

Well Water Testing: Drinking Water Clinic

Do you have a well, spring or cistern?

Learn about your water quality through affordable, confidential testing and become empowered to make decisions about system maintenance and water treatment! *The goal of the Virginia Household Water Quality Program is to improve the water quality and health of Virginians with private water supplies, including wells, springs and cisterns.*

How does it work?

1. **February 24-6:30 PM** Receive directions about sample collection and a pick up sample kit.
2. **February 26- Between 7:00 AM- 10:00 AM** Collect samples and drop off at Fluvanna Community Center. Samples are sent to Virginia Tech for analysis.
3. **March 25- 6:30 PM-** Receive your confidential results, an explanation of what they mean, and information about addressing any problems or concerns.

Meetings are held at the Fluvanna Community Center- 5725 James Madison Hwy, Fork Union, VA 23055

What does the water test include?

Iron	Manganese	Sulfate	Hardness
Sodium	Copper	Nitrate	Arsenic
Fluoride	pH	Total Dissolved Solids	
Coliform bacteria	<i>E. coli</i> bacteria	Lead	

How much does it cost? \$60* per sample kit. Please pre-register as space is limited. *Need based subsidies are available. Please contact the Extension Office for more information. Online payment available.
