Fluvanna is Latin for "Anne's River" – in honor of Queen Anne of England. Palmyra was made the county seat in 1828 and remains the county seat today. It quickly became a thriving town after the courthouse was completed in 1830. While Palmyra has changed and modernized over the years, it still possesses an aura of tranquility.

The County operates under the traditional board form of government as defined under Virginia law. The governing body of the County is the Board of Supervisors, which establishes policies for the administration of the County. The Board of Supervisors consists of five members representing the five electoral districts in the County: Columbia, Cunningham, Fork Union, Palmyra, and Rivanna. The Board of Supervisors appoints a County Administrator to serve as the administrative manager of the County. The County Administrator serves at the pleasure of the Board of Supervisors, carries out the policies established by the Board of Supervisors, and directs business and administrative procedures within the County government. The County has taxing powers subject to statewide restriction and tax limits.

Fluvanna County is centrally located in the heart of Virginia, 120 miles south of Washington, D.C., 60 miles west of Richmond, Virginia, and 25 miles southeast of Charlottesville, Virginia. The location of the County can be described as the Piedmont Plateau Physiographic Province and is characterized by gently rolling hills. The County encompasses a land area of 282 square miles. Two U.S. primary and two State primary routes traverse the County. The County is bounded, in effect, by Interstate 64 to the north and by the James River to the south. The Rivanna River, the Commonwealth's first designated "Scenic River", bisects the county and joins the James at the historic town of Columbia. Agriculture remains important in Fluvanna's economy. Two-thirds of the county's land is forested with most open land devoted to farming and grazing.

In addition to the elected Board of Supervisors, five constitutional officers are elected. These officers include the Clerk of the Circuit Court, the Sheriff, the Commonwealth's Attorney, the Treasurer, and the Commissioner of the Revenue. Two officials are elected to serve as County representatives on the Thomas Jefferson Soil & Water Conservation District Board. Five officials are elected to serve as the Fluvanna County School Board.

The departments of the Board of Supervisors, County Administrator, County Attorney, Commissioner of the Revenue, Treasurer, Information Technology, Finance, Registrar, and Human Resources constitute the general government administration of the County. The County Administrator, Constitutional officers, along with the Directors of the various departments, implement the laws and policies of the County by developing and executing the procedures that are necessary in order to provide general support services to County residents.

The Court system is made up of the Circuit Court, General District Court, Juvenile and Domestic Relations Court, Clerk of the Circuit Court, Court Services, and Commonwealth's Attorney. The public safety operations of the County include the Sheriff, Emergency Communications, Emergency Management, Fire and Rescue Squads, Animal Control, Building Inspections, Blue Ridge Juvenile Detention, and Central Virginia Regional Jail.

Public Works is comprised of the departments of Facilities, Utilities, and Public Works which administers capital projects of the County and oversees solid waste management, Sewer, the Zion Crossroads Water and Sewer System and the Fork Union Sanitary District.

The Department of Social Services determines eligibility for public assistance programs, which are mandated by federal and state law. The Community Services Board provides mental health, mental retardation, and substance abuse services. In addition, it provides adult services, group home services, and supervised living services. Fluvanna is served by the Thomas Jefferson Health District along with Charlottesville, and Albemarle, Greene, Louisa, and Nelson counties.

Parks and Recreation provides and promotes leisure services including park activities, educational and hobby programs, senior citizen activities, youth programs, adult athletic leagues, special events, and other activities for County residents. The Fluvanna County Library provides public library service to the County.

The Planning and Zoning Department provides numerous services that relate to the well-being and orderly development of the community. Primary areas of responsibility include the Comprehensive Plan, current and long range planning, and code enforcement. This Department also maintains the geographic information system (GIS) for developing, maintaining, and distributing geographic related data sets and applications. The Economic Development Department has responsibility for attracting and retaining high quality business and industry.

The County provides education through its own school system administered by the Fluvanna County School Board (the School Board). The County promotes commerce through the Economic Development Authority of Fluvanna County, Virginia (the EDA). These agencies have been classified as discretely presented component units in the financial reporting entity because they are legally separate entities for which the County is financially accountable. The EDA has the power to issue tax-exempt industrial development revenue bonds on behalf of qualifying enterprises wishing to utilize that form of financing, as well as to finance County facilities. Those bonds do not constitute a debt or pledge of the faith and credit of the County, but represent limited obligations of the EDA payable solely from the revenue and receipts derived from the projects funded with the proceeds.

The School Board administers its own appropriations within the categories defined by the Commonwealth of Virginia. The Board of Supervisors' financial accountability over the School Board is also limited to approving transfers to the education funds and authorizing school debt issuances. The Fluvanna County Public Schools

is the single largest service provided by the County. The elected School Board is composed of five members who represent the five electoral districts. The School Board appoints a Superintendent to administer the policies of the School Board. The school system is comprised of one high school, one middle school, and three elementary schools. The K-12 End-of-Year Membership as of June 2018 totaled 3,465 students. The Fluvanna High School Completion Rate is 95.6% (VA On-Time Graduation Rate) with 78% of graduates seeking higher education.

Virginia law requires the County to maintain a balanced budget in each fiscal year. The annual budget serves as the foundation of the County's financial planning and control. These budgetary controls ensure compliance with provisions embodied in the annual appropriated budget approved by the Board of Supervisors. Activities of the general fund and capital projects fund are included in the annual appropriated budget. All agencies and departments of the County are required to submit requests for appropriation to the County Administrator by the date established in the budget calendar. The County Administrator uses these requests as the starting point for developing a proposed budget. Then, the County Administrator presents the proposed budget to the Board who begin a series of work sessions. The Board is required to hold a public hearing on the proposed budget and to adopt a final budget by no later than June 30th, the close of the County's fiscal year, as required by 15.2-2503, Code of Virginia of 1950, as amended. A budget is not required for fiduciary funds. The appropriated budget is prepared by fund and function (e.g., public safety) with the appropriations resolution adopted by the Board placing legal restrictions on expenditures at the fund and function level.

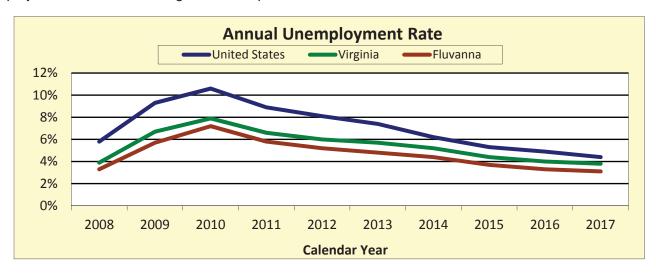

When necessary, the Board of Supervisors approves amendments to the adopted budget in accordance with 15.2-2507, Code of Virginia of 1950, as amended. Budgetary compliance is monitored and reported at the department level. The budget is implemented through appropriations that the Board makes annually, with supplemental appropriations made as required. These appropriations, except those to incur mandated expenditures, may be greater or less than contemplated in the budget.

FACTORS AFFECTING FINANCIAL CONDITION

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which Fluvanna County operates.

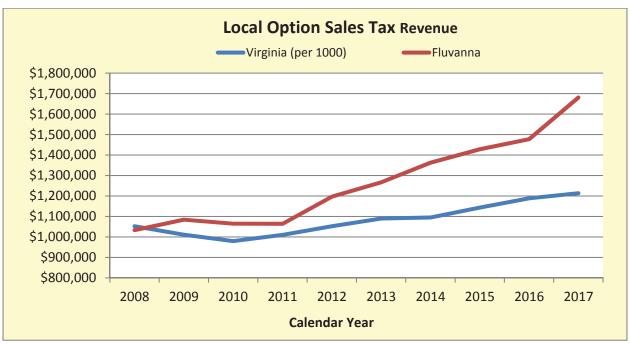

Local Economy

Based on available economic data, the annual local unemployment rate for 2017 was 3.1%, 0.2% lower than the 3.3% annual local unemployment rate for 2016. The local unemployment rate compares favorably to the state and national rate of 3.8% and 4.4%, respectively. The predominant industries are government, education, administrative and support services, health care, and retail trade. As seen in the chart below, while unemployment in Fluvanna County continues to compare favorably to the state and national numbers, unemployment remains 0.7% higher than at pre-recession levels in 2008.

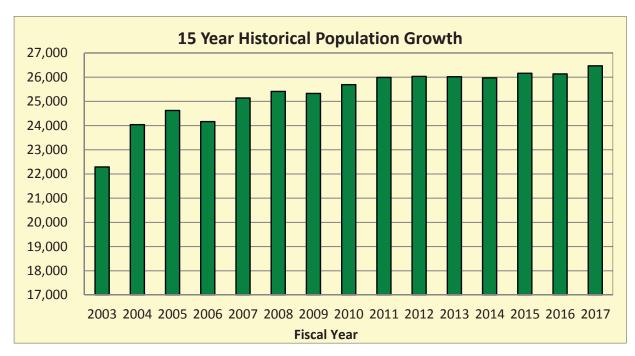

Source: Virginia Employment Commission, Local Area Unemployment Statistics - Annual, Not Seasonally Adjusted

Sales tax revenue can also be an indicator of the overall condition of the County's economy. As seen in the chart below, there has been strong growth in the Local Option Sales Tax revenue in Fluvanna County over the past seven years. The effects of the recession are seen in 2009 and 2010; however, post-recession Local Option Sales Tax revenue has increased 58.0% from 2011 to 2017. In contrast, Virginia has seen a 16.8% increase during the same time period.

Source: Virginia Department of Taxation, Revenue Forecasting - Annual

The population growth in the County has increased over the years due to competitively priced housing, a rural setting, and approximation to major urban centers, including Charlottesville and Richmond. Fluvanna County saw an increase of 28.2% in population growth between the 2000 and the 2010 census. However, population growth has moderated from the 2010 census to 2017 population estimates at a rate of 3.0%.

Source: Weldon Cooper Center for Public Service, Demographics & Workforce Group - July 1st Estimates

The County received their first formal public credit ratings in July 2008. Standard & Poor's provided a rating of AA- with remarks of "strong wealth and income levels, developing local economy has access to the Charlottesville core based statistical area, and solid financial performance with positive operating results and strong reserves." Moody's provided a rating of Aa2 (recalibration of ratings under the Global Scale) with remarks of "favorable location along Interstate 64 between the major employment centers of Charlottesville (G.O. rated Aaa) and Richmond (G.O. rated Aa3/stable outlook) is expected to support ongoing growth, albeit at more moderate levels." In March 2012, Standard & Poor's affirmed its AA- rating with a stable outlook. In May 2014, Standard & Poor's upgraded its rating for the County from AA- to AA with a stable outlook.

Financial Policies

Fluvanna continues to adhere to a conservative fund balance policy that maintains unassigned fund balance at a minimum of 12% of General Fund revenues plus Component Unit School Fund revenues, less the operating transfer from the General Fund.

MAJOR INITIATIVES

For fiscal year 2018, following the priorities established by the County of Fluvanna Board of Supervisors, and with the assistance and guidance of the County Administrator, County staff and agencies implemented and continued a number of specific projects designed to provide County residents with cost efficient government while enhancing their home and employment environment. Major initiatives begun, continued, or completed during this fiscal year are:

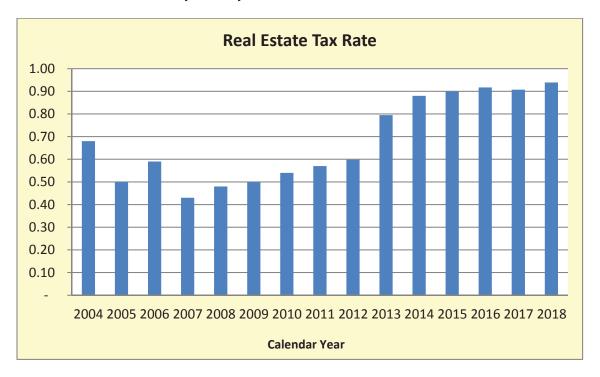

- The Zion Crossroads Water and Sewer system will provide water and sewer infrastructure for Fluvanna County's growth corridor from the intersection of U.S. Route 250/Route 15, going west approximately 2.5 miles on U.S. Route 250 towards Charlottesville and going south approximately 1 mile on Route 15. The Board of Supervisors has to date appropriated \$775,000 from unassigned fund balance for the design of the Zion Crossroads Water and Sewer System. In August 2017, a Water and Sewer Revenue Bond was issued, providing \$8.5 million in project funds. The final design was completed and approved by the Board of Supervisors in November 2017. An Invitation For Bid for construction was issued in May 2018 and all bids were received in October 2018, coming in \$1.0 million below estimates. Construction is projected to begin around January 2019 and the project will take approximately 18 months to complete after construction begins.
- James River Water Authority (JRWA) Water System is supported 50/50 and made up of the County of Fluvanna and the County of Louisa. This project will construct a raw water intake system and pipeline from the James River to serve the 50 year water supply needs of Fluvanna and Louisa County. The pipeline from the water intake system will stop at Route 6 in the southeast corner of Fluvanna County. Both County's will have access to the system and be responsible for building any future pipelines that connect to the system. In May 2016, a Revenue Bond was issued, providing \$9.0 million in project funds. The project is currently in the permitting phase. The project will take 18 months to complete after construction begins.
- The Public Safety Emergency Communications Radio System was built to upgrade the current system, provide new equipment to all Public Safety personnel and build (1) class III self-supported lattice tower and lease additional tower space from a third-party to provide a better system for the citizens and Public Safety personnel. A contract was awarded and a lease purchase financing agreement was executed in June 2015 for \$6.6 million. Toward the end of fiscal year 2016, the Board of Supervisors determined that it would be beneficial long-term for the County to build their own class III self-supported lattice towers for the communications equipment. This change will lower the overall costs long-term, by reducing the number of tower leases the County has to obtain from other tower providers in the County. This change to the project added building (3) class III self-supported lattice towers on County owned land for an additional \$1.4 million. In October 2016, the Board of Supervisors refinanced the original capital lease and a new capital lease in the amount \$8.2 million was issued for the entire project. This project reached substantial completion in June 2018.

- The Energy Performance Contracting process began in fiscal year 2016, which is intended to replace and enhance energy-powered equipment and appliances throughout the buildings and schools in the County. The type of projects include; HVAC replacements/upgrades, LED lighting improvements, weatherization, and control system upgrades. In addition to upgrading aging systems and equipment, the energy savings achieved will offset the ongoing debt service payments, making the project cost neutral. The Board of Supervisors and the School Board jointly awarded an Energy Performance Contract and approved a Qualified Energy Conservation Revenue Bond for the project in February 2017 through the VA Saves Green Community Program, providing \$7.4 million in project funds. This project is eligible for a federal interest rate subsidy, making the effective interest rate 0.91%. The project began in April 2017 and completed June 2018.
- The Fluvanna Middle School renovation was started in fiscal year 2015 to provide much needed upgrades
 to the former high school. Virginia Public School Authority Bonds were issued, provided \$5.1 million in project
 funds for a new HVAC system, roofing, new dropped ceilings, LED lighting, gymnasium flooring, bathroom
 renovations and other improvements. Renovations/upgrades have taken place over the summer of 2015,
 2016, 2017 and was completed in July 2018.
- County and School Fiber Infrastructure Project began in fiscal year 2017, to construct a fiber infrastructure
 to connect all school buildings and a majority of the County buildings. This project will provide reliable
 connectivity and the necessary bandwidth for instruction and operation, meet federal Erate modernization
 bandwidth requirements, and eliminate expense of leasing connectivity between sites. Construction began
 in July 2017 and the project was completed June 2018.
- The Farm Heritage Museum was built at historic Pleasant Grove Park to enhance the park as a tourist designation, along with the Pleasant Grove House. The museum will display a donated collection of vintage farm equipment, to educate visitors at Pleasant Grove about the history of farming in Fluvanna from the 1800's. The project was completed in July 2018.

FUTURE BUDGET CONSIDERATIONS

For fiscal year 2019, the Board of Supervisors approved a Total Budget of \$75.5 million inclusive of a General Fund budget of \$50.5 million. The Board of Supervisors elected to increase the real estate tax rate from \$0.907 to \$0.939 per \$100 of assessed value for calendar year 2018.

Below is the real estate tax rate history for 15 years.

Awards and Acknowledgments

The Governmental Finance Officers Association (GFOA) of the United States and Canada awarded a Certificate of Achievement for Excellence in Financial Reporting (CAFR) to the County of Fluvanna for its comprehensive annual financial report for the fiscal year ended June 30, 2017. This is the tenth year that the County has received this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized CAFR. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this report could not have been accomplished without the cooperation and dedication of the staff of the Fluvanna County Finance Department, Robinson Farmer Cox Associates, and all County agencies and departments that assisted and contributed to the preparation of this Report. Credit also must be given to the Board of Supervisors for their unwavering support for maintaining the highest standards of professionalism in the management of Fluvanna County's finances.

Respectfully submitted,

Steven M. Nichols County Administrator

Eric M. Dahl

Independent Auditors' Report

To the Honorable Members of the Board of Supervisors County of Fluvanna, Virginia

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of County of Fluvanna, Virginia, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Counties, Cities, and Towns,* issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Fluvanna, Virginia, as of June 30, 2018, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Change in Accounting Principle

As described in Note 20 to the financial statements, in 2018, the County adopted new accounting guidance, GASB Statement Nos. 75 Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions and 85 Omnibus 2017. The County also early implemented GASB Statement No. 89, Accounting for Interest Cost Incurred Before the End of a Construction Period. Our opinion is not modified with respect to this matter.

Restatement of Beginning Balances

As described in Note 21 to the financial statements, in 2018, the County restated beginning balances to reflect the requirements of GASB Statement No. 75. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and schedules related to pension and OPEB funding on pages 19-28, 144, and 145-164 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The budgetary comparison information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County of Fluvanna, Virginia's basic financial statements. The introductory section, other supplementary information, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The other supplementary information and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

linear, Found, lox associates

In accordance with *Government Auditing Standards*, we have also issued our report dated November 30, 2018, on our consideration of the County of Fluvanna, Virginia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of County of Fluvanna, Virginia's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering County of Fluvanna, Virginia's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

To the Honorable Members of the Board of Supervisors To the Citizens of Fluvanna County County of Fluvanna, Virginia

The management of the County of Fluvanna, Virginia presents the following discussion and analysis as an overview of the County's financial activities for the fiscal year ended June 30, 2018. We encourage readers to read this discussion and analysis in conjunction with the transmittal letter in the Introductory Section of this report, and the County's financial statements which follow this discussion and analysis.

Financial Highlights

- The assets and deferred outflows of the County exceeded its liabilities and deferred inflows at the close of the most recent fiscal year by \$44.0 million (net position). Of this amount, \$22.7 million (unrestricted net position) may be used to meet the government's ongoing obligations to citizens and creditors.
- The County's total net position decreased by \$900,000, of which the governmental activities decreased by \$1.7 million and business-type activities increased by \$800,000.
- As of the close of fiscal year 2018, the County's governmental funds reported combined ending fund balances
 of \$21.7 million. Approximately 66.8% of this amount (\$14.5 million) is available for spending at the
 government's discretion (unassigned fund balance).
- At the end of the current fiscal year, unrestricted fund balance (the total of committed, assigned, and unassigned components of fund balance) for the general fund was \$22.6 million, or approximately 47.7% of total general fund expenditures.
- The total long-term obligations for Primary Government decreased by \$900,000 during fiscal year 2018 (Note 7). This net decrease was the result of an early redemption and retirements on existing debt, which was greater than the issuance of a water and sewer system revenue bond.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements comprise three components:

- 1. Government-wide financial statements,
- 2. Fund financial statements, and
- 3. Notes to the financial statements.

This report also contains other supplementary information in addition to the basic financial statements themselves.

Overview of the Financial Statements: (Continued)

Government-Wide Financial Statements

The government-wide financial statements (Exhibits 1 and 2) are designed to report information about the County as a whole using accounting methods similar to those found in the private sector. They also report the County's net position and how it has changed during the fiscal year. These statements provide both short-term and long-term information about the County's overall financial status.

The statement of net position (Exhibit 1) presents information on all of the County's assets, liabilities, and deferred inflows/outflows of resources including governmental activities, business-type activities, and component unit activities. Net position is the difference between assets and deferred outflows and liabilities and deferred inflows, which provides a measure of the County's financial health, or financial condition. Over time increases or decreases in the net position may serve as an indicator of whether the County's financial condition is improving or deteriorating. Other non-financial factors will also need to be considered, such as changes in the County's property tax base and the condition of the County's facilities.

The *statement of activities* (Exhibit 2) presents information using the accrual basis of accounting, and shows how the County's net position changed during the fiscal year. All of the current year's revenues and expenses are shown in this statement, regardless of when cash is received or paid. The Statement of Activities presents expenses before revenues to emphasize that the government's revenue is generated for the express purpose of providing services.

In the government-wide financial statements, the County's activities are divided into three categories:

Governmental activities: Most of the County's basic services are reported here, including general governmental; judicial administration; public safety; public works; health and welfare; education; parks, recreation and cultural; and community development. These activities are financed primarily by property taxes, other local taxes, and Federal and State grants.

Business-type activities: The County charges fees to users to cover all, or a significant portion, of the costs associated with the provision of certain services. These business-type activities of Fluvanna County are intended to be self-supporting and include the Fork Union Sanitary District, Sewer and the Zion Crossroads Water and Sewer System.

Component units: The County has two component units, the Fluvanna County Public Schools (School Board) and the Economic Development Authority of Fluvanna County, which are included in this annual financial report. Although legally separate, the discretely presented component units are important because the County is financially accountable for them. A primary government is accountable for an organization if the primary government is able to impose its will on the organization or the organization is capable of imposing specific financial burdens on the primary government. The County approves debt issuances to finance School Board assets and provides significant funding for its operation. Additional information on the component units can be found in Note 1 of the Notes to Financial Statements section of this report.

Fund Financial Statements

These statements focus on individual parts of the County's government, reporting the County's operations in more detail than the government-wide statements. Funds are used to ensure compliance with finance-related legal requirements and are to keep track of specific sources of revenue and expenses for particular purposes. The County has three kinds of funds:

Overview of the Financial Statements: (Continued)

Fund Financial Statements: (Continued)

Governmental funds – Most of the County's basic services are included in governmental funds, which focus on (1) the in flows and out flows of cash and other financial assets that can be readily converted to cash, and (2) the balances remaining at year-end that are available for spending. The governmental funds financial statements provide a detailed short-term view that helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance the County's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, additional information is provided with the fund financial statements to explain the relationship (or differences). The County has two major funds, the General Fund and the Capital Projects Fund. The General fund is the main operating account of the County and therefore, the largest of the governmental funds. The Capital Projects Fund is used to account for major capital projects, primarily construction related. It provides control over resources that have been segregated for specific capital projects. All other governmental funds, which include special revenue funds, are collectively referred to as non-major governmental funds.

The County adopts an annual appropriated budget for its Governmental funds. A budgetary comparison statement has been provided for the General Fund and Capital Projects Fund to demonstrate compliance with this budget.

Proprietary funds – The County maintains two types of Proprietary Funds: enterprise and internal service. Enterprise funds are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The County uses enterprise funds to account for its water and sewer programs. Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the water and sewer activities, which are considered to be major funds of the County. Internal service funds are an accounting device used to accumulate and allocate for the County's healthcare activities.

Fiduciary funds – The County is the trustee, or fiduciary, for the County's agency funds. It is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the County's fiduciary activities are reported in a separate statement of fiduciary net assets and a statement of changes in fiduciary net assets. The County excludes these activities from the County's government-wide financial statements because the County cannot use these assets to finance its operations. Agency funds are County custodial funds used to provide accountability of client monies for which the County is custodian.

<u>Notes to the financial statements</u> - The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information - In addition to the basic financial statement and accompanying notes, this report also presents certain *required supplementary information* for budgetary comparison schedules and presentation of combining financial statements for the discretely presented component unit School Board. The School Board does not issue separate financial statements.

Government-wide Overall Financial Analysis

Statement of Net Position

Table 1 summarizes the Statement of Net Position (Exhibit 1 in the Financial Section of the CAFR) for the primary government as of June 30, 2018 and 2017.

Table 1

County of Fluvanna, Virginia Summary of Net Position (\$ in millions)

	_	Primary Government										
	Governmental Activities				Busines: Activi		Total					
	_	2018	2017		2018	2017	2018	2017				
Current and other assets	\$	45.4	52.0	\$	9.2 \$	0.5 \$	54.6 \$	52.5				
Capital assets	_	103.8	107.0		5.4	4.8	109.2	111.8				
Total assets	\$	149.2 \$	159.0	\$	14.6 \$	5.3 \$	163.8 \$	164.3				
Total deferred outflows of resources	· <u>-</u>	14.3	15.5		- '-		14.3	15.5				
Long-term liablilities outstanding Other liabilities	\$	96.1 9.7	104.9 11.2	\$	9.1 \$ 0.6	1.0 \$ 0.2	105.2 \$ 10.3	105.9 11.4				
Total liabilities	\$_	105.8 \$	116.1	\$_	9.7 \$	1.2 \$	115.5 \$	117.3				
Total deferred inflows of resources		18.6	16.9		-	-	18.6	16.9				
Net position:												
Net investment in capital assets	\$	17.5	18.5	\$	3.7 \$	3.8 \$	21.2 \$	22.3				
Restricted		0.1	0.1		-	-	0.1	0.1				
Unrestricted	_	21.5	22.9		1.2	0.3	22.7	23.2				
Total net position	\$_	39.1 \$	41.5	\$	4.9 \$	4.1 \$	44.0 \$	45.6				

As noted earlier, net position over time may serve as a useful indicator of a County's financial position. The County's assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$44.0 million at the close of the most recent fiscal year. The County's overall net position decreased \$1.7 million from the prior year. The reasons for this overall increase are discussed in the following sections for governmental and business-type activities.

The County's investment in capital assets of \$21.2 million, or 48.2% of total net position, reflects its investment in capital assets (e.g., land, buildings, machinery, equipment, vehicles, and infrastructure) less any related debt used to acquire those assets that is still outstanding. The County uses these capital assets to provide services to citizens, like schools, libraries, law enforcement, fire and emergency medical services. Consequently, these assets are *not* available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities (i.e., the County's investment in capital assets is of a permanent nature, as assets acquired are generally not sold or otherwise disposed of during their useful life).

The remaining \$22.8 million balance of net position contains \$22.7 million unrestricted, which may be used to meet the County's ongoing obligations to citizens and creditors, and \$100,000 restricted, due to an assets liability.

Government-wide Overall Financial Analysis: (Continued)

Statement of Activities: (Continued)

The net position for governmental activities decreased \$1.7 million for the current fiscal year, for an ending balance of \$39.1 million. Generally, net asset changes are the result of the difference between revenues and expenses. Total expenses exceeded revenues by \$400,000 in the current fiscal year and transfers of \$1.3 million further reduced the net position. Revenues for fiscal year 2018 increased by \$3.0 million over the previous and the key revenue elements include:

- General property taxes are the largest source of County revenue, totaling \$35.1 million for fiscal year 2018, an increase of \$1.4 million, or 4.2%, in comparison to fiscal year 2017. The County increased the tax rate from \$0.907 to \$0.939 for calendar year 2018, which resulted in higher tax levies for the second half billing for fiscal year 2018. In addition, there was a higher than anticipated collection of current and delinquent real property and personal property taxes, as well as penalties and interest.
- Other general revenues increased \$800,000; \$500,000 for the general fund from mostly one-time sales of surplus and \$300,000 from capital project funds.
- Other local taxes increased \$200,000 from the local sales and use tax.
- Charges for services increased \$200,000 from the EMS cost recovery program.
- Operating grants and contributions increased \$400,000, while all other remaining revenues are unchanged.

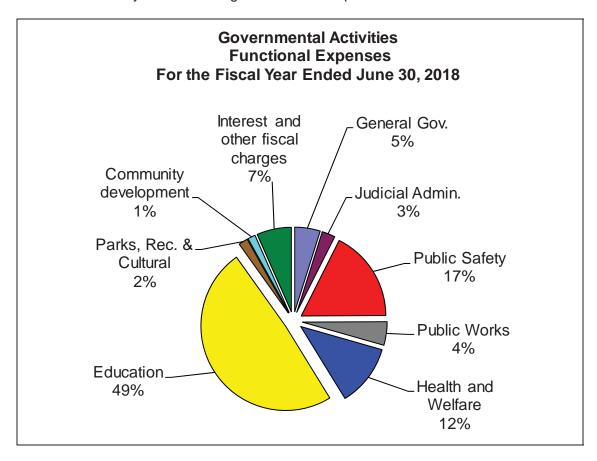

Government-wide Overall Financial Analysis: (Continued)

Statement of Activities: (Continued

For the fiscal year June 30, 2018, the expenses for governmental activities totaled \$51.4 million, an increase of \$5.4 million compared to the prior fiscal year. Key expense elements include:

- Public Safety increased \$1.1 million; \$200,000 for increased Correction and Detention costs, \$200,000 increase for the Sheriff from personnel costs, \$300,000 to support volunteer Fire and Rescue services, and the remaining \$400,000 increase from capital expenses.
- Public Works increased \$600,000 as a result of increased capital expenses from the energy performance contract, for replacing and enhancing energy-powered equipment countywide.
- Education increased \$4.0 million over the previous fiscal year, with a \$1.2 million increase in operational expenses and a \$2.8 million increase in capital expenses from the energy performance contract, for replacing and enhancing energy-powered equipment countywide.
- The remaining expenses for governmental activities reflect a \$300,000 net decrease.

The following graph illustrates the County's expenses for each functional area comprising its governmental activities. Education continues to be the County's largest program and highest priority, with Public Safety and Health and Welfare the County's next two largest functional expenses.

<u>Business-Type Activities</u> – For the County's business-type activities, the net position for the current fiscal year increased \$800,000 for an ending balance of \$4.9 million. The addition of the Zion Crossroads Water and Sewer enterprise fund is the reason for the change this fiscal year. Revenues increased \$100,000 and expenses increased \$400,000 from the previous fiscal year. A transfer from the General Fund of \$1.3 million resulted in the net position increasing.

Financial Analysis of the Governmental Funds

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources.

Governmental Funds

At June 30, 2018, the County's governmental funds reported combined ending fund balances of \$21.7 million (Exhibit 3), decreasing in comparison with the prior year by \$6.4 million. Of the \$21.7 million fiscal year 2018 fund balance, \$78,606 is nonspendable from a note receivable; \$631,597 is classified as restricted to indicate that it can only be spent for specific purposes as stipulated by external resource providers such as debt covenants; \$6.1 million is classified as committed to indicate that it has been set aside for specific purposes by the County's Board of Supervisors; \$369,449 is assigned to expenditures for capital outlays; and \$14.5 million is unassigned or available for any purpose, but maintained at targeted levels in accordance with sound financial management practices.

The General Fund is the main operating fund of the County. The fund balance of the General Fund decreased by \$1.9 million (Exhibit 4) at \$20.8 million during fiscal year 2018, of which \$6.1 million is committed and \$14.5 million is unassigned. The excess of revenues over expenditures was \$3.1 million, offset by \$5.0 million of interfund transfers for the Capital Improvements Fund, Zion Crossroads Water and Sewer Fund and the Sewer Fund. General Fund revenues exceeded budget by \$2.1 million; with \$1.0 million coming from higher than anticipated collection of current and delinquent general property taxes, \$512,317 from other local taxes and \$419,827 from one-time miscellaneous revenues, primarily for sale of surplus. General Fund expenditures came in below budget by \$1.6 million, with \$1.2 million in savings from Public Safety, Health & Welfare and Education. As a measure of the General Fund's liquidity, it may be useful to compare unassigned fund balance to total General Fund revenues. Unassigned fund balance represents 28.8% of General Fund revenues for fiscal year 2018. The Board of Supervisors uses a policy to maintain unassigned General Fund balance at a minimum of 12% of the total General Fund revenues and component unit – school board operating revenues, reduced by the General Fund contribution. The unassigned fund balance policy minimum for June 30, 2018 is \$8.7 million and the unassigned General Fund balance exceeds this policy by \$5.8 million or 8.1%.

The fund balance in the Capital Projects Fund decreased by \$4.4 million, to a balance of \$941,526 for fiscal year 2018. This decrease resulted from expended Qualified Energy Conservation Revenue Bond proceeds during 2018, issued for the combined County and School energy project.

Proprietary Funds

The County's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. Operations of the proprietary funds were included in the discussion of business-type activities.

General Fund Budgetary Highlights

General fund budget amendments resulted in a net decrease of \$700,000 between the original budget and the final budget. Significant changes included:

- \$1,595,735 decrease Debt Service
 - The Literary Loan fund redemption budgeted in the general fund was transferred to the capital project fund.
- \$342.094 increase Children's Services Act
 - Anticipating costs and services associated with the Children's Services Act can be difficult and can change dramatically depending upon the type of services required. In May of fiscal year 2018, encumbered services had reached the original fiscal year 2018 budget. The average funding match is 62% state and 38% local funding. The local funding for this budget amendment was to come from unassigned fund balance. At the end of the fiscal year, actuals came in \$185,432 under budget.

General Fund Budgetary Highlights: (Continued)

- \$83,033 increase Health Insurance
 - The County changed health insurance providers and the prior provider assessed the County with an Adverse Experience Adjustment for their pro rata share, as a result of the overall insurance pool having an operating loss.
- \$165,000 increase Contribution to Component Unit School Board
 - o This request was primarily for the replacement of laptops division wide.
- \$100,231 increase Public Safety
 - Various requests for the Sheriff's Office, E911 and Fire & Rescue

Capital Asset and Debt Administration

Capital assets

The County's investment in capital assets as of June 30, 2018 totals \$109.1 million, net of accumulated depreciation. This represents a decrease of \$2.8 million, or 2.5% below fiscal year 2017. Capital assets are illustrated in Table 3 below.

Table 3

Additional information on the County's capital assets can be found in Note 6 of this report.

Long-term debt

Table 4 illustrates the County's outstanding debt at June 30, 2018.

Table 4

(\$ in millions) Governmental **Business-type Totals at June 30** 2018 **Activities Activities** 2017 78.2 \$ 78.2 \$ General obligations bonds 83.5 Qualified energy conservation revenue bonds 7.4 7.4 7.7 State moral obligation bonds 2.5 2.5 2.8 Revenue bonds 8.7 8.7 1.1 Capital lease obligations 7.1 7.1 8.2 Total 95.2 8.7 103.9 103.3

<u>Capital Asset and Debt Administration: (Continued)</u>

The County has adopted two debt ratios as a management tool. The first ratio adopted limits the annual general governmental debt service to no more than 12% of total General Fund revenues. In fiscal year 2018, the County's debt service to revenue ratio was 17.5%, which increased 1.5% from the previous fiscal year. The second ratio is the net general obligation of debt to assessed value which should not exceed 3.5%. This ratio measures the relationship between County's tax-supported debts to the taxable value of property in the County. In fiscal year 2018, this ratio decreased 0.4%, to 2.8% (Table 10).

Additional information on the County's long-term obligations can be found in Note 7 of this report.

Economic Factors and Next Year's Budgets and Rates

Economic Factors

The annual local unemployment rate was 3.1% for calendar year 2017, which is a 0.2% improvement from 3.3% for calendar year 2016. The local unemployment rate compares favorably to the State's rate of 3.8% and national rate of 4.4% for calendar year 2017.

Fiscal Year 2019 Budget and Rates

For the fiscal year ending June 30, 2019, the adopted total budget is \$77.6 million, an increase of \$2.0 million from fiscal year 2018. This net increase over the previous fiscal year was primarily the result of the following:

- \$1.3 million increase for County operations
 - \$200,000 increase for General Government
 - \$300,000 increase for Public Works
 - o \$300,000 increase for Health & Welfare
 - \$500.000 increase for all others combined
- \$700,000 increase for Capital Projects
- \$1.3 million decrease for Debt Service
- \$900,000 increase for Education
- \$400,000 increase for Enterprise Funds

For calendar year 2018, the real estate tax rate increased from \$0.907 to \$0.939 per \$100 of assessed value.

Key factors that are expected to impact future budgets include:

- Continued gradual recovery of assessed property values
- Options for new revenue sources and enhancing existing sources
- State mandates on localities
- Economic Development opportunities for Zions Crossroads and the County as a whole
- Maintenance, repair and replacement of County government and school buildings
- Increases for Public Safety services, personnel, vehicles and equipment

Requests for Information

This financial report is designed to provide a general overview of the County of Fluvanna, Virginia's finances for all those with an interest in the County's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Director of Finance, 132 Main Street, Fluvanna, Virginia 22963.

Reconciliation of Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities - Governmental Funds
For the Year Ended June 30, 2018

			Primary Government Governmental Funds
Amounts reported for governmental activities in the Statement of Activities are different because:			
Net change in fund balances - total governmental funds		\$	(6,349,992)
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which the capital outlays exceeded depreciation in the current period. The following details support this adjustment. Capital outlay		5,753,193	
Depreciation expense	Ψ	(4,220,651)	1,532,542
The net effect of various miscellaneous transactions involving capital assets (i.e. sales, trade-ins, and donations) is to decrease net position			(30,723)
Transfer of joint tenancy assets from Primary Government to the Component Unit			(4,750,996)
Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds. Details of this item consist of the change in unavailable taxes. Unearned revenue - property taxes (Increase) decrease in deferred inflows related to the measurement of the net OPEB liability (Increase) decrease in deferred inflows related to the measurement of the net pension liability	\$	311,953 (139,182) (638,932)	(466,161)
The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. A summary of items supporting this adjustment is as follows: Principal retired on school general obligation bonds Principal retired on public facility note Principal retired on qualified energy conservation revenue bonds Principal retired on capital lease obligations Principal retired on state literary fund loans Landfill postclosure costs		3,710,736 355,000 236,000 1,096,159 1,549,256 27,703	6,974,854
Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore are not reported as expenditures in governmental funds. The following is a summary of items supporting this adjustment: Change in compensated absences Change in net OPEB asset Deferred amount on refunding Amortization of bond discount Amortization of bond premium Change in net pension liability Change in net GLI OPEB liability Change in net HIC OPEB liability Change in deferred outflows related to pensions Change in deferred outflows related to OPEB Change in accrued interest payable		(64,795) 92,317 (764,973) (31,697) 677,558 1,705,934 68,000 6,857 (495,868) 44,444 204,944	1,442,721

Notes to Financial Statements At June 30, 2018

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The County of Fluvanna, Virginia is governed by an elected five member Board of Supervisors. The Board of Supervisors is responsible for appointing the County Administrator. The County provides a full range of services for its citizens. These services include sheriff and volunteer fire protection, recreational activities, cultural events, education, and social services.

The financial statements of the County of Fluvanna, Virginia have been prepared in conformity with the specifications promulgated by the Auditor of Public Accounts (APA) of the Commonwealth of Virginia, and the accounting principles generally accepted in the United States as specified by the Governmental Accounting Standards Board. The more significant of the government's accounting policies are described below.

Government-wide and Fund Financial Statements

Government-wide Financial Statements

The reporting model includes financial statements prepared using full accrual accounting for all of the government's activities. This approach includes not just current assets and liabilities but also capital assets and long-term liabilities (such as buildings and general obligation debt).

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the nonfiduciary activities of the primary government and its components unit. For the most part, the effect of interfund activity has been removed from these statements. However, interfund services provided and used are not eliminated in the process of consolidation. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

Statement of Net Position

The Statement of Net Position is designed to display financial position of the primary government (governmental and business-type activities) and its discretely presented component units. Governments report all capital assets in the government-wide Statement of Net Position and report depreciation expense - the cost of "using up" capital assets - in the Statement of Activities. The net position of a government is broken down into three categories: 1) net investment in capital assets; 2) restricted; and 3) unrestricted.

Statement of Activities

The government-wide Statement of Activities reports expenses and revenues in a format that focuses on the cost of each of the government's functions. The expense of individual functions is compared to the revenues generated directly by the function (for instance, through user charges or intergovernmental grants).

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segments are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

Fund Financial Statements

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

Budgetary Comparison Schedules

Demonstrating compliance with the adopted budget is an important component of a government's accountability to the public. Many citizens participate in one way or another in the process of establishing the annual operating budgets of state and local governments, and have a keen interest in following the actual financial progress of their governments over the course of the year. Many governments revise their original budgets over the course of the year for a variety of reasons. Under the GASB 34 reporting model, governments provide budgetary comparison information in their annual reports, including the requirement to report the government's original budget in addition to the comparison of final budget and actual results.

A. Financial Reporting Entity

The basic criterion for determining whether a governmental department, agency, institution, commission, public authority, or other governmental organization should be included in a primary governmental unit's reporting entity for basic financial statements is financial accountability. Financial accountability includes the appointment of a voting majority of the organization's governing body and the ability of the primary government to impose its will on the organization or if there is a financial benefit/burden relationship. In addition, an organization which is fiscally dependent on the primary government should be included in its reporting entity. These financial statements present the County of Fluvanna, Virginia (the primary government) and its component units. Blended component units, although legally separate entities, are, in substance, part of the government's operations and so data from these units are combined with data of the primary government. Each discretely presented component unit, on the other hand, is reported in a separate column in the combined financial statements to emphasize it is legally separate from the government.

B. Individual Component Unit Disclosures

Blended component Units:

The County has no blended component units.

Discretely Presented Component Units:

<u>School Board:</u> The School Board operates the County Public School System. Members are currently elected by popular vote. The School Board adopts an annual budget for the schools. The School Board submits an appropriation request to the Board of Supervisors. The Board of Supervisors can decline to fund the entire appropriation which they adopt (as modified) in the annual County Budget. A separate financial report for the School Board is not prepared.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

B. Individual Component Unit Disclosures: (Continued)

Discretely Presented Component Units: (Continued)

Economic Development Authority: The Economic Development Authority of Fluvanna County, Virginia (the EDA) was established by the Fluvanna County Board of Supervisors pursuant to the Industrial Development and Revenue Bond Act (Chapter 33, Title 15.1, Code of Virginia of 1950, as amended) so that such authorities may be able to promote industry and develop trade in the Commonwealth. The County appoints the board members of the EDA. The County may significantly influence the fiscal affairs of the Authority. The EDA does not issue separate financial statements.

Other Related Organizations included in the County's CAFR: None

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The accompanying financial statements are prepared in accordance with pronouncements issued by the Governmental Accounting Standards Board. The principles prescribed by GASB represent generally accepted accounting principles applicable to governmental units.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Agency funds have no measurement focus. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The government-wide Statement of Activities reflects both the gross and net cost per functional category (public safety, public works, health and welfare, etc.) which are otherwise being supported by general government revenues (property, sales and use taxes, certain intergovernmental revenues, fines, permits and charges, etc.) The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants, and contributions. The program revenues must be directly associated with the function (public safety, public works, health and welfare, etc.) or a business-type activity.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. This is the manner in which these funds are normally budgeted. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

C. <u>Measurement Focus</u>, <u>Basis of Accounting and Financial Statement Presentation: (Continued)</u>

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Accordingly, real and personal property taxes are recorded as revenues and receivables when billed, net of allowances for uncollectible amounts. Property taxes not collected within 60 days after year-end are reflected as unavailable revenues. Sales and utility taxes, which are collected by the state or utilities and subsequently remitted to the County, are recognized as revenues and receivables upon collection by the state or utility, which is generally in the month preceding receipt by the County.

Licenses, permits, fines and rents are recorded as revenues when received. Intergovernmental revenues, consisting primarily of federal, state and other grants for the purpose of funding specific expenditures, are recognized when earned or at the time of the specific expenditure. Revenues from general purpose grants are recognized in the period to which the grant applies. All other revenue items are considered to be measurable and available only when cash is received by the government.

The County's fiduciary funds are presented in the fund financial statements by type. Since by definition these assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide statements.

In the fund financial statements, financial transactions and accounts of the County are organized on the basis of funds. The operation of each fund is considered to be an independent fiscal and separate accounting entity, with a self-balancing set of accounts recording cash and/or other financial resources together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

1. Governmental Funds

Governmental Funds are those through which most governmental functions typically are financed. The government reports the following major governmental funds:

a. General Fund

The General Fund is the primary operating fund of the County. This fund is used to account for and report all financial transactions and resources except those required to be accounted for in another fund. Revenues are derived primarily from property and other local taxes, state and federal distributions, licenses, permits, charges for service, and interest income. A significant part of the General Fund's revenues is used principally to finance the operations of the Component Unit School Board.

b. Capital Projects Fund

The Capital Projects Fund (Capital Improvements) accounts for and reports financial resources that are restricted, committed, or assigned to expenditure for capital outlays, except for those financed by proprietary funds or for assets held in trust for individuals, private organizations, or other governments.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

C. <u>Measurement Focus</u>, <u>Basis of Accounting and Financial Statement Presentation: (Continued)</u>

2. Proprietary Funds

Proprietary Funds account for operations that are financed in a manner similar to private business enterprises. The Proprietary Fund measurement focus is based upon determination of net income, financial position, and changes in financial position. Proprietary Funds consist of Enterprise Funds and Internal Service Funds.

Enterprise Funds

Enterprise Funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County's enterprise funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Enterprise funds consist of Fork Union Sanitary District (F.U.S.D.), Sewer, Zion Crossroads Water and Sewer.

3. Fiduciary Funds (Trust and Agency Funds)

Fiduciary Funds (Trust and Agency Funds) account for assets held by the County unit in a trustee capacity or as an agent or custodian for individuals, private organizations, other governmental units, or other funds. These funds include Agency Funds. These funds utilize the accrual basis of accounting. Fiduciary funds are not included in the government-wide financial statements. The County's only Agency Fund is the Special Welfare Fund. The County's only Trust Fund is the Other Post Employment Benefits Fund.

D. Budgets and Budgetary Accounting

The following procedures are used by the County in establishing the budgetary data reflected in the financial statements:

- 1. Prior to March 30, the County Administrator submits to the Board of Supervisors a proposed operating and capital budget for the fiscal year commencing the following July 1. The operating and capital budget includes proposed expenditures and the means of financing them.
- 2. Public hearings are conducted to obtain citizen comments.
- 3. Prior to June 30, the budget is legally enacted through passage of an Appropriations Resolution.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

D. Budgets and Budgetary Accounting: (Continued)

- 4. The Appropriations Resolution places legal restrictions on expenditures at the function level. The appropriation for each department or category can be revised only by the Board of Supervisors. The County Administrator is authorized to transfer budgeted amounts within general government departments; and the School Board is authorized to transfer budgeted amounts within the school system's categories.
- 5. Formal budgetary integration is employed as a management control device during the year for the General Fund and the Capital Project Fund. The School Fund is integrated only at the level of legal adoption.
- 6. All budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP).
- 7. Appropriations lapse on June 30, for all County units.
- 8. All budgetary data presented in the accompanying financial statements is the original to the current comparison of the final budget and actual results.

E. Cash and Cash Equivalents

The government's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

F. Investments

Money market investments, participating interest-earning investment contracts (repurchase agreements) that have a remaining maturity at time of purchase of one year or less, nonparticipating interest-earning investment contracts (nonnegotiable certificates of deposit (CDs)) and external investment pools are measured at amortized cost. All other investments are stated at fair value which approximates market; no investments are valued at cost. Certificates of deposit and short-term repurchase agreements are reported in the accompanying financial statements as cash and cash equivalents. Investments consist of assets held by a trustee. Bond proceeds are maintained to comply with the provisions of the Internal Revenue Tax Code and various bond indentures. Bond proceeds are deposited in the State Non-Arbitrage Program (SNAP). Values of shares in the SNAP reflect fair value. Capital lease proceeds are held in escrow and deposited in money market funds.

State statutes authorize the County government and the School Board to invest in obligations of the U.S. Treasury, commercial paper, corporate bonds, repurchase agreements, and the Local Government Investment Pool.

G. Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) All other outstanding balances between funds are reported as "advances to/from other funds." (i.e. the noncurrent portion of interfund loans).

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

G. Receivables and Payables: (Continued)

All trade and property tax receivables are shown net of an allowance for uncollectibles. The County calculates its allowance for uncollectible accounts using historical collection data and, in certain cases, specific account analysis. The allowance amounted to approximately \$271,869 at June 30, 2018 and is comprised of the following:

Fork Union Sanitary District	\$	21,458
Sewer		8,839
Property Taxes	_	241,572
Total	\$	271,869

Property Tax Calendar

The County collects real and personal property taxes semiannually. Real and personal property taxes are levied as of January 1 for a calendar year and are due on June 5 and December 5; penalties and interest accrue on all unpaid balances as of these dates. Unpaid real and personal property taxes constitute a lien against the property as of the due date of the tax. The County bills and collects its own property taxes.

H. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

I. Capital Assets

Capital assets, which include property, plant and equipment, and infrastructure are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the County as land, buildings, road registered vehicles, and equipment with an initial individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of five years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

I. Capital Assets: (Continued)

Property, plant and equipment and infrastructure of the primary government, as well as the component unit, are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Buildings	40 to 50
Building improvements	30 to 40
Vehicles and equipment	5 to 10
Water and sewer system	20 to 50
Buses	12

J. Compensated Absences

Vested or accumulated vacation leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it. Amounts of vested or accumulated vacation leave that are not expected to be liquidated with expendable available financial resources are reported as an expense in the Statement of Activities and a long-term obligation in the Statement of Net Position. In accordance with the provisions of Government Accounting Standards No. 16, Accounting for Compensated Absences, no liability is recorded for nonvesting accumulating rights to receive sick pay benefits. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

K. Long-term Obligations

In the government-wide financial statements, long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, during the current period. The face amount of debt issued and premiums are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

L. Fund Balances

Financial Policies

The Board of Supervisors meets on a monthly basis to manage and review cash financial activities and to ensure compliance with established policies. It is the County's policy to fund current expenditures with current revenues and the County's mission is to strive to maintain a diversified and stable revenue stream to protect the government from problematic fluctuations in any single revenue source and provide stability to ongoing services. The County's unassigned General Fund balance will be maintained to provide the County with sufficient working capital and a margin of safety to address local and regional emergencies without borrowing.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

L. Fund Balances: (Continued)

Financial Policies: (Continued)

Under GASB 54, fund balances are required to be reported according to the following classifications:

Nonspendable fund balance – Includes amounts that cannot be spent because they are either not in spendable form, or, for legal or contractual reasons, must be kept intact. This classification includes inventories, prepaid amounts, assets held for sale, long-term receivables and corpus of a permanent fund.

<u>Restricted fund balance</u> – Constraints placed on the use of these resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors or other governments; or are imposed by law (through constitutional provisions or enabling legislation).

<u>Committed fund balance</u> – Amounts that can only be used for specific purposes because of a formal action (resolution) by the government's highest level of decision-making authority.

<u>Assigned fund balance</u> – Amounts that are constrained by the County's intent to be used for specific purposes, but that do not meet the criteria to be classified as restricted or committed. Intent can be stipulated by the governing body, another body (such as a Finance Committee), or by an official to whom that authority has been given. With the exception of the General Fund, this is the residual fund balance classification for all governmental funds with positive balances.

<u>Unassigned fund balance</u> – This is the residual classification of the General Fund. Only the General Fund reports a positive unassigned fund balance. Other governmental funds might report a negative balance in this classification, as the result of overspending for specific purposes for which amounts had been restricted, committed or assigned.

When fund balance resources are available for a specific purpose in more than one classification, it is the County's policy to use the most restrictive funds first in the following order: restricted, committed, assigned, and unassigned as they are needed.

The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the County's highest level of decision-making authority. The Board of Supervisors is the highest level of decision-making authority for the County that can, by adoption of a resolution prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken (the adoption of another resolution) to remove or revise the limitation.

Amounts in the assigned fund balance classification are intended to be used by the County for specific purposes but do not meet the criteria to be classified as committed. The Board of Supervisors may also assign fund balance as it does through the adoption or amendment of the budget as intended for specific purpose. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment. Please see detail of County's Fund Balances on the following page.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

M. Net Position

Net position is the difference between (a) assets and deferred outflows of resources and (b) liabilities and deferred inflows of resources. Net investment in capital assets represents capital assets, less accumulated depreciation, less any outstanding debt related to the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are also included in this component of net position.

N. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

O. Component Unit - School Board Capital Asset and Debt Presentation

By law, the School Board does not have taxing authority and, therefore, it cannot incur debt through general obligation bonds to fund the acquisition, construction or improvement of its capital assets. That responsibility lies with the County who issues the debt on behalf of the School Board. However, the <u>Code of Virginia</u> requires the School Board to hold title to the capital assets (buildings and equipment) due to their responsibility for maintaining the asset.

In the Statement of Net Position, this scenario presents a dilemma for the County. Debt issued on behalf of the School Board is reported as a liability of the primary government, thereby reducing the net position of the County. The corresponding capital assets are reported as assets of the Component Unit-School Board (title holder), thereby increasing its net position.

The Virginia General Assembly amended the <u>Code of Virginia</u> to allow a tenancy in common with the School Board whenever the locality incurs a financial obligation which is payable over more than one fiscal year for any school property. The tenancy in common terminates when the associated debt has been paid in full. For financial reporting purposes, the legislation permits the locality to report the portion of the school property related to any outstanding financial obligation, thus eliminating a potential deficit from financing capital assets with debt.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

P. Net Position Flow Assumption

Sometimes the County will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the County's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

Q. <u>Deferred Outflows/Inflows of Resources</u>

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The County has multiple items that qualify for reporting in this category. One item is the deferred charge on refunding reported in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The other item is comprised of certain items related to the measurement of the net pension asset/liability and net OPEB asset/liability(ies) and/or contributions to the pension and OPEB plan(s) made during the current year and subsequent to the net pension asset/liability and net OPEB asset/liability measurement date. For more detailed information on these items, reference the related notes.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The County has multiple items that qualify for reporting in this category. Under a modified accrual basis of accounting, unavailable revenue representing property taxes receivable is reported in the governmental funds balance sheet. This amount is comprised of uncollected property taxes due prior to June 30, 2nd half installments levied during the fiscal year but due after June 30th, and amounts prepaid on the 2nd half installments and is deferred and recognized as an inflow of resources in the period that the amount becomes available. Under the accrual basis, 2nd half installments levied during the fiscal year but due after June 30th and amounts prepaid on the 2nd half installments are reported as deferred inflows of resources. In addition, certain items related to the measurement of the net pension asset/liability and net OPEB asset/liability(ies) are reported as deferred inflows of resources. For more detailed information on these items, reference the related notes.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

R. Pensions

For purposes of measuring the net pension asset or liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the County's Retirement Plan and the additions to/deductions from the County's Retirement Plan's net fiduciary position have been determined on the same basis as they were reported by the Virginia Retirement System (VRS). For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

S. Other Postemployment Benefits (OPEB)

Group Life Insurance

The Virginia Retirement System (VRS) Group Life Insurance (GLI) Program provides coverage to state employees, teachers, and employees of participating political subdivisions. The GLI Program was established pursuant to §51.1-500 et seq. of the <u>Code of Virginia</u>, as amended, and which provides the authority under which benefit terms are established or may be amended. The GLI Program is a defined benefit plan that provides a basic group life insurance benefit for employees of participating employers. For purposes of measuring the net GLI Program OPEB liability, deferred outflows of resources and deferred inflows of resources related to the GLI OPEB, and GLI OPEB expense, information about the fiduciary net position of the VRS GLI Program OPEB and the additions to/deductions from the VRS GLI OPEB's net fiduciary position have been determined on the same basis as they were reported by VRS. In addition, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Political Subdivision and Teacher Employee Health Insurance Credit Program

The County and Virginia Retirement System (VRS) Teacher Employee Health Insurance Credit (HIC) Programs were established pursuant to §51.1-1400 et seq. of the Code of Virginia, as amended, and which provides the authority under which benefit terms are established or may be amended. The Teacher Employee HIC Program is a defined benefit plan that provides a credit toward the cost of health insurance coverage for retired teachers. For purposes of measuring the net OPEB liabilities, deferred outflows of resources and deferred inflows of resources related to the Programs' OPEB, and the related OPEB expenses, information about the fiduciary net position of the County and VRS Teacher Employee HIC Programs; and the additions to/deductions from the County and VRS Teacher Employee HIC Programs' net fiduciary position have been determined on the same basis as they were reported by VRS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

NOTE 2 - DEPOSITS AND INVESTMENTS:

Deposits

Deposits with banks are covered by the Federal Deposit Insurance Corporation (FDIC) and collateralized in accordance with the Virginia Security for Public Deposits Act (the "Act"), Section 2.2-4400 et. seq. of the Code of Virginia. Under the Act, banks and savings institutions holding public deposits in excess of the amount insured by the FDIC must pledge collateral to the Commonwealth of Virginia Treasury Board. Financial Institutions may choose between two collateralization methodologies and depending upon that choice, will pledge collateral that ranges in the amounts from 50% to 130% of excess deposits. Accordingly, all deposits are considered fully collateralized.

Investments

Statutes authorize the County and School Board Component Unit to invest in obligations of the United States or agencies thereof, obligations of the Commonwealth of Virginia or political subdivisions thereof, obligations of the International Bank for Reconstruction and Development (World Bank), the Asian Development Bank, the African Development Bank, "prime quality" commercial paper and certain corporate notes, banker's acceptances, repurchase agreements and the State Treasurer's Local Government Investment Pool (LGIP). Bond proceeds subject to arbitrage rebate are invested in the State Non-Arbitrage Program (See Note 1). Capital lease proceeds are held in escrow and invested in money market funds.

Credit Risk of Debt Securities

The County limits the investment of funds in Debt Securities to those with credit ratings of at least Aa3/AA-.

The County's rated debt investments as of June 30, 2018 were rated by <u>Standard & Poor's</u> and the ratings are presented below using <u>Standard & Poor's</u> rating scale.

Rated Debt Investments' Values

Rated Debt Investments	Fair Value	AAAm	AA+f
Virginia Investment Pool Money Market Mutual Funds (SNAP)	\$ 13,597,534 9,162,601	\$ 9,435,967 9,162,601	\$ 4,161,567 -
Total	\$ 22,760,135	\$ 18,598,568	\$ 4,161,567

NOTE 2 - DEPOSITS AND INVESTMENTS: (CONTINUED)

Interest Rate Risk

The County Investment Policy requires that investment cash flows be optimized to match expected cash flow needs and are limited to investments with an average life of 5 years or less.

Investment Maturities (in years)												
Investment Type		Fair Value		Less Than 1 Year								
Virginia Investment Pool Money Market Mutual Funds (SNAP)	\$	13,597,534 9,162,601	\$	13,597,534 9,162,601								
Total	\$	22,760,135	\$	22,760,135								

Custodial Credit Risk

The County's investments are all insured, registered in the County's name and held in an account in the County's name, or invested in an external investment pool.

Fair Value Measurements:

Fair value of the Virginia Investment Pool is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The County has measured fair value of the above investments at the net asset value (NAV). There are no withdrawal limitations or restrictions imposed on participants.

External Investment Pool:

The fair values of the positions in the SNAP is the same as the value of the pool shares. As these pools are not SEC registered, regulatory oversight of the pool rests with the Virginia State Treasury. SNAP is amortized cost basis portfolios under the provisions of GASB 79. There are no withdrawal limitations or restrictions imposed on participants.

NOTE 3 - DUE FROM OTHER GOVERNMENTAL UNITS:

Receivables due from other governmental units consist of the following at June 30, 2018:

		Primary Government		Component Unit School Board
Commonwealth of Virginia:	_		•	
Local sales tax	\$	332,843	\$	-
Communication tax		123,020		-
Public assistance and welfare administration		74,337		-
State sales tax		-		517,466
PPTRA		1,438,261		-
Shared expenses		156,112		-
Children's services		756,460		-
Other		26,609		44,000
Federal Government:				
School grants		-		111,151
Public assistance and welfare administration		152,781		-
Other	_	8,520		
Totals	\$_	3,068,943	\$	672,617

NOTE 4 - INTERFUND OBLIGATIONS/TRANSFERS:

There were no Interfund obligations at June 30, 2018.

Interfund transfers for the year ended June 30, 2018, consisted of the following:

Fund		Transfers In	Transfers Out				
Primary Government							
General Fund	\$	-	\$	4,988,835			
Sewer		324,498		-			
Zion Crossroads Water & Sewer		403,585					
Capital Projects Fund		4,260,752		-			
Total	\$_	4,988,835	\$	4,988,835			

Transfers are used to (1) move revenue from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and (2) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgeting authorization.

NOTE 5 - DUE TO/FROM PRIMARY GOVERNMENT/COMPONENT UNIT:

There were no interfund obligations between the primary government and its component unit.

NOTE 6 - CAPITAL ASSETS:

The following is a summary of changes in capital assets for the fiscal year ended June 30, 2018:

		Beginning Balance July 1, 2017		Additions		Deletions		Ending Balance June 30, 2018
Governmental Activities:	_							
Capital assets, not being depreciated: Land	\$	1,908,616	\$	69,614	\$	10,000	\$	1,968,230
Construction in progress-jointly owned assets	Ψ	7,775,923	Ψ	3,642,650	Ψ	11,418,573	Ψ	-
Construction in progress		9,351,221		2,069,843		11,162,255		258,809
Total capital assets not being depreciated	\$_	19,035,760	\$_	5,782,107	\$	22,590,828	\$	2,227,039
Capital assets being depreciated:

<u>Tenancy in Common</u> – State legislation enacted in 2002, Section 15.2-1800.1 of the <u>Code of Virginia</u>, (1950), as amended, granted the County a tenancy in common with the School Board when the County incurs a financial obligation for school property which is payable over more than one fiscal year. For financial reporting purposes, the net book value of School capital assets financed by the County guaranteed debt is shown under the County up to the amount of outstanding debt. At June 30, 2018, the School component unit capital assets financed by the outstanding County guaranteed debt with a book value of \$74,139,254 were reported in the Primary Government as tenant in common with the School Board.

\$1,000,000, Series 1998-A, authorized June 25, 1998, due in monthly installments of \$4,960, including principal and interest. The interest rate is 4.5% and final payment is due December 31, 2030.	\$ 415,626	\$ 41,670
Sewer System Revenue Bond: \$1,200,000, Series 2006, authorized August 1, 2006, due in semi-annual installments of \$30,000, principal only. The interest rate is 0.0% and final payment is due March 1, 2027.	540,000	60,000
Water and Sewer System Revenue Bond: \$7,715,000, Series 2017B, authorized August 16, 2017, due in annual installments ranging from \$250,000 to \$550,000 through October 1, 2037, interest payable semiannually at ranging from 2.825% to 5.125%	7,715,000	250,000
Premium on revenue bonds	843,468	75,542
Compensated absences	32,500	3,250
Total Business-type Activities Obligations		\$ 430,462
Total Primary Government	\$ 112,195,999	\$ 6,980,635

NOTE 7 - LONG-TERM OBLIGATIONS: (CONTINUED)

USDA Revenue Bond

Under the terms of the USDA Revenue Bonds, the County is required to establish a reserve equal to 10% of the monthly installments of principal and interest until an amount equal to twelve monthly installments has been established. The funds are not required to be held in a separate bank account. The County has established this reserve and has a balance of \$59,520. The reserve had been reflected as restricted fund balance in the General Fund in the accompanying financial statements.

Component Unit School Board

The following is a summary of long-term obligations for the fiscal year ended June 30, 2018:

	Balance July 1, 2017 as restated	Increases	Decreases	Balance June 30, 2018	[Amounts Due Within One Year
Compensated absences Net OPEB liability:	\$ 1,526,662 \$	436,776 \$	152,666 \$	1,810,772	\$	181,077
Net Group Life Insurance OPEB liability	\$ 2,115,080 \$	15,110 \$	339,290 \$	1,790,900	\$	-
Net Health Insurance Credit OPEB liability	3,226,210	246,510	324,530	3,148,190		_
Total net OPEB liability	\$ 5,341,290 \$	261,620 \$	663,820 \$	4,939,090	\$	-
Net pension liability	36,035,133	5,265,624	10,585,704	30,715,053		
Total	\$ 42,903,085 \$	5,964,020 \$	11,402,190 \$	37,464,915	\$_	181,077

The School Operating and School Cafeteria Funds are used to liquidate the School Board's compensated absences liability.

NOTE 8 - PENSION PLAN:

Plan Description

All full-time, salaried permanent employees of the County and (nonprofessional) employees of public school divisions are automatically covered by a VRS Retirement Plan upon employment. This is an agent multiple-employer plan administered by the Virginia Retirement System (the System) along with plans for other employer groups in the Commonwealth of Virginia. Members earn one month of service credit for each month they are employed and for which they and their employer pay contributions to VRS. Members are eligible to purchase prior service, based on specific criteria as defined in the <u>Code of Virginia</u>, as amended. Eligible prior service that may be purchased includes prior public service, active military service, certain periods of leave, and previously refunded service.

NOTE 8 - PENSION PLAN: (CONTINUED)

Plan Description: (Continued)

The System administers three different benefit structures for covered employees – Plan 1, Plan 2, and, Hybrid. Each of these benefit structures has a different eligibility criteria. The specific information for each plan and the eligibility for covered groups within each plan are set out in the following table:

RETIREMENT PLAN PROVISIONS							
PLAN 1	PLAN 2	HYBRID RETIREMENT PLAN					
About Plan 1 Plan 1 is a defined benefit plan. The retirement benefit is based on a member's age, creditable service and average final compensation at retirement using a formula.	About Plan 2 Plan 2 is a defined benefit plan. The retirement benefit is based on a member's age, creditable service and average final compensation at retirement using a formula.	About the Hybrid Retirement Plan The Hybrid Retirement Plan combines the features of a defined benefit plan and a defined contribution plan. • The defined benefit is based on a member's age, creditable service and average final compensation at retirement using a formula. • The benefit from the defined contribution component of the plan depends on the member and employer contributions made to the plan and the investment performance of those contributions. • In addition to the monthly benefit payment payable from the defined benefit plan at retirement, a member may start receiving distributions from the balance in the defined contribution account, reflecting the contributions, investment gains or losses, and any required fees.					

NOTE 8 - PENSION PLAN: (CONTINUED)

RETIREMENT PLAN PROVISIONS (CONTINUED)						
PLAN 1	PLAN 2	HYBRID RETIREMENT PLAN				
Eligible Members Employees are in Plan 1 if their membership date is before July 1, 2010, and they were vested as of January 1, 2013, and they have not taken a refund. Hybrid Opt-In Election VRS non-hazardous duty covered Plan 1 members were allowed to make an irrevocable decision to opt into the Hybrid Retirement Plan during a special election window held January 1 through April 30, 2014. The Hybrid Retirement Plan's effective date for eligible Plan 1 members who opted in was July 1, 2014. If eligible deferred members returned to work during the election window, they were also eligible to opt into the Hybrid Retirement Plan. Members who were eligible for an optional retirement plan (ORP) and had prior service under Plan 1 were not eligible to elect the Hybrid Retirement Plan and	Eligible Members Employees are in Plan 2 if their membership date is on or after July 1, 2010, or their membership date is before July 1, 2010, and they were not vested as of January 1, 2013. Hybrid Opt-In Election Eligible Plan 2 members were allowed to make an irrevocable decision to opt into the Hybrid Retirement Plan during a special election window held January 1 through April 30, 2014. The Hybrid Retirement Plan's effective date for eligible Plan 2 members who opted in was July 1, 2014. If eligible deferred members returned to work during the election window, they were also eligible to opt into the Hybrid Retirement Plan. Members who were eligible for an optional retirement plan (ORP) and have prior service under Plan 2 were not eligible to elect the Hybrid Retirement Plan and	Eligible Members Employees are in the Hybrid Retirement Plan if their membership date is on or after January 1, 2014. This includes: • Political subdivision employees* • School division employees • Members in Plan 1 or Plan 2 who elected to opt into the plan during the election window held January 1-April 30, 2014; the plan's effective date for opt-in members was July 1, 2014. *Non-Eligible Members Some employees are not eligible to participate in the Hybrid Retirement Plan. They include: • Political subdivision employees who are covered by enhanced benefits for hazardous duty employees. Those employees eligible for an optional retirement plan (ORP) must elect the ORP plan or the Hybrid Retirement Plan. If these members have prior service under Plan 1 or Plan 2, they are not eligible to elect the Hybrid Retirement Plan and must select Plan 1 or Plan 2 (as applicable) or				
Retirement Contributions Employees contribute 5% of their compensation each month to their member contribution account through a pre-tax salary reduction. Member contributions are tax-deferred until they are withdrawn as part of a retirement benefit or	Retirement Contributions Employees contribute 5% of their compensation each month to their member contribution account through a pre-tax salary reduction	Retirement Contributions A member's retirement benefit is funded through mandatory and voluntary contributions made by the member and the employer to both the defined benefit and the defined contribution components of the plan. Mandatory				

NOTE 8 - PENSION PLAN: (CONTINUED)

	EMENT PLAN PROVISIONS (CC	
PLAN 1	PLAN 2	HYBRID RETIREMENT PLAN
Retirement Contributions as a refund. The employer makes a separate actuarially determined contribution to VRS for all covered employees. VRS invests both member and employer contributions to provide funding for the future benefit payment.	Retirement Contributions	Retirement Contributions contributions are based on a percentage of the employee's creditable compensation and are required from both the member and the employer. Additionally, members may choose to make voluntary contributions to the defined contribution component of the plan, and the employer is required to match those voluntary contributions according to specified percentages.
Creditable Service Creditable service includes active service. Members earn creditable service for each month they are employed in a covered position. It also may include credit for prior service the member has purchased or additional creditable service the member was granted. A member's total creditable service is one of the factors used to determine their eligibility for retirement and to calculate their retirement benefit. It also may count toward eligibility for the health insurance credit in retirement, if the employer offers the health insurance credit.	Creditable Service Same as Plan 1.	Creditable Service Defined Benefit Component: Under the defined benefit component of the plan, creditable service includes active service. Members earn creditable service for each month they are employed in a covered position. It also may include credit for prior service the member has purchased or additional creditable service the member was granted. A member's total creditable service is one of the factors used to determine their eligibility for retirement and to calculate their retirement benefit. It also may count toward eligibility for the health insurance credit in retirement, if the employer offers the health insurance credit.
		Defined Contributions Component: Under the defined contribution component, creditable service is used to determine vesting for the employer contribution portion of the plan.

NOTE 8 - PENSION PLAN: (CONTINUED)

RETIREMENT PLAN PROVISIONS (CONTINUED)					
PLAN 1	PLAN 2	HYBRID RETIREMENT PLAN			
Vesting Vesting is the minimum length of service a member needs to qualify for a future retirement benefit. Members become vested when they have at least five years (60 months) of creditable service. Vesting means members are eligible to qualify for retirement if they meet the age and service requirements for their plan. Members also must be vested to receive a full refund of their member contribution account balance if they leave employment and request a refund. Members are always 100% vested in the contributions that they make.	Vesting Same as Plan 1.	Vesting Defined Benefit Component: Defined benefit vesting is the minimum length of service a member needs to qualify for a future retirement benefit. Members are vested under the defined benefit component of the Hybrid Retirement Plan when they reach five years (60 months) of creditable service. Plan 1 or Plan 2 members with at least five years (60 months) of creditable service who opted into the Hybrid Retirement Plan remain vested in the defined benefit component. Defined Contributions Component: Defined contribution vesting refers to the minimum length of service a member needs to be eligible to withdraw the employer contributions from the defined contribution component of the plan. Members are always 100% vested in the contributions that they make. Upon retirement or leaving covered employment, a member is eligible to withdraw a percentage of employer contribution component of the plan, based on service. • After two years, a member is 50% vested and may withdraw 50% of employer contributions.			

NOTE 8 - PENSION PLAN: (CONTINUED)

RETIREMENT PLAN PROVISIONS (CONTINUED)					
PLAN 1	PLAN 2	HYBRID RETIREMENT PLAN			
Vesting (Cont.)	Vesting (Cont.)	Vesting (Cont.) Defined Contributions Component: (Cont.) • After three years, a member is 75% vested and may withdraw 75% of employer contributions. • After four or more years, a member is 100% vested and may withdraw 100% of employer contributions. Distribution is not required by law until age 70½.			
Calculating the Benefit The Basic Benefit is calculated based on a formula using the member's average final compensation, a retirement multiplier and total service credit at retirement. It is one of the benefit payout options available to a member at retirement. An early retirement reduction factor is applied to the Basic Benefit if the member retires with a reduced retirement benefit or selects a benefit payout option other than the Basic Benefit.	Calculating the Benefit See definition under Plan 1.	Calculating the Benefit Defined Benefit Component: See definition under Plan 1 Defined Contribution Component: The benefit is based on contributions made by the member and any matching contributions made by the employer, plus net investment earnings on those contributions.			
Average Final Compensation A member's average final compensation is the average of the 36 consecutive months of highest compensation as a covered employee.	Average Final Compensation A member's average final compensation is the average of their 60 consecutive months of highest compensation as a covered employee.	Average Final Compensation Same as Plan 2. It is used in the retirement formula for the defined benefit component of the plan.

RETIREMENT PLAN PROVISIONS (CONTINUED)						
PLAN 1	PLAN 2	HYBRID RETIREMENT PLAN				
Service Retirement Multiplier VRS: The retirement multiplier is a factor used in the formula to determine a final retirement benefit. The retirement multiplier for non-hazardous duty members is 1.70%. Sheriffs and regional jail superintendents: The retirement multiplier for sheriffs and regional jail superintendents is 1.85%. Political subdivision hazardous duty employees: The retirement multiplier of eligible political subdivision hazardous duty employees other than sheriffs and regional jail superintendents is 1.70% or 1.85% as elected by the employer.	Service Retirement Multiplier VRS: Same as Plan 1 for service earned, purchased or granted prior to January 1, 2013. For non-hazardous duty members the retirement multiplier is 1.65% for creditable service earned, purchased or granted on or after January 1, 2013. Sheriffs and regional jail superintendents: Same as Plan 1. Political subdivision hazardous duty employees: Same as Plan 1.	Service Retirement Multiplier Defined Benefit Component: VRS: The retirement multiplier for the defined benefit component is 1.00%. For members who opted into the Hybrid Retirement Plan from Plan 1 or Plan 2, the applicable multipliers for those plans will be used to calculate the retirement benefit for service credited in those plans. Sheriffs and regional jail superintendents: Not applicable. Political subdivision hazardous duty employees: Not applicable. Defined Contribution Component: Not applicable.				
Normal Retirement Age VRS: Age 65. Political subdivisions hazardous duty employees: Age 60.	Normal Retirement Age VRS: Normal Social Security retirement age. Political subdivisions hazardous duty employees: Same as Plan 1.	Normal Retirement Age Defined Benefit Component: VRS: Same as Plan 2. Political subdivisions hazardous duty employees: Not applicable. Defined Contribution Component: Members are eligible to receive distributions upon leaving employment, subject to restrictions.

Purchase of Prior Service Members may be eligible to purchase service from previous public employment, active duty military service, an eligible period of leave or VRS refunded service as creditable service in their plan. Prior creditable service counts toward vesting, eligibility for retirement and the health insurance credit. Only active members are eligible to purchase prior service. Members also may be eligible to purchase periods of leave without pay.	Purchase of Prior Service Same as Plan 1.	Purchase of Prior Service Defined Benefit Component: Same as Plan 1, with the following exceptions: • Hybrid Retirement Plan members are ineligible for ported service. Defined Contribution Component: Not applicable.		

Pension Plan Data

Information about the VRS Political Subdivision Retirement Plan is also available in the separately issued VRS 2017 Comprehensive Annual Financial Report (CAFR). A copy of the 2017 VRS CAFR may be downloaded from the VRS website at http://www.varetire.org/Pdf/Publications/2017-annual-report.pdf, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA 23218-2500.

NOTE 8 - PENSION PLAN: (CONTINUED)

Employees Covered by Benefit Terms

As of the June 30, 2016 actuarial valuation, the following employees were covered by the benefit terms of the pension plan:

	Primary Government	Component Unit School Board Nonprofessional
Inactive members or their beneficiaries currently receiving benefits	82	47
Inactive members: Vested inactive members	34	13
Non-vested inactive members	55	34
Inactive members active elsewhere in VRS	100	19
Total inactive members	189	66
Active members	134	99
Total covered employees	405	212

Contributions

The contribution requirement for active employees is governed by §51.1-145 of the <u>Code of Virginia</u>, as amended, but may be impacted as a result of funding options provided to political subdivisions by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation toward their retirement. Prior to July 1, 2012, all or part of the 5.00% member contribution may have been assumed by the employer. Beginning July 1, 2012, new employees were required to pay the 5% member contribution. In addition, for existing employees, employers were required to begin making the employee pay the 5.00% member contribution. This could be phased in over a period of up to 5 years and the employer is required to provide a salary increase equal to the amount of the increase in the employee-paid member contribution.

The County's contractually required contribution rate for the year ended June 30, 2018 was 8.35% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2015.

This rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the County were \$545,361 and \$545,998 for the years ended June 30, 2018 and June 30, 2017, respectively.

The Component Unit School Board's contractually required contribution rate for nonprofessional employees for the year ended June 30, 2018 was 5.40% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2015.

COUNTY OF FLUVANNA, VIRGINIA

Notes to Financial Statements At June 30, 2018 (Continued)

NOTE 8 - PENSION PLAN: (CONTINUED)

Contributions (Continued)

This rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the Component Unit School Board's nonprofessional employees were \$117,666 and \$120,005 for the years ended June 30, 2018 and June 30, 2017, respectively.

Net Pension Liability/Asset

The County's and Component Unit School Board's (nonprofessional) net pension liability/asset were measured as of June 30, 2017. The total pension liabilities used to calculate the net pension liability/asset were determined by an actuarial valuation performed as of June 30, 2016, using updated actuarial assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2017.

Actuarial Assumptions – General Employees

The total pension liability for General Employees in the County's and Component Unit School Board's (nonprofessional) Retirement Plan was based on an actuarial valuation as of June 30, 2016, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2017.

Inflation 2.5%

Salary increases, including inflation 3.5% – 5.35%

Investment rate of return 7.0%, net of pension plan investment

expenses, including inflation*

Mortality rates:

Largest 10 – Non-Hazardous Duty: 20% of deaths are assumed to be service related

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates at ages 81 and older projected with scale BB to 2020; males 95% of rates; females 105% of rates.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2020; males set forward 3 years; females 1.0% increase compounded from ages 70 to 90.

Post-Disablement:

RP-2014 Disability Mortality Rates projected with scale BB to 2020; males set forward 2 years, 110% of rates; females 125% of rates.

^{*} Administrative expenses as a percent of the market value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 7.0%. However, since the difference was minimal, and a more conservative 7.0% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 7.0% to simplify preparation of pension liabilities.

NOTE 8 - PENSION PLAN: (CONTINUED)

Actuarial Assumptions – General Employees (Continued)

Mortality rates: (continued)

All Others (Non 10 Largest) – Non-Hazardous Duty: 15% of deaths are assumed to be service related Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates at ages 81 and older projected with scale BB to 2020; males 95% of rates; females 105% of rates.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2020; males set forward 3 years; females 1.0% increase compounded from ages 70 to 90.

Post-Disablement:

RP-2014 Disability Mortality Rates projected with scale BB to 2020; males set forward 2 years, 110% of rates; females 125% of rates.

The actuarial assumptions used in the June 30, 2016 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016. Changes to the actuarial assumptions as a result of the experience study are as follows:

Largest 10 – Non-Hazardous Duty:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table - RP-2014 projected to 2020
Retirement Rates	Lowered rates at older ages and changed final retirement from 70 to 75
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Lowered rates
Salary Scale	No change
Line of Duty Disability	Increased rate from 14% to 20%

All Others (Non 10 Largest) - Non-Hazardous Duty:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table - RP-2014 projected to 2020
Retirement Rates	Lowered rates at older ages and changed final retirement
	from 70 to 75
Withdrawal Rates	Adjusted rates to better fit experience at each year age
	and service through 9 years of service
Disability Rates	Lowered rates
Salary Scale	No change
Line of Duty Disability	Increased rate from 14% to 15%

NOTE 8 - PENSION PLAN: (CONTINUED)

Actuarial Assumptions – Public Safety Employees with Hazardous Duty Benefits

The total pension liability for Public Safety employees with Hazardous Duty Benefits in the County's Retirement Plan was based on an actuarial valuation as of June 30, 2016, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2017.

> Inflation 2.5%

Salary increases, including inflation 3.5% - 4.75%

Investment rate of return 7.0%, net of pension plan investment

expenses, including inflation*

Mortality rates:

Largest 10 – Hazardous Duty: 70% of deaths are assumed to be service related

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates at ages 81 and older projected with scale BB to 2020; males 90% of rates; females set forward 1 year.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2020; males set forward 1 year, 1.0% increase compounded from ages 70 to 90; females set forward 3 years.

Post-Disablement:

RP-2014 Disability Mortality Rates projected with scale BB to 2020; males set forward 2 years; unisex using 100% male.

All Others (Non 10 Largest) – Hazardous Duty: 45% of deaths are assumed to be service related Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates at ages 81 and older projected with scale BB to 2020; males 90% of rates; females set forward 1 year.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2020; males set forward 1 year, 1.0% increase compounded from ages 70 to 90; females set forward 3 years.

Post-Disablement:

RP-2014 Disability Mortality Rates projected with scale BB to 2020; males set forward 2 years; unisex using 100% male.

^{*} Administrative expenses as a percent of the market value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 7.0%. However, since the difference was minimal, and a more conservative 7.0% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 7.0% to simplify preparation of pension liabilities.

NOTE 8 - PENSION PLAN: (CONTINUED)

Actuarial Assumptions – Public Safety Employees with Hazardous Duty Benefits: (Continued)

The actuarial assumptions used in the June 30, 2016 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016. Changes to the actuarial assumptions as a result of the experience study are as follows:

Largest 10 - Hazardous Duty:

Mortality Rates (pre-retirement, post-	Updated to a more current mortality table - RP-2014
retirement healthy, and disabled)	projected to 2020
Retirement Rates	Lowered rates at older ages
Withdrawal Rates	Adjusted rates to better fit experience
Disability Rates	Increased rates
Salary Scale	No change
Line of Duty Disability	Increased rate from 60% to 70%

All Others (Non 10 Largest) – Hazardous Duty:

Withdrawal Rates	and service through 9 years of service
Disability Rates	Adjusted rates to better fit experience
Salary Scale	No change
Line of Duty Disability	Decreased rate from 60% to 45%

NOTE 8 - PENSION PLAN: (CONTINUED)

Long-Term Expected Rate of Return

The long-term expected rate of return on pension System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class (Strategy)	Target Allocation	Arithmetic Long-Term Expected Rate of Return	Weighted Average Long-Term Expected Rate of Return
Public Equity	40.00%	4.54%	1.82%
Fixed Income	15.00%	0.69%	0.10%
Credit Strategies	15.00%	3.96%	0.59%
Real Assets	15.00%	5.76%	0.86%
Private Equity	15.00%	9.53%	1.43%
Total	100.00%		4.80%
		Inflation	2.50%
	*Expected arithm	etic nominal return	7.30%

^{*} The above allocation provides a one-year return of 7.30%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 6.83%, including expected inflation of 2.50%.

NOTE 8 - PENSION PLAN: (CONTINUED)

Discount Rate

The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that System member contributions will be made per the VRS Statutes and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Through the fiscal year ending June 30, 2019, the rate contributed by the employer for the County and Component Unit School Board (nonprofessional) Retirement Plans will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly. From July 1, 2019 on, participating employers are assumed to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

COUNTY OF FLUVANNA, VIRGINIA

Notes to Financial Statements At June 30, 2018 (Continued)

NOTE 8 - PENSION PLAN: (CONTINUED)

Component Unit School Board (professional)

Plan Description

Al full-time, salaried permanent (professional) employees of public school divisions are automatically covered by the VRS Teacher Retirement Plan upon employment. This is a cost-sharing multiple employer plan administered by the Virginia Retirement System (the system). Additional information regarding the plan description can be found in the first section of this note.

Contributions

The contribution requirement for active employees is governed by §51.1-145 of the <u>Code of Virginia</u>, as amended, but may be impacted as a result of funding options provided to school divisions by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation toward their retirement.

Each School Division's contractually required employer contribution rate for the year ended June 30, 2018 was 16.32% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2015 and reflects the transfer in June 2015 of \$192,884,000 as an accelerated payback of the deferred contribution in the 2010-2012 biennium. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the School Division were \$3,187,199 and \$2,845,848 for the years ended June 30, 2018 and June 30, 2017, respectively.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2018, the school division reported a liability of \$30,715,053 for its proportionate share of the Net Pension Liability. The Net Pension Liability was measured as of June 30, 2017 and the total pension liability used to calculate the Net Pension Liability was determined by an actuarial valuation as of that date. The school division's proportion of the Net Pension Liability was based on the school division's actuarially determined employer contributions to the pension plan for the year ended June 30, 2017 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2017, the school division's proportion was .249938% as compared to .28335% at June 30, 2016.

NOTE 8 - PENSION PLAN: (CONTINUED)

Component Unit School Board (professional) (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

For the year ended June 30, 2018, the school division recognized pension expense of \$1,829,649. Since there was a change in proportionate share between June 30, 2016 and June 30, 2017, a portion of the pension expense was related to deferred amounts from changes in proportion and from differences between employer contributions and the proportionate share of employer contributions.

At June 30, 2018, the school division reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	-	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$	-	\$ 2,174,679
Change in assumptions		447,874	-
Net difference between projected and actual earnings on pension plan investments		-	1,115,539
Changes in proportion and differences between employer contributions and proportionate share of contributions		413,869	1,458,909
Employer contributions subsequent to the measurement date	-	3,187,199	
Total	\$	4,048,942	\$4,749,127

\$3,187,199 reported as deferred outflows of resources related to pensions resulting from the school division's contributions subsequent to the measurement date will be recognized as a reduction of the Net Pension Liability in the fiscal year ended June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in future reporting periods as follows:

Year ended June 30	
2019	\$ (1,642,206)
2020	(343,370)
2021	(534,132)
2022	(1,190,184)
Thereafter	(177,491)

COUNTY OF FLUVANNA, VIRGINIA

Notes to Financial Statements At June 30, 2018 (Continued)

NOTE 8 - PENSION PLAN: (CONTINUED)

Component Unit School Board (professional) (Continued)

Actuarial Assumptions

The total pension liability for the VRS Teacher Retirement Plan was based on an actuarial valuation as of June 30, 2016, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2017.

Inflation 2.5%

Salary increases, including inflation 3.5% – 5.95%

Investment rate of return 7.0%, net of pension plan investment

expenses, including inflation*

Mortality rates:

Pre-Retirement:

RP-2000 Employee Mortality Table Projected with Scale AA to 2020 with males set back 3 years and females set back 5 years

Post-Retirement:

RP-2000 Combined Mortality Table Projected with Scale AA to 2020 with males set back 2 years and females set back 3 years

Post-Disablement:

RP-2000 Disability Life Mortality Table Projected to 2020 with males set back 1 year and no provision for future mortality improvement

^{*} Administrative expenses as a percent of the market value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 7.0%. However, since the difference was minimal, and a more conservative 7.0% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 7.0% to simplify preparation of pension liabilities.

NOTE 8 - PENSION PLAN: (CONTINUED)

Component Unit School Board (professional) (Continued)

Actuarial Assumptions (Continued)

The actuarial assumptions used in the June 30, 2016 valuation were based on the results of an actuarial experience study for the period from July 1, 2008 through June 30, 2016. Changes to the actuarial assumptions as a result of the experience study are as follows:

- Update mortality table
- Adjustments to the rates of service retirement
- Decrease in rates of withdrawals for 3 through 9 years of service
- Decrease in rates of disability
- Reduce rates of salary increase by 0.25% per year

Net Pension Liability

The net pension liability (NPL) is calculated separately for each system and represents that particular system's total pension liability determined in accordance with GASB Statement No. 67, less that system's fiduciary net position. As of June 30, 2017, NPL amounts for the VRS Teacher Employee Retirement Plan is as follows (amounts expressed in thousands):

	Teacher Employee Retirement Plan
Total Pension Liability Plan Fiduciary Net Position	\$ 45,417,520 33,119,545
Employer's Net Pension Liability (Asset) Plan Fiduciary Net Position as a Percentage	\$ 12,297,975
of the Total Pension Liability	72.92%

The total pension liability is calculated by the System's actuary, and each plan's fiduciary net position is reported in the System's financial statements. The net pension liability is disclosed in accordance with the requirements of GASB Statement No. 67 in the System's notes to the financial statements and required supplementary information.

NOTE 8 - PENSION PLAN: (CONTINUED)

Component Unit School Board (professional) (Continued)

Long-Term Expected Rate of Return

The long-term expected rate of return on pension System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class (Strategy)	Target Allocation	Arithmetic Long-Term Expected Rate of Return	Weighted Average Long-Term Expected Rate of Return
Public Equity	40.00%	4.54%	1.82%
Fixed Income	15.00%	0.69%	0.10%
Credit Strategies	15.00%	3.96%	0.59%
Real Asests	15.00%	5.76%	0.86%
Private Equity	15.00%	9.53%	1.43%
Total	100.00%		4.80%
		Inflation	2.50%
	*Expected arithm	etic nominal return	7.30%

^{*} Using stochastic projection results provides an expected range of real rates of return over various time horizons. Looking at one year results produces an expected real return of 8.33% but also has a high standard deviation, which means there is high volatility. Over larger time horizons the volatility declines significantly and provides a median return of 7.44%, including expected inflation of 2.50%.

NOTE 8 - PENSION PLAN: (CONTINUED)

Component Unit School Board (professional) (Continued)

Discount Rate

The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made per the VRS Statutes and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Through the fiscal year ending June 30, 2018, the rate contributed by the school division for the VRS Teacher Retirement Plan will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly. From July 1, 2018 on, school divisions are assumed to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the School Division's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the school division's proportionate share of the net pension liability using the discount rate of 7.00%, as well as what the school division's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00%) or one percentage point higher (8.00%) than the current rate:

		Rate		
	(6.00%)	 (7.00%)	(8.00%)	
School division's proportionate share of the VRS Teacher Employee Retirement Plan				
Net Pension Liability (Asset)	\$ 45,867,304	\$ 30,715,053 \$	18,180,379	

Pension Plan Fiduciary Net Position

Detailed information about the VRS Teacher Retirement Plan's Fiduciary Net Position is available in the separately issued VRS 2017 Comprehensive Annual Financial Report (CAFR). A copy of the 2017 VRS CAFR may be downloaded from the VRS website at http://www.varetire.org/Pdf/Publications/2017-annual-report.pdf, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

NOTE 9 - COMPENSATED ABSENCES:

In accordance with GASB Statement 16, *Accounting for Compensated Absences*, the County has accrued the liability arising from outstanding claims and judgments and compensated absences.

NOTE 9 - COMPENSATED ABSENCES: (CONTINUED)

The County employees earn vacation and sick leave based on years of service at the rate of eight hours per month for each full-time employee with less than 5 years of service. Twenty-five percent of the unused sick leave or \$2,500 for County or \$5,000 for Social Services, whichever is less, will be paid to an employee who leaves county employment after five or more years of service. Accumulated vacation is paid upon termination based on length of employment as defined in the County's personnel policy. The County has accrued vacation and sick leave pay as follows:

Governmental Activities	\$ 554,904
Business-type Activities	\$ 32,500
Component Unit School Board	\$ 1,810,772

NOTE 10 - SELF INSURANCE/RISK MANAGEMENT:

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County contracts with the Virginia Association of Counties Municipal Liability Pool to provide insurance coverage for these risk losses. The County pays an annual premium to the association for its general workers compensation insurance coverage. In the event of a loss deficit and depletion of all available excess insurance, the Association may assess all members in the proportion which the premium of each bears to the total premiums of all members in the year in which such deficit occurs.

The County continues to carry commercial insurance for all other risks of loss, including general liabilities and accident insurance. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

NOTE 11 - DEFERRED/UNAVAILABLE/UNEARNED REVENUE:

	(Government-wide Statements	Balance Sheet
		Governmental Activities	Governmental Funds
Primary Government: Deferred/Unavailable property tax revenue:			
Deferred/Unavailable revenue representing uncollected property tax billings for which asset recognition criteria has not been met. The uncollected tax billings are not available for the funding of current expenditures.	\$	- 9	\$ 4,109,666
Tax assessments due after June 30		17,296,351	17,296,351
Prepaid property tax revenues representing collections received for property taxes that are applicable to the subsequent budget year.	_	337,560	337,560
Total governmental activities	\$_	17,633,911	\$ 21,743,577

COUNTY OF FLUVANNA, VIRGINIA

Notes to Financial Statements At June 30, 2018 (Continued)

NOTE 12 - CONTINGENT LIABILITIES:

Federal assistance programs in which the County and its component units participate were audited in accordance with the provisions of the Uniform Guidance. Pursuant to the above provisions, major and nonmajor programs were tested for compliance with applicable grant requirements. While there are no items of non-compliance, as noted in the compliance report, the federal government may subject grant programs to additional compliance testing which may result in disallowances of current grant program expenditures. However, management believes that if any of these expenditures were disallowed it would be immaterial to the overall general-purpose financial statements.

NOTE 13 - LITIGATION:

At June 30, 2018, there were no matters of litigation involving the County which would materially affect the County's financial position should any court decisions on pending matters not be favorable to the County.

NOTE 14 - LANDFILL CLOSURE AND POSTCLOSURE CARE COST:

The County of Fluvanna, Virginia owns and operates a landfill site. State and federal laws and regulations require the County to place a final cover on each phase of its landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Closure and postclosure care costs will be paid only near or after the date that the landfill stops accepting waste. In accordance with Statement 18 of the Governmental Accounting Standards Board entitled Accounting for Municipal Solid Waste Landfill Closure and Postclosure Care Costs, the County reports a portion of these closure and postclosure care costs as an operating expense in each period based on landfill capacity used as of each balance sheet date. The \$702,779 reported as a landfill closure and postclosure care liability at June 30, 2018, represents the cumulative amount reported based on the use of 100% of the estimated capacity used of the landfill. The County has closed the landfill. These amounts are based on what it would cost to perform all closures and postclosure care in 2018. Actual closure and postclosure care costs may be higher due to inflation, changes in technology, or changes in regulations.

The County has demonstrated financial assurance requirements for closure and postclosure care and corrective action costs through the submission of a Local Government Financial Test to the Virginia Department of Environmental Quality in accordance with Section 9VAC20-70 of the Virginia Administrative Code.

The County plans to meet all federal laws, regulations and tests of financial assurance related to the financing of closure and postclosure care when they become effective.

NOTE 15 - SURETY BONDS:

Fidelity and Deposit Company of Maryland - Surety:	
Tristana Treadway, Clerk of the Circuit Court	\$ 25,000

NOTE 16—MEDICAL, DENTAL, AND LIFE INSURANCE – (OPEB PLAN):

County and School Board

Plan Description

The County Post-Retirement Medical Plan (CPRMP) is a single-employer defined benefit healthcare plan which offers health insurance for retired employees. Retirees are eligible for postretirement medical coverage if they are a full-time employee who retires directly from the County and is eligible for retirement from VRS. The County's post-retirement medical plan does not issue a separate, audited GAAP basis report.

The School Board Post-Retirement Medical Plan (CPRMP) is a single-employer defined benefit healthcare plan which offers health insurance for retired employees. Retirees are eligible for postretirement medical coverage if they are a full-time employee who retires directly from the County and is eligible for retirement from VRS. The School Board's Post-Retirement Medical Plan does not issue a separate, audited GAAP basis report.

NOTE 16—MEDICAL, DENTAL, AND LIFE INSURANCE – (OPEB PLAN): (CONTINUED)

County and School Board: (Continued)

Plan Description: (Continued)

Management of the CPRMP is vested in the County Finance Board, which consists of three members-the Chairman of the Board of Supervisors, the County Treasurer, and a Citizen of the County of proven integrity and business ability appointed by the current Court of the County.

Benefits Provided

The County of Fluvanna has established a irrevocable trust pursuant to Section 15.2-1544 of the <u>Code of Virginia</u>, as amended for the purpose of accumulated and investing assets to fund Other Postemployment Benefits (OPEB) and to participate in the Virginia Pooled OPEB Trust Fund and has established a Local Finance Board to become a Participating Employer in the Trust Fund. The Trust Fund provides administrative, custodial and investment services to the Participating Employers in the Trust Fund. The County participates in the Virginia Pooled OPEB Trust Fund, an irrevocable trust established for the purpose of accumulating assets to fund postemployment benefits other than pensions. The Trust Fund issues a separate report, which can be obtained by requesting a copy from the plan administrator, Virginia Municipal League (VML) at P.O. Box 12164, Richmond, Virginia 23241.

Postemployment benefits are provided to eligible retirees include Medical, Dental, and Life insurance. The benefits that are provided for active employees are the same for eligible retirees, spouses and dependents of eligible retirees. All permanent employees of the County who meet eligibility requirements of the pension plan are eligible to receive postemployment health care benefits. Retirees pay 100 % of premiums. Coverage ceases when retirees reach the age of 65. Surviving spouses are not allowed access to the plan.

Postemployment benefits are provided to eligible retirees include Medical, Dental, and Life insurance. The benefits that are provided for active employees are the same for eligible retirees, spouses and dependents of eligible retirees. The School Board Post-Retirement Medical Plan (SBPRMP) is a single-employer defined benefit healthcare plan which offers health insurance for retired employees. Retirees are eligible for postretirement medical coverage if they are a full-time employee who retires directly from the School Board and is eligible for retirement from VRS.

Plan Membership

At June 30, 2018 (measurement date), the following employees were covered by the benefit terms:

	Primary evernment	 School Board			
Total active employees with coverage Total retirees with coverage	\$ 131 7	\$ 507 17

NOTE 16—MEDICAL, DENTAL, AND LIFE INSURANCE - (OPEB PLAN): (CONTINUED)

County and School Board: (Continued)

Plan Description: (Continued)

Chapter 2 of the County Code grants the authority to establish and amend the contribution requirements of the County and plan members to the County Finance Board. The Board establishes rates based on an actuarially determined rate. For the year ended June 30, 2018, the County and School Board's average contribution rate was 0.48% percent of covered-employee payroll. For the year ended June 30, 2018 the County and School Board contributed \$45,364 and \$88,009, respectively, to the Plan. Plan members are not required to contribute to the plan.

Investment Policy

The County and School Board's policy in regard to the allocation of invested assets is established and may be amended by the County Finance Board by a majority vote of its members. It is the policy of the County Finance Board to pursue an investment strategy that reduces risk through the prudent diversification of the portfolio across a broad selection of distinct asset classes. FCRBP's investment policy discourages the use of cash equivalents, except for liquidity purposes, and aims to refrain from dramatically shifting asset class allocations over short time spans. The following was the Board's adopted asset allocation policy as of June 30, 2018:

Asset Class	Target Percentage
Core Fixed Income	19.60%
High Yield Bonds	1.40%
Large Cap US Equities	26.00%
Small Cap US Equities	10.00%
Developed Foreign Equities	13.00%
Emerging Market Equities	5.00%
Private Equity	5.00%
Hedge Funds/Absolute Return	10.00%
Real Estate (REITS)	7.00%
Commodities	3.00%
Total	100.00%

Concentrations

The Trust does not hold investments in any one organization that represent five percent or more of the OPEB Trust's Fiduciary Net Position.

NOTE 16—MEDICAL, DENTAL, AND LIFE INSURANCE – (OPEB PLAN): (CONTINUED)

County and School Board: (Continued)

Rate of Return

For the year ended June 30, 2018, the annual money-weighted rate of return on investments, net of investment expense, was 9.58 percent. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Schedule of Investment Returns

Last 10 Fiscal Years

Annual Money-Weighted Rate of
Return Net of Investment Expense

6/30/2017	12.89%
6/30/2018	9.58%

The chart is intended to show information for 10 years. More data will be added as it becomes available.

Net/Total OPEB Liability

The County and School Board's net OPEB liability was measured as of June 30, 2018. The total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of July 1, 2017.

Actuarial Assumptions

The total OPEB liability in the July 1, 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.50%
Salary Increases	3.00%
Discount Rate	7.00%
Investment Rate of Return	7.00%

Mortality rates were based on the RP-2000 Healthy Annuitant Mortality Table for Males or Females, as appropriate, with adjustments for mortality improvements based on Scale AA.

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study at July 1, 2017.

NOTE 16—MEDICAL, DENTAL, AND LIFE INSURANCE – (OPEB PLAN): (CONTINUED)

County and School Board: (Continued)

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the target asset allocation as of June 30, 2018 (see the discussion of FCRBP's investment policy) are summarized in the following table:

Asset Class	Long-Term Expected Geometric Real Rate of Return
Core Fixed Income	0.99%
High Yield Bonds	2.77%
Large Cap US Equities	4.14%
Small Cap US Equities	4.57%
Developed Foreign Equities	4.66%
Emerging Market Equities	5.64%
Private Equity	6.63%
Hedge Funds/Absolute Return	2.63%
Real Estate (REITS)	3.86%
Commodities	1.78%
Assumed Inflation	2.60%
Portfolio Real Mean Return	4.22%
Portfolio Nominal Mean Return	6.93%
Portfolio Standard Deviation	12.55%
Long-Term Expected Rate of Return	7.00%

Discount Rate

Discount rate. The discount rate used to measure the total OPEB liability was 7.0 percent. The projection of cash flows used to determine the discount rate assumed that County contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

NOTE 17—HEALTH INSURANCE CREDIT (HIC) PROGRAM:

Plan Description

All full-time, salaried permanent employees of participating political subdivisions are automatically covered by the VRS Political Subdivision Health Insurance Credit Program upon employment. This is an agent multiple-employer plan administered by the Virginia Retirement System (the System), along with pension and other OPEB plans, for public employer groups in the Commonwealth of Virginia. Members earn one month of service credit toward the benefit for each month they are employed and for which their employer pays contributions to VRS. The health insurance credit is a tax-free reimbursement in an amount set by the General Assembly for each year of service credit against qualified health insurance premiums retirees pay for single coverage, excluding any portion covering the spouse or dependents. The credit cannot exceed the amount of the premiums and ends upon the retiree's death.

COUNTY OF FLUVANNA, VIRGINIA

Notes to Financial Statements At June 30, 2018 (Continued)

NOTE 17—HEALTH INSURANCE CREDIT (HIC) PROGRAM: (CONTINUED)

Plan Description: (Continued)

The specific information about the Political Subdivision Health Insurance Credit Program OPEB, including eligibility, coverage and benefits is set out in the table below:

POLITICAL SUBDIVISION HEALTH INSURANCE CREDIT PROGRAM PLAN PROVISIONS

Eligible Employees

The Political Subdivision Retiree Health Insurance Credit Program was established July 1, 1993 for retired political subdivision employees of employers who elect the benefit and who retire with at least 15 years of service credit.

Eligible employees of participating employers are enrolled automatically upon employment. They include:

• Full-time permanent salaried employees of the participating political subdivision who are covered under the VRS pension plan.

Benefit Amounts

The political subdivision's Retiree Health Insurance Credit Program provides the following benefits for eligible employees:

- At Retirement For employees who retire, the monthly benefit is \$1.50 per year of service per month with a maximum benefit of \$45.00 per month.
- <u>Disability Retirement</u>- For employees who retire on disability or go on long-term disability under the Virginia Local Disability Program (VLDP), the monthly benefit is \$45.00 per month.

Health Insurance Credit Program Notes:

- The monthly Health Insurance Credit benefit cannot exceed the individual premium amount.
- No health insurance credit for premiums paid and qualified under LODA; however, the employee may receive the credit for premiums paid for other qualified health plans.
- Employees who retire after being on long-term disability under VLDP must have at least 15 years of service credit to qualify for the health insurance credit as a retiree.

Employees Covered by Benefit Terms

As of the June 30, 2016 actuarial valuation, the following employees were covered by the benefit terms of the HIC OPEB plan:

	Number
Inactive members or their beneficiaries currently receiving benefits	12
Inactive members: Vested inactive members	4
Total inactive members	4
Active members	46
Total covered employees	62

NOTE 17—HEALTH INSURANCE CREDIT (HIC) PROGRAM: (CONTINUED)

Contributions

The contribution requirements for active employees is governed by §51.1-1402(E) of the <u>Code of Virginia</u>, as amended, but may be impacted as a result of funding options provided to political subdivisions by the Virginia General Assembly. The County's contractually required employer contribution rate for the year ended June 30, 2018 was 0.22% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2015. The actuarially determined rate was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions from the County to the Health Insurance Credit Program were \$4,823 and \$4,699 for the years ended June 30, 2018 and June 30, 2017, respectively.

Net HIC OPEB Liability

The County's net Health Insurance Credit OPEB liability was measured as of June 30, 2017. The total Health Insurance Credit OPEB liability was determined by an actuarial valuation performed as of June 30, 2016, using updated actuarial assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2017.

Actuarial Assumptions

The total HIC OPEB liability was based on an actuarial valuation as of June 30, 2016, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2017.

Inflation 2.5%

Salary increases, including inflation:

Locality - General employees 3.5%-5.35%

Investment rate of return 7.0%, net of investment expenses,

including inflation*

Mortality Rates – Largest Ten Locality Employers – General Employees

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates to 81 and older projected with scale BB to 2020; males 95% of rates; females 105% of rates.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2020; males set forward 3 years; females 1.0% increase compounded from ages 70 to 90.

^{*}Administrative expenses as a percent of the market value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 7.0%. However, since the difference was minimal, and a more conservative 7.0% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 7.0% to simplify preparation of the OPEB liabilities.

NOTE 17—HEALTH INSURANCE CREDIT (HIC) PROGRAM: (CONTINUED)

Actuarial Assumptions: (Continued)

Mortality Rates - Largest Ten Locality Employers - General Employees: (Continued)

Post-Disablement:

RP-2014 Disability Life Mortality Table projected with scale BB to 2020; males set forward 2 years, 110% of rates; females 125% of rates.

The actuarial assumptions used in the June 30, 2016 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016. Changes to the actuarial assumptions as a result of the experience study are as follows:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table - RP-2014 projected to 2020
Retirement Rates	Lowered retirement rates at older ages and extended final retirement age from 70 to 75
Withdrawal Rates	Adjusted termination rates to better fit experience at each age and service year
Disability Rates	Lowered disability rates
Salary Scale	No change
Line of Duty Disability	Increased rate from 14% to 20%

Mortality Rates – Non-Largest Ten Locality Employers – General Employees

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates to 81 and older projected with scale BB to 2020; males 95% of rates; females 105% of rates.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2020; males set forward 3 years; females 1.0% increase compounded from ages 70 to 90.

Post-Disablement:

RP-2014 Disability Life Mortality Table projected with scale BB to 2020; males set forward 2 years, 110% of rates; females 125% of rates.

NOTE 17—HEALTH INSURANCE CREDIT (HIC) PROGRAM: (CONTINUED)

Actuarial Assumptions: (Continued)

Mortality Rates – Non-Largest Ten Locality Employers – General Employees: (Continued)

The actuarial assumptions used in the June 30, 2016 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016. Changes to the actuarial assumptions as a result of the experience study are as follows:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table - RP-2014 projected to 2020
Retirement Rates	Lowered retirement rates at older ages and extended final retirement age from 70 to 75
Withdrawal Rates	Adjusted termination rates to better fit experience at each age and service year
Disability Rates	Lowered disability rates
Salary Scale	No change
Line of Duty Disability	Increased rate from 14% to 15%

Mortality Rates – Largest Ten Locality Employers – Hazardous Duty Employees

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates to 81 and older projected with scale BB to 2020; males 90% of rates; females set forward 1 year.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2020; males set forward 1 year with 1.0% increase compounded from ages 70 to 90; females set forward 3 years.

Post-Disablement:

RP-2014 Disability Life Mortality Table projected with scale BB to 2020; males set forward 2 years; unisex using 100% male.

NOTE 17—HEALTH INSURANCE CREDIT (HIC) PROGRAM: (CONTINUED)

Actuarial Assumptions: (Continued)

Mortality Rates – Largest Ten Locality Employers – Hazardous Duty Employees: (Continued)

The actuarial assumptions used in the June 30, 2016 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016. Changes to the actuarial assumptions as a result of the experience study are as follows:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table - RP-2014 projected to 2020
Retirement Rates	Lowered retirement rates at older ages
Withdrawal Rates	Adjusted termination rates to better fit experience at each age and service year
Disability Rates	Increased disability rates
Salary Scale	No change
Line of Duty Disability	Increased rate from 60% to 70%

Mortality Rates – Non-Largest Ten Locality Employers – Hazardous Duty Employees

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates to 81 and older projected with scale BB to 2020; males 90% of rates; females set forward 1 year.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2020; males set forward 1 year with 1.0% increase compounded from ages 70 to 90; females set forward 3 years.

Post-Disablement:

RP-2014 Disability Life Mortality Table projected with scale BB to 2020; males set forward 2 years; unisex using 100% male.

The actuarial assumptions used in the June 30, 2016 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016. Changes to the actuarial assumptions as a result of the experience study are as follows:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table - RP-2014 projected to 2020
Retirement Rates	Increased age 50 rates and lowered rates at older ages
Withdrawal Rates	Adjusted termination rates to better fit experience at each age and service year
Disability Rates	Adjusted rates to better match experience
Salary Scale	No change
Line of Duty Disability	Decreased rate from 60% to 45%

NOTE 17—HEALTH INSURANCE CREDIT (HIC) PROGRAM: (CONTINUED)

Long-Term Expected Rate of Return

The long-term expected rate of return on the System's investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of System's investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class (Strategy)	Target Allocation	Arithmetic Long-term Expected Rate of Return	Weighted Average Long-term Expected Rate of Return
Public Equity	40.00%	4.54%	1.82%
Fixed Income	15.00%	0.69%	0.10%
Credit Strategies	15.00%	3.96%	0.59%
Real Assets	15.00%	5.76%	0.86%
Private Equity	15.00%	9.53%	1.43%
Total	100.00%		4.80%
		Inflation	2.50%
	*Expected arithm	etic nominal return	7.30%

^{*}The above allocation provides a one-year return of 7.30%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 6.83%, including expected inflation of 2.50%.

Discount Rate

The discount rate used to measure the total HIC OPEB liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Through the fiscal year ending June 30, 2019, the rate contributed by the entity for the HIC OPEB will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly. From July 1, 2019 on, employers are assumed to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the HIC OPEB's fiduciary net position was projected to be available to make all projected future benefit payments of eligible employees. Therefore the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total HIC OPEB liability.

NOTE 17—HEALTH INSURANCE CREDIT (HIC) PROGRAM: (CONTINUED)

Changes in Net HIC OPEB Liability

		Increase (Decrease)

Sensitivity of the County's Health Insurance Credit Net OPEB Liability to Changes in the Discount Rate

The follow presents the County's Health Insurance Credit Program net HIC OPEB liability using the discount rate of 7.00%, as well as what the School Board's net HIC OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (6.00%) or one percentage point higher (8.00%) than the current rate:

	 Rate		
	1% Decrease	Current Discount	1% Increase
	 (6.00%)	(7.00%)	(8.00%)
Net HIC OPEB Liability	\$ 32.384 \$	21.636 \$	12.409

NOTE 17—HEALTH INSURANCE CREDIT (HIC) PROGRAM: (CONTINUED)

Health Insurance Credit Program OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Health Insurance Credit Program OPEB

For the year ended June 30, 2018, the *County* recognized Health Insurance Credit Program OPEB expense of \$3,299. At June 30, 2018, the *County* reported deferred outflows of resources and deferred inflows of resources related to the County's Health Insurance Credit Program from the following sources:

	-	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$	- \$	-
Net difference between projected and actual earnings on HIC OPEB plan investments		-	3,152
Change in assumptions		-	2,305
Employer contributions subsequent to the measurement date	-	4,823	
Total	\$	4,823	5,457

\$4,823 reported as deferred outflows of resources related to the HIC OPEB resulting from the School Board's contributions subsequent to the measurement date will be recognized as a reduction of the Net HIC OPEB Liability in the fiscal year ending June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the HIC OPEB will be recognized in the HIC OPEB expense in future reporting periods as follows:

Year Ended	_	
2019	\$	(1,319)
2020		(1,319)
2021		(1,319)
2022		(1,319)

Health Insurance Credit Program Plan Data

Information about the VRS Political Subdivision Health Insurance Credit Program is available in the separately issued VRS 2017 Comprehensive Annual Financial Report (CAFR). A copy of the 2017 VRS CAFR may be downloaded from the VRS website at http://www.varetire.org/Pdf/Publications/2017-annual-report.pdf, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

NOTE 18—TEACHER EMPLOYEE HEALTH INSURANCE CREDIT (HIC) PROGRAM (OPEB PLAN):

Plan Description

All full-time, salaried permanent (professional) employees of public school divisions are automatically covered by the VRS Teacher Employee Health Insurance Credit Program. This is a cost-sharing multiple-employer plan administered by the Virginia Retirement System (the System), along with pension and other OPEB plans, for public employer groups in the Commonwealth of Virginia. Members earn one month of service credit toward the benefit for each month they are employed and for which their employer pays contributions to VRS. The health insurance credit is a tax-free reimbursement in an amount set by the General Assembly for each year of service credit against qualified health insurance premiums retirees pay for single coverage, excluding any portion covering the spouse or dependents. The credit cannot exceed the amount of the premiums and ends upon the retiree's death.

The specific information for the Teacher Health Insurance Credit Program OPEB, including eligibility, coverage, and benefits is set out in the table below:

TEACHER EMPLOYEE HEALTH INSURANCE CREDIT PROGRAM PLAN PROVISIONS

Eligible Employees

The Teacher Employee Retiree Health Insurance Credit Program was established July 1, 1993 for retired Teacher Employees covered under VRS who retire with at least 15 years of service credit.

Eligible employees are enrolled automatically upon employment. They include:

 Full-time permanent (professional) salaried employees of public school divisions covered under VRS.

Benefit Amounts

The Teacher Employee Retiree Health Insurance Credit Program provides the following benefits for eligible employees:

- At Retirement For Teacher and other professional school employees who retire, the monthly benefit is \$4.00 per year of service per month with no cap on the benefit amount.
- <u>Disability Retirement</u> For Teacher and other professional school employees who retire on disability or go on long-term disability under the Virginia Local Disability Program (VLDP), the monthly benefit is either:
 - o \$4.00 per month, multiplied by twice the amount of service credit, or
 - \$4.00 per month, multiplied by the amount of service earned had the employee been active until age 60, whichever is lower.

Health Insurance Credit Program Notes:

- The monthly Health Insurance Credit benefit cannot exceed the individual premium amount.
- Employees who retire after being on long-term disability under VLDP must have at least 15 years of service credit to qualify for the health insurance credit as a retiree.

NOTE 18—TEACHER EMPLOYEE HEALTH INSURANCE CREDIT (HIC) PROGRAM (OPEB PLAN): (CONTINUED)

Contributions

The contribution requirements for active employees is governed by §51.1-1401(E) of the <u>Code of Virginia</u>, as amended, but may be impacted as a result of funding provided to school divisions by the Virginia General Assembly. Each school division's contractually required employer contribution rate for the year ended June 30, 2018 was 1.23% of covered employee compensation for employees in the VRS Teacher Employee Health Insurance Credit Program. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2015. The actuarially determined rate was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions from the school division to the VRS Teacher Employee Health Insurance Credit Program were 244,784 and \$216,961 for the years ended June 30, 2018 and June 30, 2017, respectively.

Teacher Employee Health Insurance Credit Program OPEB Liabilities, Teacher Employee Health Insurance Credit Program OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Teacher Employee Health Insurance Credit Program OPEB

At June 30, 2018, the school division reported a liability of \$3,148,190 for its proportionate share of the VRS Teacher Employee Health Insurance Credit Program Net OPEB Liability. The Net VRS Teacher Employee Health Insurance Credit Program OPEB Liability was measured as of June 30, 2017 and the total VRS Teacher Employee Health Insurance Credit Program OPEB liability used to calculate the Net VRS Teacher Employee Health Insurance Credit Program OPEB Liability was determined by an actuarial valuation as of that date. The school division's proportion of the Net VRS Teacher Employee Health Insurance Credit Program OPEB Liability was based on the school division's actuarially determined employer contributions to the VRS Teacher Employee Health Insurance Credit Program OPEB plan for the year ended June 30, 2017 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2017, the school division's proportion of the VRS Teacher Employee Health Insurance Credit Program was 0.5504% as compared to 0.5526% at June 30, 2016.

For the year ended June 30, 2018, the school division recognized VRS Teacher Employee Health Insurance Credit Program OPEB expense of \$246,510. Since there was a change in proportionate share between June 30, 2016 and June 30, 2017, a portion of the VRS Teacher Employee Health Insurance Credit Program Net OPEB expense was related to deferred amounts from changes in proportion.

NOTE 18—TEACHER EMPLOYEE HEALTH INSURANCE CREDIT (HIC) PROGRAM (OPEB PLAN): (CONTINUED)

Teacher Employee Health Insurance Credit Program OPEB Liabilities, Teacher Employee Health Insurance Credit Program OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Teacher Employee Health Insurance Credit Program OPEB: (Continued)

At June 30, 2018, the school division reported deferred outflows of resources and deferred inflows of resources related to the VRS Teacher Employee Health Insurance Credit Program OPEB from the following sources:

	-	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$	- (-
Net difference between projected and actual earnings on Teacher HIC OPEB plan investments		-	5,810
Change in assumptions		-	32,370
Change in proportion		-	68,890
Employer contributions subsequent to the measurement date	-	244,784	
Total	\$	244,784	107,070

\$244,784 reported as deferred outflows of resources related to the Teacher Employee HIC OPEB resulting from the school division's contributions subsequent to the measurement date will be recognized as a reduction of the Net Teacher Employee HIC OPEB Liability in the fiscal year ending June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the Teacher Employee HIC OPEB will be recognized in the Teacher Employee HIC OPEB expense in future reporting periods as follows:

Year Ended June 30		
2019	\$	(16,600)
2019	φ	(16,600)
2021		(16,600)
2022		(16,600)
2023		(14,940)
Thereafter		(25,730)

NOTE 18—TEACHER EMPLOYEE HEALTH INSURANCE CREDIT (HIC) PROGRAM (OPEB PLAN): (CONTINUED)

Actuarial Assumptions

The total Teacher Employee HIC OPEB liability for the VRS Teacher Employee Health Insurance Credit Program was based on an actuarial valuation as of June 30, 2016, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2017.

Inflation 2.5%

Salary increases, including inflation:

Teacher employees 3.5%-5.95%

Investment rate of return 7.0%, net of investment expenses,

including inflation*

Mortality Rates - Teachers

Pre-Retirement:

RP-2014 White Collar Employee Rates to age 80, White Collar Healthy Annuitant Rates at ages 81 and older projected with scale BB to 2020.

Post-Retirement:

RP-2014 White Collar Employee Rates to age 49, White Collar Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2020; males 1% increase compounded from ages 70 to 90; females set back 3 years with 1.5% increase compounded from ages 65 to 70 and 2.0% increase compounded from ages 75 to 90.

Post-Disablement:

RP-2014 Disability Mortality Rates projected with scale BB to 2020; 115% of rates for males and females.

^{*}Administrative expenses as a percent of the market value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 7.0%. However, since the difference was minimal, and a more conservative 7.0% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 7.0% to simplify preparation of OPEB liabilities.

NOTE 18—TEACHER EMPLOYEE HEALTH INSURANCE CREDIT (HIC) PROGRAM (OPEB PLAN): (CONTINUED)

Actuarial Assumptions: (Continued)

Mortality Rates – Teachers: (Continued)

The actuarial assumptions used in the June 30, 2016 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016. Changes to the actuarial assumptions as a result of the experience study are as follows:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table - RP-2014 projected to 2020		
Retirement Rates	Lowered rates at older ages and changed final retirement from 70 to 75		
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service		
Disability Rates	Adjusted rates to better match experience		
Salary Scale	No change		

Net Teacher Employee HIC OPEB Liability

The net OPEB liability (NOL) for the Teacher Employee Health Insurance Credit Program represents the program's total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of June 30, 2017, NOL amounts for the VRS Teacher Employee Health Insurance Credit Program is as follows (amounts expressed in thousands):

	_	Teacher Employee HIC OPEB Plan
Total Teacher Employee HIC OPEB Liability Plan Fiduciary Net Position	\$	1,364,702 96,091
Teacher Employee net HIC OPEB Liability (Asset)	\$ =	1,268,611
Plan Fiduciary Net Position as a Percentage of the Total Teacher Employee HIC OPEB Liability		7.04%

The total Teacher Employee HIC OPEB liability is calculated by the System's actuary, and the plan's fiduciary net position is reported in the System's financial statements. The net Teacher Employee HIC OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System's notes to the financial statements and required supplementary information.

NOTE 18—TEACHER EMPLOYEE HEALTH INSURANCE CREDIT (HIC) PROGRAM (OPEB PLAN): (CONTINUED)

Long-Term Expected Rate of Return

The long-term expected rate of return on the VRS System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of VRS System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class (Strategy)	Target Allocation	Arithmetic Long-term Expected Rate of Return	Weighted Average Long-term Expected Rate of Return
Public Equity	40.00%	4.54%	1.82%
Fixed Income	15.00%	0.69%	0.10%
Credit Strategies	15.00%	3.96%	0.59%
Real Assets	15.00%	5.76%	0.86%
Private Equity	15.00%	9.53%	1.43%
Total	100.00%		4.80%
		Inflation	2.50%
*Expected arithmetic nominal return			7.30%

^{*}The above allocation provides a one-year return of 7.30%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 6.83%, including expected inflation of 2.50%.

Discount Rate

The discount rate used to measure the total Teacher Employee HIC OPEB was 7.00%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made in accordance with the VRS funding policy and at rates equal to the actuarially determined contribution rates adopted by the VRS Board of Trustees. Through the fiscal year ending June 30, 2019, the rate contributed by each school division for the VRS Teacher Employee Health Insurance Credit Program will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly. From July 1, 2019 on, all agencies are assumed to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the Teacher Employee HIC OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total Teacher Employee HIC OPEB liability.

NOTE 18—TEACHER EMPLOYEE HEALTH INSURANCE CREDIT (HIC) PROGRAM (OPEB PLAN): (CONTINUED)

Sensitivity of the School Division's Proportionate Share of the Teacher Employee HIC Net OPEB Liability to Changes in the Discount Rate

The follow presents the school division's proportionate share of the VRS Teacher Employee Health Insurance Credit Program net HIC OPEB liability using the discount rate of 7.00%, as well as what the school division's proportionate share of the net HIC OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (6.00%) or one percentage point higher (8.00%) than the current rate:

	 Rate				
	1% Decrease		Current Discount		1% Increase
	(6.00%)		(7.00%)		(8.00%)
School division's proportionate					
share of the VRS Teacher					
Employee HIC OPEB Plan					
Net HIC OPEB Liability	\$ 3,513,390	\$	3,148,190	\$	2,836,940

Teacher Employee HIC OPEB Fiduciary Net Position

Detailed information about the VRS Teacher Employee Health Insurance Credit Program's Fiduciary Net Position is available in the separately issued VRS 2017 Comprehensive Annual Financial Report (CAFR). A copy of the 2017 VRS CAFR may be downloaded from the VRS website at http://www.varetire.org/Pdf/Publications/2017-annual-report.pdf, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

NOTE 19—GROUP LIFE INSURANCE (GLI) PROGRAM (OPEB PLAN):

Plan Description

All full-time, salaried permanent employees of the state agencies, teachers, and employees of participating political subdivisions are automatically covered by the VRS Group Life Insurance Program upon employment. This is a cost-sharing multiple-employer plan administered by the Virginia Retirement System (the System), along with pensions and other OPEB plans, for public employer groups in the Commonwealth of Virginia.

In addition to the Basic Group Life Insurance benefit, members are also eligible to elect additional coverage for themselves as well as a spouse or dependent children through the Optional Group Life Insurance Program. For members who elect the optional group life insurance coverage, the insurer bills employers directly for the premiums. Employers deduct these premiums from members' paychecks and pay the premiums to the insurer. Since this is a separate and fully insured program, it is not included as part of the Group Life Insurance Program OPEB.

NOTE 19—GROUP LIFE INSURANCE (GLI) PROGRAM (OPEB PLAN): (CONTINUED)

Plan Description: (Continued)

The specific information for Group Life Insurance Program OPEB, including eligibility, coverage and benefits is set out in the table below:

GROUP LIFE INSURANCE PROGRAM PLAN PROVISIONS

Eligible Employees

The Group Life Insurance Program was established July 1, 1960, for state employees, teachers and employees of political subdivisions that elect the program, including the following employers that do not participate in VRS for retirement:

- City of Richmond
- City of Portsmouth
- City of Roanoke
- City of Norfolk
- Roanoke City School Board

Basic group life insurance coverage is automatic upon employment. Coverage ends for employees who leave their position before retirement eligibility or who take a refund of their member contributions and accrued interest.

Benefit Amounts

The benefits payable under the Group Life Insurance Program have several components.

- <u>Natural Death Benefit</u> The natural death benefit is equal to the employee's covered compensation rounded to the next highest thousand and then doubled.
- Accidental Death Benefit The accidental death benefit is double the natural death benefit.
- Other Benefit Provisions In addition to the basic natural and accidental death benefits, the program provides additional benefits provided under specific circumstances. These include:
 - o Accidental dismemberment benefit
 - Safety belt benefit
 - Repatriation benefit
 - Felonious assault benefit
 - o Accelerated death benefit option

Reduction in Benefit Amounts

The benefit amounts provided to members covered under the Group Life Insurance Program are subject to a reduction factor. The benefit amount reduces by 25% on January 1 following one calendar year of separation. The benefit amount reduces by an additional 25% on each subsequent January 1 until it reaches 25% of its original value.

NOTE 19—GROUP LIFE INSURANCE (GLI) PROGRAM (OPEB PLAN): (CONTINUED)

Plan Description: (Continued)

GROUP LIFE INSURANCE PROGRAM PLAN PROVISIONS (CONTINUED)

Minimum Benefit Amount and Cost-of-Living Adjustment (COLA)

For covered members with at least 30 years of creditable service, there is a minimum benefit payable under the Group Life Insurance Program. The minimum benefit was set at \$8,000 by statute. The amount is increased annually based on the VRS Plan 2 cost-of-living adjustment and is currently \$8,111.

Contributions

The contribution requirements for the Group Life Insurance Program are governed by §51.1-506 and §51.1-508 of the Code of Virginia, as amended, but may be impacted as a result of funding provided to state agencies and school divisions by the Virginia General Assembly. The total rate for the Group Life Insurance Program was 1.31% of covered employee compensation. This was allocated into an employee and an employer component using a 60/40 split. The employee component was 0.79% (1.31% x 60%) and the employer component was 0.52% (1.31% x 40%). Employers may elect to pay all or part of the employee contribution; however, the employer must pay all of the employer contribution. Each employer's contractually required employer contribution rate for the year ended June 30, 2018 was 0.52% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2015. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits payable during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the Group Life Insurance Program from the entity were \$36,385 and \$34,264 for the years ended June 30, 2018 and June 30, 2017, respectively, for the County; \$12,036 and \$12,138 for the years ended June 30, 2018 and June 30, 2017, respectively, for the School Board (nonprofessional); and \$104,282 and \$102,421 for the years ended June 30, 2018 and June 30, 2017, respectively, for the School Board (professional).

GLI OPEB Liabilities, GLI OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Group Life Insurance Program OPEB

At June 30, 2018, the entity reported a liability of \$535,000, \$189,000, and \$1,601,900 for the County, School Board Nonprofessional, and School Board Professional, respectively, for its proportionate share of the Net GLI OPEB Liability was measured as of June 30, 2017 and the total GLI OPEB liability used to calculate the Net GLI OPEB Liability was determined by an actuarial valuation as of that date. The covered employer's proportion of the Net GLI OPEB Liability was based on the covered employer's actuarially determined employer contributions to the Group Life Insurance Program for the year ended June 30, 2017 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2017, the participating employer's proportion was 0.09680%, 0.02394%, and 0.23558% as compared to 0.09369%, 0.02261%, and 0.23452% at June 30, 2016 for the County, School Board Nonprofessional, and School Board Professional, respectively.

NOTE 19—GROUP LIFE INSURANCE (GLI) PROGRAM (OPEB PLAN): (CONTINUED)

GLI OPEB Liabilities, GLI OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Group Life Insurance Program OPEB

For the year ended June 30, 2018, the participating employer recognized GLI OPEB expense of \$9,000, \$1,000, and \$14,110 for the County, School Board Nonprofessional, and School Board Professional, respectively. Since there was a change in proportionate share between measurement dates, a portion of the GLI OPEB expense was related to deferred amounts from changes in proportion.

At June 30, 2018, the employer reported deferred outflows of resources and deferred inflows of resources related to the GLI OPEB from the following sources:

		Deferred Outflows of Resources		Deferred Inflows of Resources
Primary Government				
Differences between expected and actual experience	\$	-	\$	12,000
Net difference between projected and actual earnings on GLI OPEB program investments		-		20,000
Change in assumptions		-		28,000
Changes in proportion		15,000		-
Employer contributions subsequent to the measurement date		36,385		-
Total	\$	51,385	\$	60,000
Component Unit School Board (nonprofessional)			- :	
Differences between expected and actual experience	\$	-	\$	4,000
Net difference between projected and actual earnings on GLI OPEB program investments		-		7,000
Change in assumptions		-		10,000
Changes in proportion		-		5,000
Employer contributions subsequent to the measurement date	_	12,036	_	<u>-</u>
Total	\$	12,036	\$	26,000
Component Unit School Board (professional)			- :	
Differences between expected and actual experience	\$	-	\$	35,690
Net difference between projected and actual earnings on GLI OPEB program investments		-		60,590
Change in assumptions		-		82,170
Changes in proportion		-		22,410
Employer contributions subsequent to the				
measurement date		104,282		-
Total	\$	104,282	\$	200,860

NOTE 19—GROUP LIFE INSURANCE (GLI) PROGRAM (OPEB PLAN): (CONTINUED)

GLI OPEB Liabilities, GLI OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Group Life Insurance Program OPEB (Continued)

\$36,385, \$12,036 and \$104,282 for the County, School Board Nonprofessional, and School Board Professional, respectively, reported as deferred outflows of resources related to the GLI OPEB resulting from the employer's contributions subsequent to the measurement date will be recognized as a reduction of the Net GLI OPEB Liability in the fiscal year ending June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the GLI OEPB will be recognized in the GLI OPEB expense in future reporting periods as follows:

Year Ended June 30	Primary Government	Component Unit School Board (nonprofessional)	Component Unit School Board (professional)
2019	(9,000) \$	(5,000) \$	(40,670)
2020	(9,000)	(5,000)	(40,670)
2021	(9,000)	(5,000)	(40,670)
2022	(9,000)	(5,000)	(40,670)
2023	(4,000)	(4,000)	(25,730)
Thereafter	(5,000)	(2,000)	(12,450)

Actuarial Assumptions

The total GLI OPEB liability was based on an actuarial valuation as of June 30, 2016, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2017.

Inflation	2.5%
Salary increases, including inflation:	
General state employees	3.5% - 5.35%
Teachers	3.5%-5.95%
SPORS employees	3.5%-4.75%
VaLORS employees	3.5%-4.75%
JRS employees	4.5%
Locality - General employees	3.5%-5.35%
Locality - Hazardous Duty employees	3.5%-4.75%
Investment rate of return	7.0%, net of investment expenses, including inflation*

^{*}Administrative expenses as a percent of the market value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 7.0%. However, since the difference was minimal, and a more conservative 7.0% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 7.0% to simplify preparation of OPEB liabilities.

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates to 81 and older projected with scale BB to 2020; males set back 1 year, 85% of rates; females set back 1 year.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2020; males set forward 1 year; females set back 1 year with 1.5% compounding increase from ages 70 to 85.

Post-Disablement:

RP-2014 Disability Mortality Rates projected with scale BB to 2020; males 115% of rates; females 130% of rates.

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table - RP-2014 projected to 2020
Retirement Rates	Decreased rates at first retirement eligibility
Withdrawal Rates	No change
Disability Rates	Removed disability rates
Salary Scale	No change

NOTE 19—GROUP LIFE INSURANCE (GLI) PROGRAM (OPEB PLAN): (CONTINUED)

Actuarial Assumptions: (Continued)

Mortality Rates – Largest Ten Locality Employers – General Employees

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates to 81 and older projected with scale BB to 2020; males 95% of rates; females 105% of rates.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2020; males set forward 3 years; females 1.0% increase compounded from ages 70 to 90.

Post-Disablement:

RP-2014 Disability Mortality Rates projected with scale BB to 2020; males set forward 2 years, 110% of rates; females 125% of rates.

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table - RP-2014 projected to 2020
Retirement Rates	Lowered retirement rates at older ages and extended final retirement age from 70 to 75
Withdrawal Rates	Adjusted termination rates to better fit experience at each age and service year
Disability Rates	Lowered disability rates
Salary Scale	No change
Line of Duty Disability	Increased rate from 14% to 20%

NOTE 19—GROUP LIFE INSURANCE (GLI) PROGRAM (OPEB PLAN): (CONTINUED)

Actuarial Assumptions: (Continued)

Mortality Rates - Non-Largest Ten Locality Employers - General Employees

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates to 81 and older projected with scale BB to 2020; males 95% of rates; females 105% of rates.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2020; males set forward 3 years; females 1.0% increase compounded from ages 70 to 90.

Post-Disablement:

RP-2014 Disability Mortality Rates projected with scale BB to 2020; males set forward 2 years, 110% of rates; females 125% of rates.

The actuarial assumptions used in the June 30, 2016 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016. Changes to the actuarial assumptions as a result of the experience study are as follows:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table - RP-2014 projected to 2020
Retirement Rates	Lowered retirement rates at older ages and extended final retirement age from 70 to 75
Withdrawal Rates	Adjusted termination rates to better fit experience at each age and service year
Disability Rates	Lowered disability rates
Salary Scale	No change
Line of Duty Disability	Increased rate from 14% to 15%

Mortality Rates – Largest Ten Locality Employers – Hazardous Duty Employees

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates to 81 and older projected with scale BB to 2020; males 90% of rates; females set forward 1 year.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2020; males set forward 1 year with 1.0% increase compounded from ages 70 to 90; females set forward 3 years.

Post-Disablement:

RP-2014 Disability Mortality Rates projected with scale BB to 2020; males set forward 2 years; unisex using 100% male.

NOTE 19—GROUP LIFE INSURANCE (GLI) PROGRAM (OPEB PLAN): (CONTINUED)

Actuarial Assumptions: (Continued)

Mortality Rates – Largest Ten Locality Employers – Hazardous Duty Employees: (Continued)

The actuarial assumptions used in the June 30, 2016 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016. Changes to the actuarial assumptions as a result of the experience study are as follows:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table - RP-2014 projected to 2020
Retirement Rates	Lowered retirement rates at older ages
Withdrawal Rates	Adjusted termination rates to better fit experience at each age and service year
Disability Rates	Increased disability rates
Salary Scale	No change
Line of Duty Disability	Increased rate from 60% to 70%

Mortality Rates - Non-Largest Ten Locality Employers - Hazardous Duty Employees

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates to 81 and older projected with scale BB to 2020; males 90% of rates; females set forward 1 year.

Post-Disablement:

RP-2014 Disability Mortality Rates projected with scale BB to 2020; males set forward 2 years; unisex using 100% male.

NOTE 19—GROUP LIFE INSURANCE (GLI) PROGRAM (OPEB PLAN): (CONTINUED)

Actuarial Assumptions: (Continued)

Mortality Rates - Non-Largest Ten Locality Employers - Hazardous Duty Employees: (Continued)

The actuarial assumptions used in the June 30, 2016 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016. Changes to the actuarial assumptions as a result of the experience study are as follows:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table - RP-2014 projected to 2020
Retirement Rates	Increased age 50 rates and lowered rates at older ages
Withdrawal Rates	Adjusted termination rates to better fit experience at each age and service year
Disability Rates	Adjusted rates to better match experience
Salary Scale	No change
Line of Duty Disability	Decreased rate from 60% to 45%

NET GLI OPEB Liability

The net OPEB liability (NOL) for the Group Life Insurance Program represents the program's total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of June 30, 2017, NOL amounts for the Group Life Insurance Program is as follows (amounts expressed in thousands):

	_	Group Life Insurance OPEB Program
Total GLI OPEB Liability	\$	2,942,426
Plan Fiduciary Net Position		1,437,586
Employers' Net GLI OPEB Liability (Asset)	\$	1,504,840
Plan Fiduciary Net Position as a Percentage	_	
of the Total GLI OPEB Liability		48.86%

The total GLI OPEB liability is calculated by the System's actuary, and each plan's fiduciary net position is reported in the System's financial statements. The net GLI OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System's notes to the financial statements and required supplementary information.

NOTE 19—GROUP LIFE INSURANCE (GLI) PROGRAM (OPEB PLAN): (CONTINUED)

Long-Term Expected Rate of Return

The long-term expected rate of return on the System's investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of System's investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class (Strategy)	Target Allocation	Arithmetic Long-term Expected Rate of Return	Weighted Average Long-term Expected Rate of Return
Public Equity	40.00%	4.54%	1.82%
Fixed Income	15.00%	0.69%	0.10%
Credit Strategies	15.00%	3.96%	0.59%
Real Assets	15.00%	5.76%	0.86%
Private Equity	15.00%	9.53%	1.43%
Total	100.00%		4.80%
		Inflation	2.50%
	*Expected arithm	etic nominal return	7.30%

^{*}The above allocation provides a one-year return of 7.30%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 6.83%, including expected inflation of 2.50%.

Discount Rate

The discount rate used to measure the total GLI OPEB liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made per the VRS guidance and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Through the fiscal year ending June 30, 2019, the rate contributed by the entity for the GLI OPEB will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly. From July 1, 2019 on, employers are assumed to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the GLI OPEB's fiduciary net position was projected to be available to make all projected future benefit payments of eligible employees. Therefore the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total GLI OPEB liability.

NOTE 19—GROUP LIFE INSURANCE (GLI) PROGRAM (OPEB PLAN): (CONTINUED)

Sensitivity of the Employer's Proportionate Share of the Net GLI OPEB Liability to Changes in the Discount Rate

The follow presents the employer's proportionate share of the net GLI OPEB liability using the discount rate of 7.00%, as well as what the employer's proportionate share of the net GLI OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (6.00%) or one percentage point higher (8.00%) than the current rate:

		Rate	
	1% Decrease	Current Discount	1% Increase
	(6.00%)	 (7.00%)	(8.00%)
County's proportionate share of the Group Life Insurance Program Net OPEB Liability	\$ 692,000	\$ 535,000	\$ 408,000
School Board(nonporfessional)'s proportionate share of the Group Life Insurance Program Net OPEB Liability	\$ 244,000	189,000	144,000
School Board(porfessional)'s proportionate share of the Group Life Insurance Program Net OPEB Liability	\$ 2,071,680	\$ 1,601,900	\$ 1,220,930

Group Life Insurance Program Fiduciary Net Position

Detailed information about the Group Life Insurance Program's Fiduciary Net Position is available in the separately issued VRS 2017 Comprehensive Annual Financial Report (CAFR). A copy of the 2017 VRS CAFR may be downloaded from the VRS website at http://www.varetire.org/Pdf/Publications/2017-annual-report.pdf, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

NOTE 20—RESTRICTED ASSETS:

Restricted assets at June 30, 2018 consist of the following:

	<u> </u>	Sovernmental Activities
Cash for Capital Projects - Middle School Cash for E-911 Radio Project Cash for Zion Crossroads Water & Sewer	\$	138,609 433,468 8,590,524
Total	\$	9,162,601

NOTE 21—ADOPTION OF ACCOUNTING PRINCIPLES:

The County implemented the financial reporting provisions of Governmental Accounting Standards Board Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions during the fiscal year ended June 30, 2018. This Statement establishes standards for measuring and recognizing liabilities, deferred outflows of resources, deferred inflows of resources, and expense/expenditures related to postemployment benefits other than pensions (other postemployment benefits or OPEB). Note disclosure and required supplementary information requirements about OPEB are also addressed. The requirements of this Statement will improve accounting and financial reporting by state and local governments for OPEB. In addition, the County implemented Governmental Accounting Standards Board Statement No. 85, Omnibus 2017 during the fiscal year ended June 30, 2018. This Statement addresses practice issues identified during implementation and application of certain GASB statements for a variety of topics including issues related to blending component units, goodwill, fair value measurement and application, and postemployment benefits (pensions and other postemployment benefits (OPEB)). The implementation of these Statements resulted in the following restatement of net position:

		Governmental	
		Activities	School Board
Net Position as reported at June 30, 2017	\$	41,549,388 \$	(15,169,180)
Implementation of GASB 75: Net Health Insurance OPEB		(202,469)	193,038
Net Group Life Insurance OPEB		(571,000)	(2,002,650)
Net Heath Insurance Credit OPEB	-	(23,794)	(3,008,750)
Net Position as restated at June 30, 2017	\$	40,752,125 \$	(19,987,542)

NOTE 22—UPCOMING PRONOUNCEMENTS:

Statement No. 83, Certain Asset Retirement Obligations, addresses accounting and financial reporting for certain asset retirement obligations (AROs). An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset. A government that has legal obligations to perform future asset retirement activities related to its tangible capital assets should recognize a liability based on the guidance in this Statement. This Statement establishes criteria for determining the timing and pattern of recognition of a liability and a corresponding deferred outflow of resources for AROs. The requirements of this Statement are effective for reporting periods beginning after June 15, 2018.

Statement No. 84, *Fiduciary Activities*, establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities. This Statement describes four fiduciary funds that should be reported, if applicable: (1) pension (and other employee benefit) trust funds, (2) investment trust funds, (3) private-purpose trust funds, and (4) custodial funds. This Statement also provides for recognition of a liability to the beneficiaries in a fiduciary fund when an event has occurred that compels the government to disburse fiduciary resources. The requirements of this Statement are effective for reporting periods beginning after December 15, 2018.

NOTE 22—UPCOMING PRONOUNCEMENTS: (CONTINUED)

Statement No. 87, *Leases*, increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019.

Statement No. 88, Certain Disclosures Related to Debt, Including Direct Borrowings and Direct Placements, clarifies which liabilities governments should include when disclosing information related to debt. It defines debt for purposes of disclosure in notes to financial statements as a liability that arises from a contractual obligation to pay cash (or other assets that may be used in lieu of cash) in one or more payments to settle an amount that is fixed at the date the contractual obligation is established. The Statement requires that additional essential information related to debt be disclosed in notes to financial statements, including unused lines of credit; assets pledged as collateral for the debt; and terms specified in debt agreements related to significant events of default with finance-related consequences, significant termination events with finance-related consequences, and significant subjective acceleration clauses. For notes to financial statements related to debt, it requires that existing and additional information be provided for direct borrowings and direct placements of debt separately from other debt. The requirements of this Statement are effective for reporting periods beginning after June 15, 2018.

Statement No. 89, Accounting for Interest Cost Incurred Before the End of a Construction Period, enhances the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and simplifies accounting for interest cost incurred before the end of a construction period. Such interest cost includes all interest that previously was accounted for in accordance with the requirements of paragraphs 5-22 of Statement No. 62, Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements, which are superseded by this Statement. This Statement requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. As a result, interest cost incurred before the end of a construction period will not be included in the historical cost of a capital asset reported in a business-type activity or enterprise fund. This Statement also reiterates that in financial statements prepared using the current financial resources measurement focus, interest cost incurred before the end of a construction period should be recognized as an expenditure on a basis consistent with governmental fund accounting principles. The County early implemented the financial reporting provisions.

Management is currently evaluating the impact these standards will have on the financial statements when adopted.

Current year contributions are from County of Culpeper and Culpeper County School Board's records and prior year contributions are from the VRS actuarial valuation performed each year.

The School Board Professional Schedule is intended to show information for 10 years. Information prior to 2015 is not available. However, additional years will be included as they become available.

Notes to Required Supplementary Information For the Year Ended June 30, 2018

Changes of benefit terms – There have been no actuarially material changes to the System benefit provisions since the prior actuarial valuation. The 2014 valuation includes Hybrid Retirement Plan members for the first time. The hybrid plan applies to most new employees hired on or after January 1, 2014 and not covered by enhanced hazardous duty benefits. Because this is a fairly new benefit and the number of participants was relatively small, the impact on the liabilities as of the measurement date of June 30, 2017 are not material.

Changes of assumptions – The following changes in actuarial assumptions were made effective June 30, 2016 based on the most recent experience study of the System for the four-year period ending June 30, 2016:

Largest 10 - Non-Hazardous Duty:

Mortality Rates (pre-retirement, post-retirement	Updated to a more current mortality table - RP-2014
Retirement Rates	Lowered rates at older ages and changed final retirement
Withdrawal Rates	Adjusted rates to better fit experience at each year age and
Disability Rates	Lowered rates
Salary Scale	No change
Line of Duty Disability	Increased rate from 14% to 20%

Largest 10 – Hazardous Duty:

Mortality Rates (pre-retirement, post-retirement	Updated to a more current mortality table - RP-2014
Retirement Rates	Lowered rates at older ages
Withdrawal Rates	Adjusted rates to better fit experience
Disability Rates	Increased rates
Salary Scale	No change
Line of Duty Disability	Increased rate from 60% to 70%

All Others (Non 10 Largest) - Non-Hazardous Duty:

Mortality Rates (pre-retirement, post-retirement	Updated to a more current mortality table - RP-2014
Retirement Rates	Lowered rates at older ages and changed final retirement
Withdrawal Rates	Adjusted rates to better fit experience at each year age and
Disability Rates	Lowered rates
Salary Scale	No change
Line of Duty Disability	Increased rate from 14% to 15%

All Others (Non 10 Largest) - Hazardous Duty:

_	(. to.: . o =a.goot)a=a.aoao = atj.	
	Mortality Rates (pre-retirement, post-retirement	Updated to a more current mortality table - RP-2014
	Retirement Rates	Increased age 50 rates, and lowered rates at older ages
	Withdrawal Rates	Adjusted rates to better fit experience at each year age and
	Disability Rates	Adjusted rates to better fit experience

Notes to Required Supplementary Information - County and School Board OPEB For the Year Ended June 30, 2018

Valuation Date: 7/1/2017

Actuarially determined contribution rates are calculated as of July 1, 2016, prior to the fiscal year in which they are reported, and have been projected to June 30, 2017 on a "no gain/no loss" basis.

Methods and assumptions used to determine contribution rates:

retrious and assumptions used to determin	
Actuarial Cost Method	Projected Unit Credit
Amortization Method/Period	Level Percentage of Payroll, Closed, 28 Years Remaing as of
Asset Valuation Method	Fair market value of assets
Inflation	
	2.50%
Medical Trend Rate	The medical trend rate assumption starts at 6.0% in 2017 and gradually declines to 4.20% by the year 2095.
Salary Increases	
	3.00%
Investment Rate of Return	7.00%
Retirement Age	The average age at retirement is 62
Mortality Rates	The mortality rates for active and healthy retirees was calculated using the RP-2014 using scale BB to 2020. The mortality rates for disabled retirees and calculated using the RP-2014 Disabled Mortality Rates with scale BB to 2020.

COUNTY OF FLUVANNA, VIRGINIA

Notes to Required Supplementary Information Group Life Insurance Program For the Year Ended June 30, 2018

Changes of benefit terms – There have been no actuarially material changes to the System benefit provisions

Changes of assumptions – The following changes in actuarial assumptions were made effective June 30, 2016 based on the most recent experience study of the System for the four-year period ending June 30, 2016:

General State Employees

Sonorar Otato Employees	
Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table - RP-2014 projected to 2020
Retirement Rates	Lowered rates at older ages and changed final retirement from 70 to 75
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Adjusted rates to better match experience
Salary Scale	No change
Line of Duty Disability	Increased rate from 14% to 25%

Teachers

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table - RP-2014 projected to 2020
Retirement Rates	Lowered rates at older ages and changed final retirement from 70 to 75
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Adjusted rates to better match experience
Salary Scale	No change

SPORS Employees

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table - RP-2014 projected to 2020 and reduced margin for future improvement in accordance with experience
Retirement Rates	Increased age 50 rates and lowered rates at older ages
Withdrawal Rates	Adjusted rates to better fit experience
Disability Rates	Adjusted rates to better match experience
Salary Scale	No change
Line of Duty Disability	Increased rate from 60% to 85%

VaLORS Employees

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table - RP-2014 projected to 2020 and reduced margin for future improvement in accordance with experience
Retirement Rates	Increased age 50 rates and lowered rates at older ages
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Adjusted rates to better fit experience
Salary Scale	No change
Line of Duty Disability	Decreased rate from 50% to 35%

Statistical Section

Contents	Tables
Financial Trends These tables contain trend information to help the reader understand how the County's financial performance and well-being have changed over time.	
Net Position by Component	1
Changes in Net Position Fund Balances of Governmental Funds	2
Changes in Fund Balances of Governmental Funds	4
Revenue Capacity	
These tables contain information to help the reader assess the factors affecting the County's ability to generate its property and sales taxes.	
Assessed Value and Estimated Actual Value of Taxable Property	5
Property Tax Rates	6
Principal Property Taxpayers	7
Property Tax Levies and Collections	8
Debt Capacity	
These tables present information to help the reader assess the affordability of the County's current levels of outstanding debt and the County's ability to issue debt in the future.	
Ratios of Outstanding Debt by Type	9
Ratio of Net General Bonded Debt to Assessed Value and Net Bonded Debt Per Capita Debt Policy Information	10 11
Demographic and Economic Information	
These tables offer demographic and economic indicators to help the reader	
understand the environment within which the County's financial activities take	
place and to help make comparisons over time and with other governments.	12
Demographic and Economic Statistics Principal Employers	12
Fillicipal Employers	13
Operating Information	
These tables contain information about the County's operations and resources	
to help the reader understand how the County's financial information relates to	
the services the County provides and the activities it performs.	1.4
Full-time Equivalent County Government Employees by Function Operating Indicators by Function	14 15
Capital Asset Statistics by Function	16
Capital / 10001 Statistics by Latistici	10

Sources: Unless otherwise noted, the information in these tables is derived from the comprehensive annual financial reports for the relevant year. The County implemented GASB Statement 34 in fiscal year 2003; schedules presenting government-wide information include information beginning in that year.

Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To the Honorable Members of the Board of Supervisors County of Fluvanna, Virginia

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Counties, Cities, and Towns,* issued by the Auditor of Public Accounts of the Commonwealth of Virginia, the financial statements of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of County of Fluvanna, Virginia, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the County of Fluvanna, Virginia's basic financial statements, and have issued our report thereon dated November 30, 2018.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered County of Fluvanna, Virginia's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of County of Fluvanna, Virginia's internal control. Accordingly, we do not express an opinion on the effectiveness of County of Fluvanna, Virginia's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether County of Fluvanna, Virginia's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Charlottesville, Virginia November 30, 2018

ROBINSON, FARMER, COX ASSOCIATES

CERTIFIED PUBLIC ACCOUNTANTS

A PROFESSIONAL LIMITED LIABILITY COMPAN

Independent Auditors' Report on Compliance For Each Major Program and on Internal Control over Compliance Required by the Uniform Guidance

To the Honorable Members of the Board of Supervisors County of Fluvanna, Virginia

Report on Compliance for Each Major Federal Program

We have audited County of Fluvanna, Virginia's compliance with the types of compliance requirements described in the OMB *Compliance Supplement* that could have a direct and material effect on each of County of Fluvanna Virginia's major federal programs for the year ended June 30, 2018. County of Fluvanna, Virginia's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of County of Fluvanna, Virginia's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirement, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about County of Fluvanna, Virginia's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of County of Fluvanna, Virginia's compliance.

Opinion on Each Major Federal Program

In our opinion, County of Fluvanna, Virginia complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2018.

Report on Internal Control over Compliance

Management of County of Fluvanna, Virginia is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered County of Fluvanna, Virginia's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of County of Fluvanna, Virginia's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

See accompanying notes to schedule of expenditures of federal awards.

Notes to Schedule of Expenditures of Federal Awards Year Ended June 30, 2018

Note 1 - Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the County of Fluvanna, Virginia under programs of the federal government for the year ended June 30, 2018. The information in this Schedule is presented in accordance with the requirements of the Uniform Guidance. Because the Schedule presents only a selected portion of the operations of the County of Fluvanna, Virginia, it is not intended to and does not present the financial position, changes in net position, or cash flows of the County of Fluvanna, Virginia.

Note 2 - Summary of Significant Accounting Policies

- (1) Expenditures on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.
- (2) Pass-through entity identifying numbers are presented where available.

Note 3 - Food Donation

Nonmonetary assistance is reported in the schedule at fair market value of the commodities received and disbursed.

Note 4 - De Minimis Cost Rate

The County did not elect to use the 10-percent deminimis indirect cost rate allowed under Uniform Guidance.

Note 5 - Subrecipients

No awards were passed through to subrecipients.

Note 6 - Loan Balances

The County has no loans or loan guarantees which are subject to reporting requirements for the current year.

Note 7 - Relationship to Financial Statements

Federal expenditures, revenues and capital contributions are reported in the County's basic financial statements as follows:

Intergovernmental federal revenues per the basic financial statements:

Primary government:		
General Fund	\$	1,530,782
Total primary government	\$	1,530,782
Component Unit School Board:		
School Operating Fund	\$	1,340,368
School Cafeteria Fund		756,022
Total component unit school board	\$	2,096,390
Total federal expenditures per basic financial	=	
statements	\$	3,627,172
Federal Interest Subsidiary	\$	(207,240)
Total federal expenditures per the Schedule of Expenditures		
of Federal Awards	\$	3,419,932

Notes to Schedule of Expenditures of Federal Awards Year Ended June 30, 2018

Note 1 - Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the County of Fluvanna, Virginia under programs of the federal government for the year ended June 30, 2018. The information in this Schedule is presented in accordance with the requirements of the Uniform Guidance. Because the Schedule presents only a selected portion of the operations of the County of Fluvanna, Virginia, it is not intended to and does not present the financial position, changes in net position, or cash flows of the County of Fluvanna, Virginia.

Note 2 - Summary of Significant Accounting Policies

- (1) Expenditures on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.
- (2) Pass-through entity identifying numbers are presented where available.

Note 3 - Food Donation

Nonmonetary assistance is reported in the schedule at fair market value of the commodities received and disbursed.

Note 4 - De Minimis Cost Rate

The County did not elect to use the 10-percent deminimis indirect cost rate allowed under Uniform Guidance.

Note 5 - Subrecipients

No awards were passed through to subrecipients.

Note 6 - Loan Balances

The County has no loans or loan guarantees which are subject to reporting requirements for the current year.

Note 7 - Relationship to Financial Statements

Federal expenditures, revenues and capital contributions are reported in the County's basic financial statements as follows:

Intergovernmental federal revenues per the basic financial statements:

Primary government:		
General Fund	\$	1,530,782
Total primary government	\$	1,530,782
Component Unit School Board:		
School Operating Fund	\$	1,340,368
School Cafeteria Fund		756,022
Total component unit school board	\$	2,096,390
Total federal expenditures per basic financial	-	
statements	\$	3,627,172
Federal Interest Subsidiary	\$	(207,240)
Total federal expenditures per the Schedule of Expenditures		
of Federal Awards	\$	3,419,932

FLUVANNA COUNTY BOARD OF SUPERVISORS REGULAR MEETING MINUTES

Circuit Court Room December 5, 2018 Regular Meeting 4:00pm

Budget Work Session - Immediately Follows Regular Meeting

MEMBERS PRESENT: John M. (Mike) Sheridan, Columbia District, Chair

Mozell Booker, Fork Union District, Vice Chair

Patricia Eager, Palmyra District Tony O'Brien, Rivanna District

Donald W. Weaver, Cunningham District

ABSENT: None.

ALSO PRESENT: Steven M. Nichols, County Administrator

Fred Payne, County Attorney

Kelly Belanger Harris, Clerk for the Board of Supervisors

1 - CALL TO ORDER, PLEDGE OF ALLEGIANCE, & MOMENT OF SILENCE

At 4:03pm Chair Sheridan called to order the Regular Meeting of December 5, 2018. After the recitation of the Pledge of Allegiance, a moment of silence was observed.

3 - ADOPTION OF AGENDA

MOTION

Mrs. Booker moved to accept the Agenda, for the December 5, 2018 Regular Meeting of the Board of Supervisors. Mr. Weaver seconded and the Agenda was adopted by a vote of 5-0. AYES: Sheridan, Booker, Eager, O'Brien, and Weaver. NAYS: None. ABSENT: None.

4 - COUNTY ADMINISTRATOR'S REPORT

Mr. Nichols reported on the following topics:

- Announcements and Updates
 - Holiday Celebrations
 - Friday, Dec 7, 6:00pm-8:00pm Pleasant Grove Open House
 - Saturday, Dec 8, 2:00pm-4:00pm Holiday Performances at Carysbrook Performing Arts
 Center
- CVEC Broadband Expansion Map and Info Updates
 - https://www.fireflyva.com/ Firefly Fiber Broadband is operated by Central Virginia Services, Inc., a wholly-owned subsidiary of Central Virginia Electric Cooperative.
 - Emancipation Proclamation Monument Unveiling in Civil War Park, Tuesday, Feb 12, 2019, 3:00 pm
- > Solar Power Tax Implications By current Fluvanna County Code, solar equipment is exempt from the value being included in real estate property improvements:
 - "Owners of real estate in Fluvanna County to which is attached certified solar energy
 equipment, facilities or devices are hereby granted an exemption from taxation on such certified
 solar energy equipment, facilities or devices...". Board interest in doing something different or in
 addition to this exemption? For example, a specific dollar amount reduction in the annual RE bill
- Potential Solar Power Tax Incentive
 - Could provide a one-time incentive for any non-commercial power customers that install solar
- > Process handled by Building Inspections Department and Commissioner of the Revenue
- ➤ If BOS decides to pursue an incentive, COR recommends that:
 - An effective date for implementation be set and it apply to installations from that point going forward (similar to what was done for tax relief for veterans),
 - Incentive be authorized for a minimum improvement value of not less than \$2,500 (most residential installations are far more expensive than that), and
 - Any incentive be implemented at the beginning of a new calendar year to align with real estate tax rates and bills.
- Upcoming Meetings

	- 0-			
Day	Date	Time	Purpose	Location

5 - PUBLIC COMMENTS #1

At 4:21pm Chair Sheridan opened the first round of Public Comments.

With no one wishing to speak, Chair Sheridan closed the first round of Public Comments at 4:21pm.

6 - PUBLIC HEARING

None.

7 - ACTION MATTERS

Pleasant Grove Deer Hunt 2018 - Fred Payne, County Attorney requested for the 2019 Annual Deer Hunt at Pleasant Grove. The Sheriff's Office continues to believe that it is necessary to reduce the numbers of deer on Pleasant Grove and that the best means of such control is through a managed hunt under the auspices of Wheelin' Sportsmen, a group affiliated with the National Wild Turkey Federation. The proposal is to permit a small (7-10) group of hunters to take deer during the current hunting season. The proposed hunt will be confined to carefully selected areas of Pleasant Grove on Friday, January 4, 2019. Like the events held in years past, it is proposed that the hunt be scheduled for the afternoon only (beginning around 2 p.m.). This reflects the success rate of the afternoon period of past years and is intended to minimize the closing of the Park as well as the time devoted by volunteers and maximizing the safety at the high school. Security will be provided by the Sheriff's Office, and portions of the property west of the dog park will be closed to public access during that day only. Primary access for hunters will be at the Sheriff's Office and the main entrance to the Pleasant Grove house. All hunters will be wheel-chair bound or otherwise handicapped, will be duly licensed and will escorted by qualified volunteers from the community. Wheelin' Sportsmen organizes similar hunts at numerous locations in Virginia, including state parks and other similar properties as well as selected private properties and has done so for many years. It is a qualified charitable organization which maintains a \$2 million liability insurance policy. The County enjoys sovereign immunity.

Similar shoots were held in January of 2013-2018 with safety and success. It is expected that, if approved, this hunt will be similar, with minor changes based on previous years' experience.

MOTION

Mrs. Eager moved that the Board of Supervisors authorize the Sheriff to conduct a deer hunt at Pleasant Grove for the purpose of controlling deer numbers, such hunt to be managed by Wheelin' Sportsmen, a non-profit organization providing outdoor recreation opportunities for handicapped hunters. Mr. Weaver gave second and the motion passed 5-0. AYE: Sheridan, Booker, Eager, O'Brien, & Weaver. NAY: None. ABSENT: None.

7A - BOARDS AND COMMISSIONS

Jefferson Area Board for Aging (JABA) Advisory Council—Steven M. Nichols, County Administrator MOTION

Mrs. Eager moved and Mrs. Booker seconded, that the Board of Supervisors approve the following Board, Commission, or Committee appointment(s):

Jefferson Area Board for Aging (JABA) Advisory Board	Linda Bernick	Immediately	4/30/2020

8 - PRESENTATIONS

One Virginia 2021 – Joe Shaver, One Virginia 2021 Representative, Fluvanna resident, and Coordinator in Fluvanna of the organization One Virginia 2021, presented an overview of redistricting reform. Mr. Shaver provided information about OneVirginia 2021 and the proposed constitutional amendment.

TJPDC Project Options—Steven M. Nichols, County Administrator, and Chip Boyles, Executive Director of the Thomas Jefferson Planning District Commission, presented potential project support options from the TJPDC. Whittled from a list of seventeen original ideas, the prioritized list included:

- > Joint Small Area Zion Crossroads Plan -- with Louisa County
- > Fork Union Business District Revitalization Planning Grant
- Rivanna River Corridor Plan
- Code Review or Audit

TJPDC and Staff recommendation:

- ➤ Joint Small Area Zion Crossroads Plan -- with Louisa County utilizing capital money already allocated to TJPDC.
- Fork Union Business District Revitalization Planning Grant

The Board directed Staff to proceed with the recommended projects: Joint Small Area Zion Crossroads Plan with Louisa County and a Fork Union Business District Revitalization Planning Grant.

9 - CONSENT AGENDA

The following items were discussed before approval:

Minutes of November 20, 2018—Kelly Belanger Harris, Clerk to the Board
Draper Aden Project Agreement # 2 - Fork Union Fire Training Building — Site Development Plans—Cyndi
Toler, Purchasing Officer

The following items were approved under the Consent Agenda for December 5, 2018:

Minutes of November 20, 2018—Kelly Belanger Harris, Clerk to the Board

Phone System Contract Amendment #1—Cyndi Toler, Purchasing Officer

Draper Aden Project Agreement # 2 - Fork Union Fire Training Building — Site Development Plans—Cyndi Toler, Purchasing Officer

MOTION

<u>Mr. Weaver moved</u> to approve the consent agenda, for the December 5, 2018 Board of Supervisors meeting. <u>Mrs. Booker seconded</u> and the motion passed 5-0. AYE: Sheridan, Booker, Eager, O'Brien, & Weaver. NAY: None. ABSENT: None.

10 - UNFINISHED BUSINESS

None.

11 - NEW BUSINESS

Additional Radios for Law Enforcement Officers—Chair Sheridan requested research into providing additional radios for Troopers and Animal Control Officers. Captain Von Hill, Sheriff's Office, will follow up with the State Police to determine if State policy allows Troopers to carry County equipment when not on duty. Mr. Nichols will return to the Board with a presentation for action if necessary.

12 - PUBLIC COMMENTS #2

At 5:06pm Chair Sheridan opened the second round of Public Comments.

With no one wishing to speak, Chair Sheridan closed the second round of Public Comments at 5:07pm.

Noting the brevity of the Regular Meeting, Mr. Nichols suggested moving the Work Session ahead of the Closed Meeting. With Board approval, the Work Session proceeded.

BUDGET WORK SESSION

FCPS Preliminary Budget Presentation—Chuck Winkler, FCPS Superintendent presented the Fluvanna County Public School preliminary FY2020 Budget.

Presentation highlights:

- Points of Pride
- Per pupil expenditure
- > Enrollment
- > FY18 Carryover Requests
- > FY20 Budget Priorities
- FY18 Carryover: Promised Carryover- \$450,000 (original estimates \$650,000 \$850,000); Actual Carryover \$427,532.12
- Extenuating Circumstances
 - Change in Business Rules for Sales Tax Reimbursement
 - Reduction in approximately \$200,000 in State Sales Tax based on change in business rules.
 - June Accelerated Sales Tax Included in November Sales Tax Distribution
 - Budgeted Utility Savings Shortfall
 - Budgeted Savings- \$142,817
 - o Actual-\$66,657.04
 - o Shortfall- \$76,159.96
 - Carryover Potential
 - Shortfalls-\$200,000 + \$76,159.96 = \$276,159.96
- ➤ Total- shortfalls + actual carryovers= \$703,692
- Monitoring FY19:
 - As of November 30 expended 36.3% of budget
 - 80.3 percent of budget is payroll
 - Increased costs associated with special education
 - Legal Fees
 - Increased students in Early Childhood
 - Utility Costs
 - Fuel costs increased by 8.2 percent over FY2018
 - Reduction in budget baseline of \$289,519
- FY20 Concerns/Unknowns
 - Health Insurance Rates
 - Utility and Fuel Costs
 - State Budget Allocations
 - Cost of Living

Budget Priorities for FY2020

Priority	Estimated Cost
3% Increase for All Staff Approximate Cost- \$850,000 -State Share \$375,000 (estimate)	\$475,000
Zero Benefit Cost Increase to Staff	?
Staffing- Social Studies, English, Health/PE, Elective, School Counselor, Apprenticeship Coordinator, Special Education	\$500,000
Technology- Chromebooks, copier lease renewal	\$650,000

Potential Budget Additions

- Substitute teacher/nurse pay- \$100,000
- Compensation for team leaders-\$40,000
- Dedicated homebound teacher-\$70,000
- Increased funding for instructional supplies/textbooks- FY19 \$70 per student and \$10 per student library books
- Early Childhood Special Education and VA Preschool Initiative Program student numbers increasing
- Middle School Agriculture Start-up-\$20,000 - \$100,000 + Teacher
- Mental Health Support- \$80,000
- Extracurricular Support/Activities-\$50,000

FY20 Budget Preview Discussion—Eric Dahl, Deputy County Administrator/ Finance Director presented the draft Comprehensive Annual Financial Report. Following a very brief introduction to the CAFR, Mr. Dahl presented a preliminary budget overview.

Highlights:

- > FY19 Revenue Outlook How aggressive on revenue estimates?
 - Already did aggressive review and estimate last year
 - Likely some CVEC new construction revenue Second half of FY20
- Mandatory Cost Drivers
 - JRWA Project Cost Increases
 - CVRJ contribution increases
 - Future cost increases for state-wide NG911 system ~\$12K per year
 - Payment to EDA for CVEC First Substation completion \$375K
 - Payments to EDA for CVEC tax rebates
- > Tax Rates and Fees Guidance
 - Real Estate (\$0.939)
 - Personal Property (\$4.35)
 - Business Personal Property (\$2.90) Raise the lower limit for taxing? (\$100 up to \$250?);
 Lengthen depreciation schedule for taxing BPP? (10 yrs vs. Lifetime)
 - Machinery and Tools (\$1.90)
 - Vehicle License Fees Car/Truck \$33; Motorcycle \$18; Trailer \$18
 - Business License Fee?

Staffing Issues

- Social Services 1.5 FTEs requested
- Library Part-time help
- Sheriff Two FT Deputies; One promotion option
- Fire/EMS Chief Position
- Joint Schools and County PIO position?
- Public Utilities staffing

Pay and Benefits

- Review all salaries for potential targeted raises Target FT less than \$15 per hour? Across the board Cost of Living?
- Work on a Step Plan for staff If implemented, how to fund? Would need contract support to analyze and propose options
- Review BCC Pay Plan Incorporate possible salary increases in FY20? Last increases July 1, 2014
- Add BIG wedge for health insurance cost increases ~\$300,000 to 500,000

Miscellaneous

- Capital Depreciation Fund planning One cent in tax rate? Schools and County?
- Review CRM and MRR plan

13 - CLOSED MEETING

MOTION TO ENTER INTO A CLOSED MEETING

At 6:57pm, Mr. O'Brien moved the Fluvanna County Board of Supervisors enter into a closed meeting, pursuant to the provisions of Section 2.2-3711 A.1, A.5, A.6, A.7, & A.8 of the Code of Virginia, 1950, as amended, for the purpose of discussing Personnel, Prospective Industry, Investment of Funds, Litigation, and Legal Matters. Mrs. Booker seconded. The motion carried, with a vote of 5-0. AYE: Sheridan, Booker, Eager, O'Brien, and Weaver. NAY: None. ABSENT: None.

MOTION TO EXIT A CLOSED MEETING & RECONVENE IN OPEN SESSION

At 8:40pm, Mr. O'Brien moved that the Closed Meeting be adjourned and the Fluvanna County Board of Supervisors convene again in open session and "BE IT RESOLVED, the Board of Supervisors does hereby certify to the best of each member's knowledge (i) only public business matters lawfully exempted from open meeting requirements under Section 2.2-3711-A of the Code of Virginia, 1950, as amended, and (ii) only such public business matters as were identified in the motion by which the closed meeting was convened were heard, discussed, or considered in the meeting." Mr. Weaver seconded. The motion carried, with a roll call vote, of 5-0. AYES: Sheridan, Booker, Eager, O'Brien, and Weaver. NAYS: None. ABSENT: None.

MOTION TO EXTEND

At 8:41pm Mrs. Eager moved to extend the meeting until 9:00pm. On a second from Mrs. Booker, the motion passed 5-0. AYE: Sheridan, Booker, Eager, O'Brien, & Weaver. NAY: None. ABSENT: None.

14 - ADJOURN

MOTION:

At 8:41pm Mr. Weaver moved to adjourn the regular meeting of Wednesday, December 5, 2018. Mrs. Booker seconded and the motion carried with a vote of 5-0. AYES: Sheridan, Booker, Eager, O'Brien, & Weaver. NAYS: None. ABSENT: None.

STAFF CONTACT(S):	Brad Robins	on, Se	enior Pla	anner							
PRESENTER(S):	Brad Robins	Brad Robinson, Senior Planner									
RECOMMENDATION:	Approval.	Approval.									
TIMING:	Immediate										
DISCUSSION:	Rezoning application ZMP 17:01 was submitted by this applicant on May 1, 2017 along with the required fee of \$1,000 plus \$50 per acre, resulting in a total fee of \$4,097.50 that was paid (the applicant's enclosed letter is in error in listing the fee as \$4,095). Due to failure of the applicant to address comments and issues with the application package, the application was deemed withdrawn in accordance with Section 22-14-2(3) of the Zoning Ordinance. Zoning text amendment application ZTA 17:05 was later submitted on July 5, 2017 along with the required fee of \$550. Due to the length of time Planning Commission discussion occurred, a new text amendment was initiated by the County in 2018. The applicant has requested a refund of fees totaling \$4,647.50 that were paid for the above applications, and a new rezoning application has been submitted and is currently in progress. The rezoning application fee was amended February 21, 2018 to a flat rate of \$1,000.

RE: Colonial Circle Rezoning and Zoning Text Amendment Application Fees Refund Request

Dear Board of Supervisors,

I am applying to rezone my property at the corner of Route 53 and Route 618, Tax Map Parcel 8-A-A14A, from A-1 Agricultural to R-3 with special use permit allowances to allow for a mixed-use development with a mixture of housing types and various commercial uses. This project is commonly known as "Colonial Circle." Colonial Circle is located at a strategic location within the Rivanna Growth area in Fluvanna County in close proximity to established development in and around Lake Monticello and is at a convenient location for access to Charlottesville.

I had previously applied to rezone this property to Planned Unit Development ("PUD") in May 2017 and was informed by the County that a PUD was not recommended outside the Zion Crossroads area. Per County Staff recommendation, I was guided to refrain from pursuing ongoing review of the application while the County pursued a Zoning Text Amendment ("ZTA") for Sec. 22-7-8 of the Fluvanna County Zoning Ordinance to align the zoning ordinance with recommended density outlined in the Adopted 2015 Comprehensive Plan. Prior to the County submitting their ZTA request, I had initiated a ZTA request for the same revision.

Based on goals and visions outlined in the Comprehensive Plan, Colonial Circle is the type of development Fluvanna County desires but up until the October 17, 2018 Board adoption of a revision to Sec. 22-7-8 of the Zoning Ordinance, this type of development was not possible. Colonial Circle has been on hold for a year and a half while the County-initiated ZTA moved through the public hearing process. Given the adoption of the revision to Sec. 22-7-8, Colonial Circle can now be reviewed because the proposal is allowable by provisions in the R-3 ordinance. Since my previous rezoning application for a PUD development and my ZTA request were not extensively reviewed and did not move forward to public hearing per direction by County Staff, I would like to request a refund of the application fees paid for the rezoning and ZTA.

I believe in the viability of this project and the positive economic impacts this development will have on Fluvanna County and so I am continuing to pursue a rezoning on this property. Given the revision to the zoning ordinance and the recommendation by County Staff, I am now applying to rezone the property to R-3 since this zoning district better aligns with the proposed character of the development. The application plan is largely unchanged from the previous PUD submittal however; the County is unable to transfer the application fees from the previous submittal to the current R-3 submittal. I will pay all required fees associated with the current R-3 rezoning request, but it is my hope the refunded application fees from the previous submittals will offset the burden of the new application fees.

Received

DEC 0 5 2018

Fluvanna County

The application fees for which I am requesting a refund are as follows:

PUD Rezoning Fee:

\$4,095 (paid May 2017)

ZTA Fee:

\$550 (paid July 2017)

Total Refund Requested:

\$4,645

As the property owner and applicant for this project, I am entirely responsible for the application fees associated with this project. As aforementioned, I believe in the viability of this project and the value this project brings to the County and I hope you will consider the obstacles having to pay additional application fees without the option for a refund creates for this project moving forward. Additionally, I hope you will consider the project was put on hold per County Staff recommendation and the significant amount of time the project has been delayed.

Thank you for your consideration of this refund request. If you have further questions about this request or the Colonial Circle proposal, I would ask that you reach out to Shimp Engineering. Their contact information is provided in this letter.

Best Regards,

Steven Peters

CONTRACT FOR OPEN SPACE LAND USE ASSESSMENT

THIS AGREEMENT, made this 5th day of December, by and between Steven D. & Victoria P. Melton, party(ies) of the first part, hereinafter called the Grantor, and the COUNTY OF FLUVANNA, a political subdivision of the Commonwealth of Virginia, party of the second part, hereinafter called the County:

WITNESSETH

WHEREAS, the Grantor owns certain real estate, described below, hereinafter called the Property; and

WHEREAS, the County is the local governing body having real estate tax jurisdiction over the Property; and

WHEREAS, the County has determined:

- A. That it is in the public interest that the Property should be provided or preserved for conservation of agricultural and forestal land and of wildlife and
- B. That the property meets the applicable criteria for real estate devoted to open-space use as prescribed in Article 4 (Section 58.1-3229 et. seq.) of Chapter 32 of Title 58.1 of the Code of Virginia, and the standards for classifying such real estate prescribed by the Director of the Virginia Department of Conservation and Recreation; and
- C. That the provisions of this agreement meet the requirements and standards prescribed under section 58.1-3233 of the Code of Virginia for recorded commitments by landowners not to change an open-space use to a non-qualifying use; and

WHEREAS, the Grantor is willing to make a written recorded commitment to preserve and protect the open-space uses of the Property during the term of this agreement in order for the Property to be taxed on the basis of a use assessment, and the Grantor has submitted an application for such taxation to the Commissioner of the Revenue of the County pursuant to Section 58.1-3234 of the Code of Virginia and Section 20-4-2(d) of the Fluvanna County Code; and

WHEREAS, the County is willing to extend the tax for the Property on the basis of a use assessment commencing with the next succeeding tax year and continuing for the term of this agreement, in consideration of the Grantor's commitment to preserve and protect the open-space uses of the property, and on the condition that the Grantor's application is satisfactory and that all other requirements of Article 4, Chapter 32, Title 58.1 of the Code of Virginia and Section 20-4-2(d) of the Fluvanna County Code are complied with.

NOW, THEREFORE, in consideration of the recital and the mutual benefits, covenants and terms herein contained, the parties hereby COVENANT and AGREE as follows:

1. This agreement shall apply to all the following described real estate:

Tax Map Parcels: 50-A-87 (7.064 acres)

50-A-88 (10.0 acres)

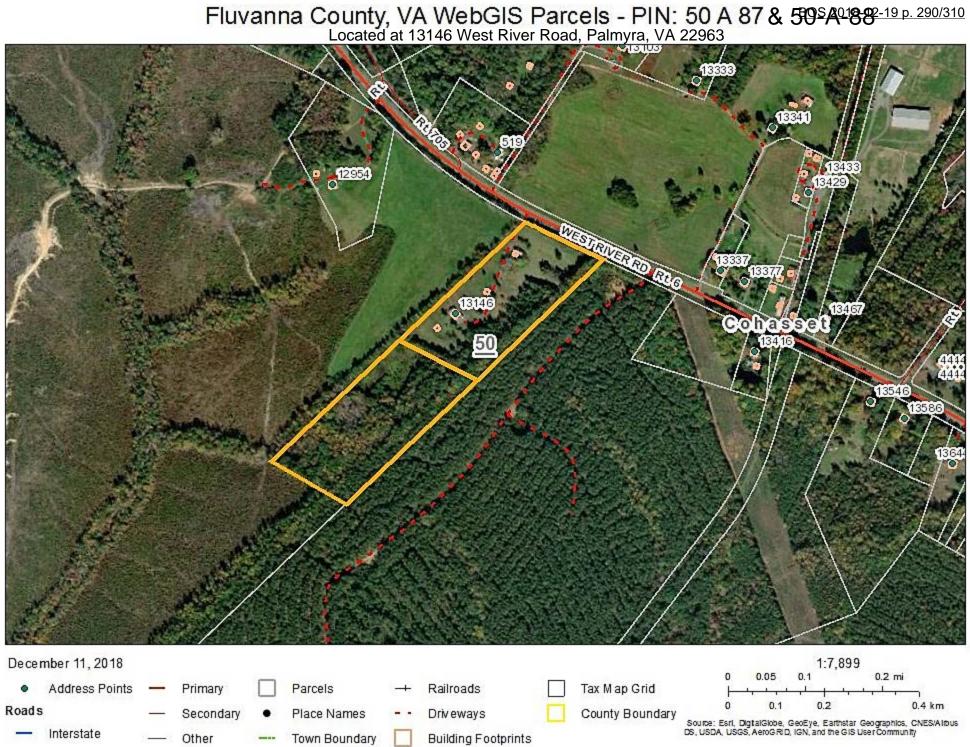

Total Acreage: 17.064 acres

- 2. The Grantor agrees that during the term of this agreement:
 - A. There shall be no change in the use or uses of the Property that exist as of the date of this agreement to any use that would not qualify as open-space use. The qualifying use for the Property is conservation of agricultural and forestal land and of wildlife.
 - B. There shall be no display of billboards, signs or other advertisements on the property except to (i) state solely the name of the Grantor and the address of the Property, (ii) advertise the sale or lease of the Property, (iii) advertise the sale of goods or services produced pursuant to the permitted use of the Property, or (iv) provide warnings. No sign shall exceed four feet by four feet.
 - C. There shall be no construction, placement or maintenance of any structure on the Property unless such structure is either:
 - 1) on the Property as of the date of this agreement; or
 - 2) related to and compatible with the open-space uses of the Property which this agreement is intended to protect or provide for.
 - D. There shall be no dumping or storage of trash, garbage, ashes, waste, junk, abandoned property or other unsightly or offensive material on the Property.
 - E. There shall be no filling, excavating, mining, drilling, removal of topsoil, sand, gravel, rock, minerals, or other materials which alters the topography of the Property, except as required in the construction of permissible building structures and features under this agreement.

- 4. Nothing contained herein shall be construed as giving to the public a right to enter upon or to use the Property or any portion thereof, except as the Grantor may otherwise allow, consistent with the provisions of this agreement.
- 5. The County shall have the right at all reasonable times to enter the Property to determine whether the Grantor is complying with the provisions of this agreement.
- 6. Nothing in this agreement shall be construed to create in the public or member thereof a right to maintain a suit for any damages against the Grantor for any violation of this agreement.
- 7. Nothing in this agreement shall be construed to permit Grantor to conduct any activity or to build or maintain any improvement which is otherwise prohibited by law.
- 8. If any provision of this agreement is determined to be invalid by a court of competent jurisdiction, the remainder of the agreement shall not be affected thereby.
- 9. The provisions of this agreement shall run with the land and be binding upon the parties, their successors, assigns, personal representatives, and heirs.
- 10. Words of one gender used herein shall include the other gender, and words in the singular shall include words in the plural, whenever the sense requires.
- 11. This agreement may be terminated in the manner provided in Section 15.1-1513 of the Code of Virginia for withdrawal of land from an agricultural, forestal or an agricultural and forestal district.
- 12. Upon termination of this agreement, the Property shall thereafter be assessed and taxed at its fair market value, regardless of its actual use, unless the County determines otherwise in accordance with applicable law.
- 13. NOTICE: WHEN THE OPEN SPACE USE OR USES BY WHICH THE PROPERTY QUALIFIED FOR ASSESSMENT AND TAXATION ON THE BASIS OF USE CHANGES TO A NONQUALIFING USE OR USES, OR WHEN THE ZONING FOR THE PROPERTY CHANGES TO A MORE INTENSIVE USE AT THE REQUEST OF THE GRANTOR, THE PROPERTY, OR SUCH PORTION OF THE PROPERTY WHICH NO LONGER QUALIFIES SHALL BE SUBJECT TO ROLLBACK TAXES IN ACCORDANCE WITH SECTION 58.1-3237 OF THE CODE OF VIRGINIA. THE GRANTOR SHALL BE SUBJECT TO ALL OF THE OBLIGATIONS AND LIABILITIES OF SAID CODES SECTION.

- F. There shall be no construction or placement of fences, screens, hedges, walls or other similar barriers which materially obstruct the public view of scenic areas of the Property.
- G. The Grantor may engage in agricultural, horticultural or silvicultural activities and remove vegetation which constitutes a safety, a health or an ecological hazard, e.g., vegetation classified as noxious weed pursuant the Code of Virginia (1950), as amended.
- H. There shall be no alteration or manipulation of natural water courses, shores, marshes, swamps, wetlands or other water bodies, nor any activities or uses which adversely affect water quality, level or flow.
- I. On areas of the Property that are being provided or preserved for conservation of land, floodways or other natural resources, or that are to be left in a relatively natural or undeveloped state, there shall be no operation of dune buggies, all-terrain vehicles, motorcycles, motorbikes, snowmobiles or other motor vehicles, except to the extent necessary to inspect, protect or preserve the area.
- J. There shall be no industrial or commercial activities, conducted on the property, except for the continuation of agricultural, horticultural or silvicultural activities; or activities that are conducted in a residence or an associated outbuilding such as garage, smokehouse, small shop or similar structure which is permitted on the property.
- K. There shall be no separation or split-off of lots, pieces or parcels from the property. The Property may be sold or transferred during the term of this agreement only as the same entire parcel that is the subject to this agreement, provided, however, that the Grantor may grant to a public body or bodies open-space, conservation or historic preservation easements which apply to all or part of the Property.
- 3. This agreement shall be effective upon acceptance by the County, provided, however, that the real estate tax for the Property shall not be extended on the basis of its use value until the next succeeding tax year following timely application by the Grantor for the use assessment and taxation in accordance with Section 20-4-2(d) of the Fluvanna County Code. Thereafter, this agreement shall remain in effect for a terms of

FLUVANNA COUNTY BOARD OF SUPERVISORS AGENDA ITEM

Meeting Date: December 19, 2018

TAB G

AGENDA TITLE:	FY19 Sheriff's Department Insurance Claim – 2012 Dodge Charger VIN 2942												
MOTION(s):	I move the Board of Supervisors approve a supplemental appropriation of \$3,469.55 to the FY19 CIP Sheriff's Vehicle Replacement Budget to reflect reimbursement from a VACORP insurance claim.												
AGENDA CATEGORY:	Public Hearing	Public Hearing Action Matter Presentation Consent Agenda Other X											
	X												
STAFF CONTACT(S):	Eric Pollitt, Ma	inagement Anal	yst and Cyndi To	ller, Purchasing	Officer								
PRESENTER(S):	Eric Pollitt, Ma	inagement Anal	yst										
RECOMMENDATION:	I recommend	approval of the	following action.										
TIMING:	Routine.												
DISCUSSION:	A 2012 Dodge Charger (VIN 2942) was in an accident with a deer on 07/30/2018 and declared to have body damage by VACORP. The recovered amount for the vehicle on 11/27/2018 after the \$500 deductible is \$3,469.55. The Sheriff's Office determined that the vehicle was not worth repairing and the money would be better applied towards the CIP Vehicle Budget. This supplemental appropriation would authorize staff to appropriate the additional revenue and expense.												
FISCAL IMPACT:	This action will	increase the FY	19 Sheriff's CIP \	/ehicle Budget b	y \$3,469.55.								
POLICY IMPACT:	N/A												
LEGISLATIVE HISTORY:	N/A												
ENCLOSURES:	None.

Participant:

Fluvanna County

Claim Number:

0322018231942

Date of Loss:

07/30/2018

To Fluvanna County:

Enclosed please find a VACORP property damage check in the amount of \$3,469.55 for the damages to the 2012 Dodge Charger VIN#2942. We issued payment of \$3,969.55 (estimate) – 500.00 (deductible) = 3,469.55 to Fluvanna County. This repair was done by S&S Appraisal Services.

If you should have any questions regarding this payment, please do not hesitate to contact our office.

Sincerely,

Corey Reese

Claims Associate

Enclosed: check & appraisal

PRESENTER(S):											
RECOMMENDATION:	Approval										
TIMING:	Current										
DISCUSSION:	• Amending the FPA bylaws has been a topic for the committee since February of 2018, following a strategy session's recommendation. The primary changes to the bylaws are shortening the term of appointees from four to two years and term of officers from two to one year. Other minor changes are to support the manner in which the business of the committee to be directed.										
FISCAL IMPACT:	N/A

Fluvanna Partnership on Aging (FPA) Committee Bylaws

FPA Approved 11/19/2018

Article I - NAME

The name of this committee will be the Fluvanna Partnership on Aging, hereafter referred to as "FPA" or the Partnership.

Article II – PURPOSE

The purpose of the Partnership is to study the needs of people 55 years and older in Fluvanna County and recommend specified support services that seek overall improvement in the quality of life for those Fluvanna residents and their families.

Article III - RESPONSIBILITY/AUTHORITY

The Partnership serves at the pleasure of the Fluvanna County Board of Supervisors, hereafter referred to as the "Board". The Partnership presents and reports to the Board annually and as requested. Also, the Partnership will submit additional reports that are deemed appropriate.

Article IV - MEMBERSHIP

Section 1: The Partnership Members shall carry out the purpose and responsibilities as stated in Article II and III.

Section 2: The Partnership will consist of;

- a) One (1) voting member appointed by the Board from each of the five (5) Fluvanna election districts and two (2) at large voting members, hereinafter referred to as Appointees.
- b) Non-voting Representatives from;
 - Fluvanna Department of Social Services
 - Fluvanna Parks and Recreation
 - Jefferson Area Board for Aging (JABA)
 - Monticello Area Community Action Agency (MACAA)
 - Virginia Cooperative Extension Services
 - Fluvanna Sheriff's Department/TRIAD
 - Health Department
 - Region Ten
 - Representatives from other Agencies, Organizations or Businesses serving Fluvanna Seniors as may, from time to time be requested to attend meetings by the Partnership.
- c) The Fluvanna County Administrator or designated representative and a Board member shall also participate as a permanent, non-voting member.

Section 3:

- a) Appointees shall serve a two (2) year term beginning with the date of their appointment by the Board. Appointees may serve no more than four (4) consecutive terms.
- b) Representatives from departments or agencies, organizations or businesses shall serve at the direction of their respective Director or Administrator.

- Section 4: Vacancies of Appointees shall be filled in like manner as the original member except that the term of office is restricted to the unexpired term.
- Section 5: A quorum shall consist of a majority of the Partnership's current voting membership. At no time shall a quorum consist of less than three (3) members.
- Section 6: The Board may remove any member of the Partnership for misconduct or neglect of duties. Absences by an Appointee from three (3) or more meetings in a calendar year can be cause for dismissal.
- Section 7: No member shall receive financial compensation for their services. Appointees may be reimbursed for travel and subsistence to conferences and workshops related to the purpose of the Partnership, when such travel is authorized in advance by the County Administrator.

Article V - OFFICERS

- Section 1: Election of Officers shall be held at the first meeting in January, each year.
- Section 2: The Partnership will elect three (3) Officers, a Chairperson, a Vice-Chair and a Secretary. The officers shall be elected by the Partnership Appointees to a one year term. Officers may be elected to serve a maximum of four (4) consecutive terms in the same position.
- Section 3: The Chairperson shall preside at all meetings, sign official papers, appoint committees, call special meetings as necessary and perform such duties as recommended by the Board.
- Section 4: The Vice-Chair shall accept the responsibility to oversee all committees and to ensure they function according their purpose. The Vice-Chair in the absence of the Chairperson shall perform all duties of the Chairperson.
- Section 5: The Secretary shall take minutes of meetings. Copies of the minutes will be provided to all members of the Partnership. Electronic copies of the minutes will also be sent to the County Administrator or designated representative for posting on the County website. The Secretary will maintain regularly updated contact information lists of Partnership appointees and partners. In the Secretary's absence, the Chairperson will appoint a member in attendance to take minutes and forward them to the Secretary for distribution.

Article VI – Meetings

Section I: Regularly scheduled meetings of the Partnership appointees shall be held every other month, during odd numbered months. The meetings shall be held at a regular time and location to be determined by the Partnership's Chairman. Agency Partner Representatives are notified of all meetings and are requested to attend the January, May and September meetings. Agency reports from Partners will be scheduled by the Partnership's Chairman on an annual basis. All regular meetings are open to the public.

- Section 2: It is recommended that the Chair or their designee attend BOS meetings and report to the Partnership at the following meeting.
- Section 3: Special meetings may be called by the Chairperson or at least two (2) regular appointee members upon written or electronic request at least 48 hours prior to the proposed meeting.
- Section 4: Meetings will be conducted according to Robert's Rules of Order and should not be in conflict with State Law or the purpose of the Partnership.
- Section 5: The suggested Order of Business shall be as follows:
 - Call to Order
 - Discussion/Approval of prior meeting's Minutes
 - Partner's Reports
 - Committee Reports
 - Special Meeting Reports
 - New Business
 - Old Business
 - Adjournment

<u>Article VII – Amendments</u>

These Bylaws may be amended by the Membership of the Partnership on Aging at a meeting where there is a quorum present, the meeting to be held after reasonable notice has been given to the members and with formal concurrence by the Board.
