February 6, 2019

THE COUNTY ADMINISTRATOR'S FISCAL YEAR 2020 BUDGET PROPOSAL AND THE FY 2021-2024 PROJECTED BUDGETS

To the Honorable Members of the Fluvanna County Board of Supervisors:

1. EXECUTIVE SUMMARY

- a. I am pleased to present to you and the citizens of Fluvanna County the County Administrator's Fiscal Year 2020 Combined Operating and Capital Improvements Plan Budget proposals, and the Projected Operating and Capital Budgets for FY 2021-2024, for your review and consideration. I hope you find the budget documents and process to be open, transparent, and understandable, that budget recommendations are consistent with our County's long-term priorities, and that the budget is fiscally responsible.
- (1) The combined FY20 budget, <u>totaling \$80,567,727</u>, has reasonable and appropriately conservative assumptions for revenues and expenditures to support the General Fund, Capital Improvements Fund, School Fund, Cafeteria Fund, and our utility funds.
- (2) It is balanced on a <u>real property tax rate of \$0.923 per \$100 of assessed value as compared to a rate of \$0.939 in FY19. This results in a <u>tax increase of 3.35%</u> for the average homeowner above the equalized tax rate of \$0.893 from our recent property reassessment.</u>
- (3) No changes are proposed to the current Individual, Business, and Public Utility Personal Property tax rates, and the Machinery & Tools tax rate remains at \$1.90.
- (4) This budget proposal includes an <u>overall increase in County expenditures of \$1.78 million</u>, a 2.2% increase from the FY19 amended budget, but almost \$4.3 million less than the departmental budget requests for FY20.
- b. The School System will likely have <u>funding needs that have not been addressed in this proposal</u> since the Fluvanna County Public School's formal FY20 Budget Request has not yet

been adopted by the School Board. The School System's full budget request will be presented to the Board of Supervisors on February 20, 2019.

- c. The budget proposal maintains essential services, supports the County's core human service needs, makes a small investment in the County's infrastructure, maintains cultural and recreational activities, provides funding for support organizations valued by the residents of Fluvanna County, and adds funding for key staff positions, including: a County-wide Fire and Rescue Chief, a Director of Public Utilities, and the Assistant County Administrator role.
- d. The budget process is used by the Board to enact both programmatic and taxation policy. Although the Board is not legislatively constrained to enact policy at other times throughout the year, the budget provides an orderly process to seek public input, develop policy, and plan for longer-term policy priorities.

2. ACKNOWLEDGEMENTS

- a. The budget development process included the active participation and collaborative efforts of the Constitutional Officers, Agency Heads, Directors, and Department Heads.
- b. And I would like to especially recognize and thank Deputy County Administrator and Finance Director Eric Dahl and Management Analyst Eric Pollitt for their continuing expertise and long hours spent preparing this budget proposal. They have continued to refine the format of the primary budget documents and exhibits to make them more easily understandable by Supervisors, staff, and the public. We welcome feedback from all.
- 3. **BUDGET DEVELOPMENT PRIORITIES.** In structuring this budget plan, my priorities were to:
 - Carefully review revenue projections from all existing revenue sources to minimize the need for tax rate increases,
 - Perform a rigorous review of all budgets areas,
 - Incorporate essential personnel requirements to best support Fluvanna's leadership and technical expertise needs,
 - Support staff with adequate pay and benefit plans,
 - Identify any potential funding shortfalls for further discussion during the budget process,
 - Refine and update the future years planning budget projections, and
 - Enhance the Service, Efficiency, and Effectiveness (SEE) of our operations.

4. **BUDGET OVERVIEW**

- a. Like many local governments, Fluvanna County continues to see many budget pressures in the coming fiscal year and beyond, including:
 - ✓ Water and sewer infrastructure needs in growth areas to support business development.
 - ✓ E911 System maintenance.
 - ✓ Aging infrastructure that requires significant maintenance.
 - ✓ The increasing cost of goods and services.

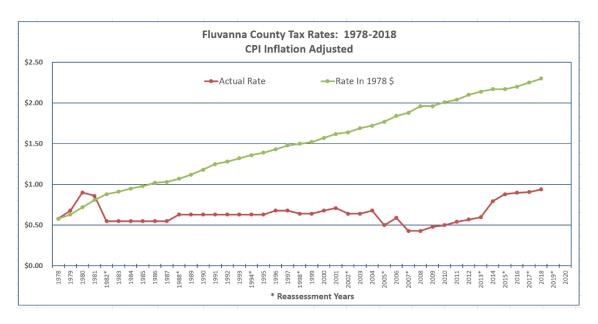

Budgeting is always a square

- ✓ Maintaining competitive salaries and benefits for our County and School System staff.
- ✓ Our high existing debt load.
- b. Population levels remain flat, a dramatic slowdown from previous decades when Fluvanna County was one of the fastest growing counties in the Commonwealth. The most recent Weldon-Cooper Center figures show that Fluvanna County's population increased by just 1,001 residents from 2010 to 2018, a very modest growth of 3.9%.
- c. Permits for new home construction increased from 91 to 121 between 2017 and 2018, although business and industrial building construction permits remained very low over the same period. However, the value of all facilities related to approved permits was more than \$37 million in 2018, an increase of almost \$9 million over 2017.
- d. The County conducts real estate reassessments biennially, and the most recent reassessment, effective on January 1, 2019, resulted in ~4.0% increase in real estate values.

AVERAGE REAL ESTATE ASSESSED VALUES IN FLUVANNA COUNTY

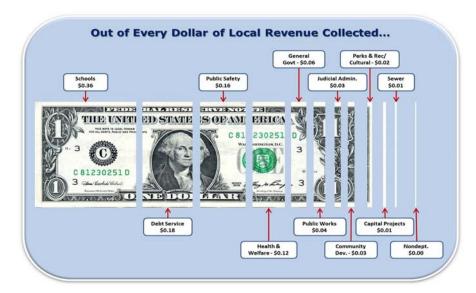

Category	Total Value	Units	Avg Property Value	Avg Tax Bill CY 2018	Avg Tax Bill CY 2019*
Single Family	\$2,351,144,800	13,603	\$172,840	\$ 1,530	\$1,595
Multiple Family	\$4,302,700	18	\$239,039	\$ 2,132	\$2,206
Commercial	\$116,879,800	198	\$590,302	\$ 5,374	\$5,448
Agricultural	\$497,076,600	1,697	\$292,915	\$2,712	\$2,704

^{*} Based on Proposed RE Tax Rate of \$0.923

- e. Due to several key needs, this proposed budget includes an increase in the Real Estate tax rate for 2019, while holding the line on all other tax rates or fees. Revenue projections will support our core programs, provide adequate human service program support to our citizens, and continue to fund needed infrastructure projects that can, over time, lead to a more equitable balance in our County's tax base.
- f. It is also important to note that Fluvanna County has an appropriately conservative, reserve restricted Fund Balance of \$8.7 million. In addition to the restricted reserve, the County has close to \$6 million in unrestricted fund balance available. As a result, the Board of Supervisors will have some flexibility during this budget year to maintain up to \$3 million to partially cash fund the Zion Crossroads Public Water/Sewer Project and fund other important one-time expenditures. During the budget process, staff will present the Board with various fund balance and debt financing alternatives and options to most efficiently accomplish County priorities.

5. REVENUES

- a. This budget maintains projected tax collection rates from the prior year: 97.5% for real estate (RE) taxes, and 93.5% for personal property (PP) taxes. There may be some flexibility in assuming a higher Personal Property collection rate, especially in view of a stronger economy and our historically low unemployment rate. That discussion can occur during the budget process and could yield a small increase in revenue included in the budget.
- b. Projected General Fund revenues will increase \$1.7 million above the FY 2018 amended budget amount. The most significant contributing factors are:
 - An overall \$1.1 million increase in tax revenue.
 - A \$200,000 increase in Schools revenue.
 - A \$560,000 use of Fund Balance to fund CIP projects.

Revenue Category	FY19 Budget (Amended)	FY20 COAD Proposed	Percent Change
GENERAL FUND OPERATING REVENUE	\$48,890,507	\$50,035,960	2.3%
SCHOOLS	\$23,940,963	\$24,170,989	1.0%
SOCIAL SERVICES	\$1,735,137	\$1,713,219	-1.3%
DEBT SERVICE	\$238,362	\$224,746	-98.7%
CIP	\$1,960,930	\$2,421,610	23.5%
ENTERPRISE	\$2,056,340	\$1,997,703	-2.9%
REVENUES TOTAL	\$78,822,239	\$80,564,227	2.2%

6. EXPENDITURES

- a. Department and agency budgets are lean, but adequately cover day-to-day operational requirements. However, since formal School System funding requirements were not received by the time the budget proposal was finalized, any school funding requirements above their FY19 level must be reviewed and addressed during the budget process in the coming weeks.
 - b. Expenditure increases in the FY20 Budget are primarily the result of:
 - \$250,000 increase in Public Safety operating costs.
 - \$375,000 for broadband expansion incentives.

• \$800,000 for additional CIP projects and equipment.

Expenditure Category	FY18 Budget (Amended)	FY19 COAD Proposed	Percent Change
GENERAL GOVERNMENT	\$2,887,948	\$2,904,402	0.6%
JUDICIAL ADMINISTRATION	\$1,186,044	\$1,182,080	-0.3%
PUBLIC SAFETY	\$8,264,633	\$8,516,422	3.0%
PUBLIC WORKS	\$2,333,829	\$2,380,078	2.0%
HEALTH AND WELFARE	\$5,949,648	\$5,998,320	0.8%
PARKS, RECREATION & CULTURAL	\$965,931	\$962,598	-0.3%
COMMUNITY DEVELOPMENT	\$1,338,562	\$1,308,808	-2.2%
NON-DEPARTMENTAL	\$470,335	\$945,066	100.9%
SCHOOLS	\$41,368,542	\$41,585,586	0.5%
DEBT SERVICE	\$9,118,593	\$9,077,684	-0.4%
CIP	\$2,110,930	\$2,921,610	38.4%
ENTERPRISE	\$2,792,678	\$2,781,573	-0.4%
EXPENDITURES TOTAL	\$78,787,673	\$80,564,227	2.3%

7. CAPITAL PROJECTS FUND

- a. The FY20 Budget proposal includes a five-year Capital Improvement Plan (CIP) that generally recommends building, other infrastructure, and technology investments. In order to minimize increases to our existing tax rates, difficult decisions were made to recommend only a very few essential capital project items for funding next year. Many requested projects of less urgency were delayed until later fiscal years to avoid affecting the tax rates or debt service funding requirements.
- b. Recommended capital expenditures are higher than the amount approved in FY19 and include funding for:
 - Essential and ongoing County and School building maintenance
 - School bus and student transport vehicle replacements
 - Sheriff's Office, Social Services, and County vehicle replacements
 - Fire & Rescue Self-Contained Breathing Apparatus (SCBA) and Heart Monitor replacements

There are many items that are important, but not yet critical, that are left out of proposed funding for FY20. However, the County cannot continue to defer essential maintenance, equipment, and vehicles; before long they will be beyond effective life, potentially compromise

safety, or fail at a critical time of use. Debt service financing may be required to maintain adequate and safe service levels for the community.

8. EMPLOYEE PAY AND BENEFITS PLAN

- a. Attracting and retaining high quality staff members through competitive pay and benefits remains a priority. The FY19 budget included a 2% across the board increase for County staff. However, many surrounding localities have provided higher raises since they have recognized that the extremely low unemployment through the area means an increasingly competitive recruitment market. Despite that difference, this FY 2019 budget proposal includes only a modest 1% cost of living increase. Along with a number of targeted raises for low wage employees.
- b. The proposed budget does continue funding for the benefits package that we provide for County employees. Chief among them is the robust health plan through Cigna which provides four plan options and a tiered employer contribution amount. Actual health insurance plan rates for FY19 are expected to rise and the budget includes and additional \$200,000 to partially cover the potential increases, and lessen any adverse impact on employees.
- **9.** <u>COUNTY STAFFING NEEDS</u>. FY20 budget requests from departments, agencies, and Constitutional Officers included a number of full- and part-time positions, as well as potential increases for various Board and Commission members. The Board will need to determine if the program changes and additional personnel are warranted, along with the pay increases recommended.

Position	Department	Notes					
Included in FY20 Budget Proposal (planned for July 2019)							
Fire & Rescue Chief	Emergency Mgmt	New FT Position					
Asst County Administrator	County Admin	New FT Position					
Public Utilities Director	Public Utilities	New FT (eff. Jan 2020)					
CSA Coordinator	Finance	Position Upgrade					
Board of Supervisors	Pay Increase	Last increase 2008					
CVRJ Jail Board	Pay Increase	Last increase 2014					
Social Services Board	Pay Increase	Last increase 2014					
Planning Commission	Pay Increase	Last increase 2014					
Board of Zoning Appeals	Pay Increase	Last increase 2014					
Not Included in FY20	Budget Proposal (plann	ed for July 2019)					
Deputy Sheriff	Sheriff's Office	New FT Position					
Deputy Sheriff	Sheriff's Office	New FT Position					
Family Services Supervisor	DSS	New FT Position					
Fraud Investigator	DSS	New PT Position					

Kitchen Worker	P&R	New PT Position
Maintenance Worker	P&R	New PT Temp
Chief Deputy Sheriff	Sheriff's Office	Position Upgrade
Principal Planner	Planning	Position Upgrade
Library Clerk	Library	Add'l PT hours
Summer Internship	Human Resources	Temporary

10. THE FIVE-YEAR FINANCIAL PLAN

- a. The Five-Year Financial Plan forecasts revenues and expenditures beginning with the proposed FY20 budget. The plan represents Fluvanna County's effort to quantify the impacts of future needs matched with a projection of available resources. The FY21-24 future years' plan reflects the County's expected operating costs, capital improvement expenditures, debt service requirements, school allocations, and new program plans. The plan seeks to maintain or enhance budget support for all current day-to-day County services, as well as providing appropriate resources for any special initiatives adopted by the Board.
- b. Economic trends and conditions are also factored into assumptions used in developing expenditure and revenue projections. Forecasts for subsequent years rely on previous year expenditures and revenues as a starting point. Increases and decreases are itemized for specific, known changes, and summarized with inflation factors for the majority of normal operational spending (generally calculated at a 2% increase per year), as well as projected revenue adjustments resulting from biennial real estate assessments. Any changes due to those reassessments take effect in January of each odd year based upon the Board of Supervisors' approved reassessment schedule.
- c. When reviewing the plan, it is important to remember that only the first year is adopted and appropriated by the Board of Supervisors. The remaining years of the plan are based on current programmatic and financial conditions. The dollar totals or positions in the plan are likely to change, although the overall direction and emphasis reflected in the plan should remain consistent if current needs and conditions remain relatively constant.

11. FUTURE REVENUE SOURCES

a. More than 80% of current Fluvanna County operating revenue comes from local sources, predominantly real estate and personal property taxes. As a result, the County staff has researched numerous other revenue source options over the past few years for Board and community consideration. The Board of Supervisors approved implementation of the Cost Recovery Program for Ambulance Services in July 2015 that brings in about \$650K annually to support rescue services. During last year's budget process, the Board considered and adopted a new Trailer License fee (\$18 annually) that is expected to generate and additional \$95K per year.

- b. The Board also considered the option of implementing a Meals Tax in our County (as in most surrounding counties) and put the referendum question to the voters in November 2018. The referendum failed, but the process did provide an opportunity to educate the public about a Meals Tax and the potential use of that new revenue for public safety and education needs.
- c. Staff continues to review and investigate other potential new revenue sources for discussion during the budget process. These include:
 - Business license/registration requirement
 - Business Equipment Depreciation Schedule revision
 - Vehicle License Fee revisions
 - Building inspections, development, and other service fees revisions
- d. None of these potential revenue sources alone would meet our growing revenue requirements, but additions to the County's revenue stream may lead to a more balanced tax base and take some pressure off real estate tax increases. New revenue sources, as well as growth in our local businesses, may also help moderate the need for future real estate and/or personal property tax rate increases.

12. STRATEGIC DIRECTION AND ACTION AGENDA – 2018-19

a. At their Planning Retreat in January 2018, the Board of Supervisor's updated action items for the County's five strategic initiative areas.

A -- SERVICE DELIVERY

B -- COMMUNICATION

C -- PROJECT MANAGEMENT

D -- ECONOMIC DEVELOPMENT AND TOURISM

E -- FINANCIAL STEWARDSHIP AND EFFICIENCY

- b. Supervisors, staff members, other board and commission members, and citizens have worked to implement the objectives associated with these strategic initiative areas. Significant work is ongoing, but some of the notable completions included:
 - Formalized an agreement with Central Virginia Electric Cooperative to accelerate
 fiber broadband installation in the county; continuing to pursue other opportunities
 to bring service to remaining areas outside of CVEC service area.
 - **Comprehensive update of ordinances**, rules, policies, and practices relating to junk cars, trash and litter, waste tires, condemnation of structures, etc..
 - Implemented numerous positive change initiatives to improve Service, Efficiency, and Effectiveness (SEE).

- Held a successful Elected Official's Breakfast for our State Representatives in Oct 2018.
- Implemented new monthly Treasurer's Report for BOS Package.
- Completed construction of the new Pleasant Grove Farm Heritage Museum.
- Acquired and demolished 4 blighted and uninhabitable structures in Columbia.
- Awarded two contracts to begin construction of the **ZXR Water and Sewer System**.
- Reached agreement with Louisa County for E911 Communications System collaboration and shared costs.

13. CITIZEN INVOLVEMENT

- a. Fluvanna County is blessed with many talented, dedicated, and engaged citizens. They provide special skills and experience to augment our excellent, and very busy County staff in key areas and on special projects. Several new or continuing initiatives were implemented over the past two years that will involve additional citizen and business involvement in County functions. They include continuing work of both the Columbia Area Renewal Effort (CARE) Task Force and the Economic Development and Tourism Advisory Council (EDTAC), as well as a revitalized Community Volunteer Coordinator role.
- b. Looking for a way to serve in our community? Fluvanna County has more than 30 boards, commissions, and committees on which citizens can serve. Visit the County website for a full listing of citizen positions on Boards, Commissions, and Committees. The website also has a listing of many volunteer opportunities with local agencies and non-profits.
- **14. FY20 BUDGET MEETINGS SCHEDULE.** The lengthy and detailed budget development, review, and approval process includes many regular Board of Supervisors' meetings, budget hearings, department and agency presentations, and budget work sessions as shown below. This provides many opportunities for the public to understand and engage in the important budget process.

Wed	Feb 6	BOS Regular Meeting	4:00 pm; Circuit Court
		County Administrator's FY20 Budget Proposal	7:00 pm; Circuit Court

The public is encouraged to attend these meetings and work sessions, to contribute during public comment opportunities, and to contact their Supervisor or County staff with specific ideas, concerns, or questions regarding the budget and the budget development process.

15. <u>Summary.</u> Each budget cycle presents challenges and opportunities and the Fiscal Year 2020 process will be no different. We are presented with funding challenges and difficult choices, as well as opportunities to fund the programs and services most needed and valued in our County. My staff and I stand ready to support your budget deliberations, your review process to adopt a final budget, and your efforts to plan for Fluvanna's future needs.

With my retirement looming in July 2019, this is my last formal budget presentation. But I have been privileged to have the opportunity to serve as your County Administrator over the last seven years. As always, your county staff and I remain committed to *serving our community...and exceeding expectations!*

Respectfully submitted,

Steven M. Nichols County Administrator

Section 3 - DESCRIPTION AND JUSTIFICATION OF FUNDING NEEDS (Briefly describe how the funding would be used. <u>Bullets preferred.</u>)

The Legal Aid Justice Center will use a grant from the County of Fluvanna to fund our work through the Economic Justice Program (EJP), which was renamed this year and formerly called our Civl Advocacy Program. Our lawyers and other advocates in EJP help low-income Fluvanna residents with legal issues that can impede their ability to provide for their families or themselves. We provide legal services in the areas of consumer/finance, public benefits, health, housing, employment and individual rights, among other issues. We meet the needs of individual clients by providing advice or representation in court and administrative agency hearings. We also perform outreach services and provide self-help materials to empower low-income families to be their own advocates. This funding will go to services that will keep people in their homes, help the sick and disabled receive access to services, and protect the rights of the working poor to be paid fairly for their work and treated fairly in the marketplace.

AGENCY INF	ORMATION	FY20 To	otal Rqst	F	Y20 COAD	FY20 BOS
Agency:	Legal Aid Justice Center	\$	7,500	\$	4,100	\$ •

We are seeking funding from the City of Charlottesville, Albermarle County, UVA, the United Way, JABA, the Adiuvans Relief Fund, and others. We also allocate a portion of our state funding through the Legal Services Corporation of Virginia and a portion of our unrestricted donations from individuals and law firms.

Section 5 - IMPACT IF NOT FUNDED BY FLUVANNA COUNTY (Briefly explain the impact on each program area if not funded by Fluvanna County.)

Our organization serves much of Central Virginia and operates more or less on a first-come, first-served basis. We prioritize cases where more is at stake and pass on cases where a lawyer would be unable to bring about a markedly different outcome. Otherwise, if we have the capacity and the legal expertise, we serve the clients who come to us and do relatively little advertising of our services. If we advertised broadly, we would immediately be overwhelmed with demand.

With that said, when a locality provides funding to Legal Aid in return for a commitment from us to serve families in that community, we actively monitor client numbers and do outreach as necessary to ensure that clients from that community are being served at consistent levels. If we receive less or no funding, we will lower our commitment commensurately. Our services will still be available, but no longer targetted.

Section 6 - ADDITIONAL INFORMATION

We closed 35 cases benefiting 67 individuals during FY18.

Health Related Benefits (medicaid appeals mostly): 7

Employment (wage theft and unemployment appeals): 12

Housing (eviction): 5

Consumer (predatory lending/debt defense): 6

Education (special education advocacy): 5

December 4, 2018

Fluvanna County Attn: Eric Pollitt, Management Analyst 132 Main Street

Palmyra, VA 22963

VIA EMAIL: epollitt@fluvannacounty.org

Dear Mr. Pollitt,

We attach the Legal Aid Justice Center's FY2020 budget request to the County of Fluvanna. A copy of our current (FY19) organizational budget is also attached.

We propose to serve low-income residents of Fluvanna County who, by virtue of living in reduced circumstances, will experience problems in obtaining basic services and meeting basic needs, and for whom paying for legal services is not an option. This population tends to be especially vulnerable in situations requiring legal expertise, because the parties with whom they are dealing – landlords, salespeople, and employers, among others – often assume that their actions will not face legal scrutiny. In the case of public benefits administration, the rules are often complex and require expert assistance, particularly in the case of initial denials. It is for precisely this reason that legal aid services are critical to the balanced functioning of our community.

67 low-income Fluvanna County residents directly benefitted from the 35 cases we closed for them during FY18. We believe strongly these residents and Fluvanna County as a whole receives significant value from our work helping low-income residents maintain safety and stability, for the benefit of both those individuals and the broader community.

Every dollar invested in legal aid programs produces measurable economic impacts and many other benefits that are not quantifiable. Civil legal aid organizations not only solve real and pressing client problems, but also save public money in localities whose residents we serve, for example:

- 1. **Reducing evictions.** Tenants facing eviction are more likely to retain possession of their homes if they are represented by a civil legal aid attorney than if they are not. As a result, a substantial proportion of tenants receiving representation avoid homelessness, saving up to tens of thousands of public dollars in shelter costs per averted eviction.¹
- 2. **Protecting patients' health.** Civil legal aid improves clients' health, thereby reducing public spending on healthcare. For example, civil legal aid can help asthmatic patients get landlords to remove contaminants from rental homes, or provide ancillary help with health insurance disputes, disability benefits, or health-related job issues leading to reduced stress and improved compliance with medical care, leading to better patient health outcomes.²
- 3. Helping low-income people participate in federal safety-net programs. Nationally, clients served by civil legal aid programs obtain hundreds of millions of dollars each year in Social Security

Rev (available at http://papers.ssrn.com/sol13/papers.cfm? abstract id=1948286); Laura Abel & Susan Vignola, Economic and Other Benefits Associated with the Provision of Civil Legal Aid, 9 Seattle J. for Social Justice 139, 148-49 (2011).

² Jimmy Boyle & Ada Chiu, Financial Impact Study of LegalHealth Services to New York City Hospitals (2007), p.8, http://legalhealth.org.docs/lgh_financial_impact_study.pdf; Abel & Vignola, supra, at 155.

Disability, Supplemental Security Income, SNAP, and other federal safety-net benefit programs.³ These payments stabilize families, reduce the need for higher-cost alternative services, and provide funds for the purchase of goods and services within local communities.

Moreover, our programs leverage additional funds to address the problems of our client communities by securing grant funding and donations from other federal, state, and local sources, and well as private foundations, local bar associations, universities, and individuals. We also receive significant in-kind support from local attorneys who assist with client representation in pro bono cases.

We greatly appreciate the County of Fluvanna's continued support of our program. Thank you, in advance, for your consideration of this request. Please contact me with any questions on the attached materials.

Best regards,

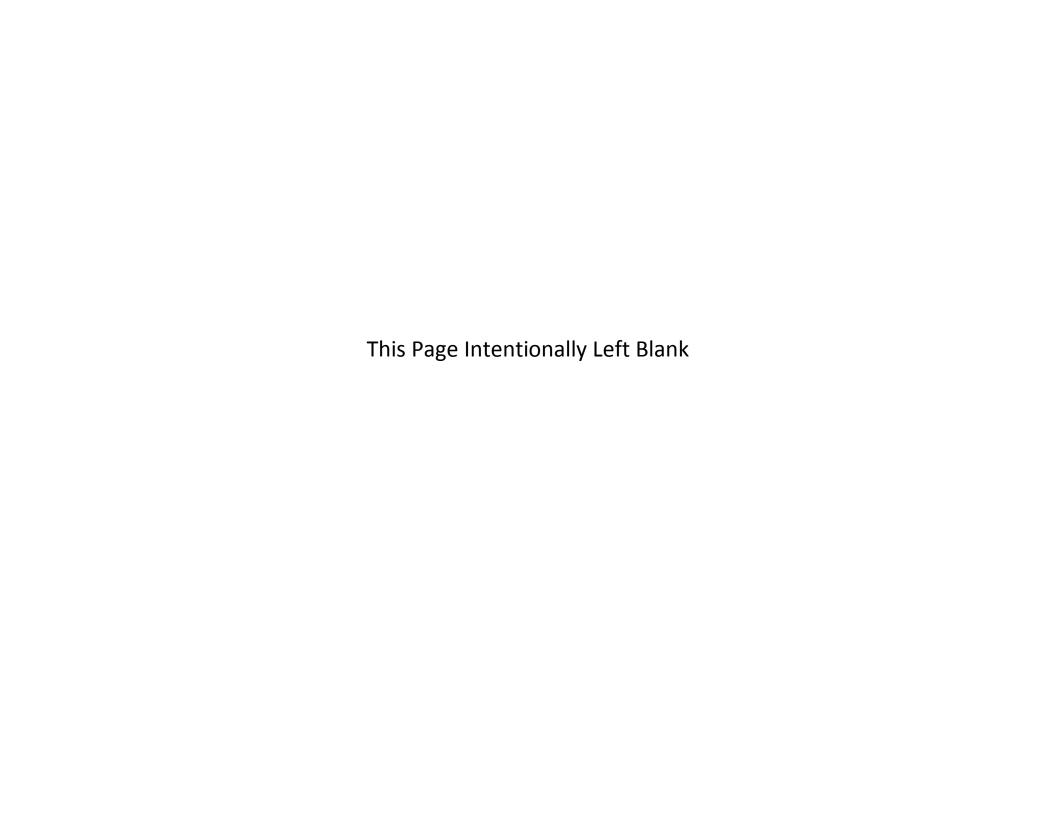

Tim Wallace

Section 3 - DESCRIPTION AND JUSTIFICATION OF FUNDING NEEDS (Briefly describe how the funding would be used. Bullets preferred.)

The <u>Local Probation</u> program addresses Fluvanna's need to safely and effectively manage and supervise local responsible offenders in the community as an alternative to incarceration. Through the effective and efficient diversion of local responsible probationers, Fluvanna saves approximately \$4,900 per probationer in avoided jail costs per diversion to OAR. Additionally, through the use of effective evidence based supervision strategies, OAR Local Probation reduces the likelihood of probationer re-offending. During FY18, OAR local probation provided probation supervision to 1740 clients (including carry-over probation placements). Of that population, 139 (8%) were Fluvanna County residents. In FY18, the successful completion of probation rate was 73.3%. The most recent three year recidivism evaluation of OAR local probation clients by the National Center of State Courts indicated a recidivism rate of 25% (vs. a national average of 43%). For the OAR local probation population, during FY 2018, the highest percentage of the population fell within the following four offense categories: Assault (30%), Narcotics (28%), Alcohol (13%) and Fraud/Larceny (7%). The majority of the population were white (62%), male (73%), single (87%) and were employed (61%). The average age is 30 years old. Using a validated recidivism risk assessment, the risk profile of the population was 54% low risk, 40% medium risk and 6% high risk for recidivism. As demonstrated by the offense and risk/need profile of the population, probation clients need supervision/intervention to address intimate partner and family relationship dysfunction, antisocial attitudes/beliefs, negative peers, and substance abuse to reduce the risk and expense of further criminal behavior.

AGENCY INF	ORMATION	FY20	Total Rqst	F	Y20 COAD	FY20 BOS
Agency:	OAR- Jefferson Area Community Corrections	\$	13,905	\$	13,750	\$ 1

Local Probation receives funding from the State of Virginia (87%), from the localities served (11%), and from client fees (2%). The program receives local funding from all of the local jurisdictions served. Funding requests are determined by percentage of total caseload served from the locality. Currently the program is underfunded based upon caseload standards set by the American Probation and Parole Assoc.

Criminal Justice Planner does not receive funding from State government and is funded by the member jurisdictions (86%) and foundations/grants (14%). All jurisdictions except for Goochland County contribute funding for the position. Locality funding requests are determined by population size (2017 UVA Weldon Cooper Center) in an effort to equitably share the cost of the position.

Section 5 - IMPACT IF NOT FUNDED BY FLUVANNA COUNTY (Briefly explain the impact on each program area if not funded by Fluvanna County.)

Local Probation - Without local funding, service delivery to Fluvanna County would be impacted by the increase in caseload size. Probation officer staffing can greatly impact the success rates for the program. Reduction in the availabilty to meet clients in Fluvanna and attend Court Hearings are likely. A reduction in service delivery will **negatively impact client success rates and subsequently increase jail costs**. (Number of inmate jail beds increases for Fluvanna)

Criminal Justice Planner - Without local funding, service delivery to Fluvanna County would decrease. Through the planner position, localities receive research on local jail and crime trends, research and grant writing on effective public safety practices, and increased jurisdictional collaboration. Without this position, Fluvanna would lose the support/expertise/analysis to make research driven evidence-based criminal justice decisions ultimately leading to a less effective and more costly system.

Section 6 - ADDITIONAL INFORMATION

The <u>Criminal Justice Planner</u> for the Thomas Jefferson Area Community Criminal Justice Board (CCJB) is co-located with OAR. The Planner serves as a liaison to the nine localities represented on the CCJB. Those include the same localities that OAR serves: Charlottesville, Albemarle, Louisa, Fluvanna, Greene, Goochland, Madison, Nelson and Orange. The purpose of the CCJB and the Planner is to enable the participating localities to work together to develop and support an effective and comprehensive range of services that promote public safety and offender accountability and rehabilitation. The Planner coordinates the work of the Thomas Jefferson Area Community Criminal Justice Board, which supports the implementation of evidence-based strategies among nine participating jurisdictions. The Planner provides the Board with jurisdictional and regional-level data, identifies primary cost drivers, and recommends evidence-based approaches to enhance public safety regionally and in each jurisdiction specifically. The long term goal is to develop a comprehensive system to analyze and promote programs and services that enhance public safety, offender accountability, rehabilitation, better informed decision making, better use of resources, and more effective remedial efforts. The Planner works to address jail overcrowding through effective data management and analysis, probation violation reduction, reduction in pretrial defendants held in jail, and strategies for addressing cost savings and recidivism reduction.

Section 3 - DESCRIPTION AND JUSTIFICATION OF FUNDING NEEDS (Briefly describe how the funding would be used. Bullets preferred.)

The Thomas Jefferson Emergency Medical Services Council, Inc. (TJEMS) is an integral part of the emergency medical services (EMS) system in Central Virginia –functioning to assess, identify, coordinate, plan and implement an effective and efficient regional EMS delivery system in partnership with the Virginia Office of EMS, the Governor's EMS Advisory Board and the local EMS and governmental agencies within Planning District 10 and Madison County (Planning District 9). The population of our service s area has increased from 254,064 to 257,560 in an area of 2468 square miles. We partner with over 1539 EMS personnel from 40 licensed EMS agencies and two hospitals to provide a coordinated emergency care system for the citizens of the region.

TJEMS provides a collaborate environment for regional EMS planning and coordination, including but not limited to, trauma triage planning, multiple casualty incident/disaster planning, EMS hospital diversion planning and a performance improvement program for the regional EMS and trauma care system, as well as, critical incident stress management and both initial and continuing EMS education.

- TJEMS was the first training center to offer the Advanced Stroke Life Support to Central Virginia. Partnering with the University of Miami, TJEMS has created a diverse faculty to train the EMS community in our area.
- TJEMS will continue to assemble a robust selection of unique offerings. These courses require the continued support of the localities and other

AGENCY INF	ORMATION	FY20 T	otal Rqst	F۱	Y20 COAD	FY20 BOS
Agency:	Thomas Jefferson EMS Council	\$	16,095	\$	16,905	\$ -

All EMS Councils receive partial funding from the OEMS which, combined with local funding, constitutes the TJEMS operation budget. However, this year the Commonwealth has not yet announced their funding for the council. This is usually announced in July. We do not know out official budget from the Commonwealth at the time of this submission.

Section 5 - IMPACT IF NOT FUNDED BY FLUVANNA COUNTY (Briefly explain the impact on each program area if not funded by Fluvanna County.)

The operation of the TJEMS Council is dependent on support from the localities that it serves. The present fiscal climate continues to be extremely challenging for TJEMS and the other 10 councils within the Commonwealth. The Council has begun a comprehensive review of all practices in an effort to assure that we continue to be good stewards of public funds. However, without the existing partnership and continue support of the local governments the present level of service will be increasingly difficult to provide.

Section 6 - ADDITIONAL INFORMATION

TJEMS has operated with locality-level funding for the past several years; however, the Virginia Office of EMS has mandated several new contract deliverables that impact all EMS personnel and agencies in the region, such as pandemic planning. It is imperative we receive the continued financial support of the County of Fluvanna in order to continue to serve our constituents, the career and the volunteer fire and rescue personnel and their agencies, so that them may continue to serve the County's citizens and visitors. To accomplish our vital mission and in light of the current economic conditions, we are requesting level funding for the FY20 in the amount of \$16,095.00. Thank you for your consideration.

Program 1: Local Funding

* The local funds operating budget supports program expenses that are not paid for by state funds. These include site work expenses, student support activities, informational services, and learning initiatives designed to improve access to citizens in our service delivery area. Local funds are budgeted separate from state funds, and the plan for the expenditure of local funds is subject to the review and approval of the PVCC College Board, which is appointed by the local governments.

Section 3 - DESCRIPTION AND JUSTIFICATION OF FUNDING NEEDS (Briefly describe how the funding would be used. Bullets preferred.)

- * These funds help to moderate the cost of attending PVCC for area residents because student fees and auxiliary charges would otherwise need to be increased to raise the necessary revenue.
- *The amount requested from each locality is proportional to its respective share of enrollment. Fluvanna County currently accounts for about 13% of PVCC's service region credit enrollment. Relative to other colleges in the Virginia Community College System (VCCS), PVCC ranks slightly below average for all Virginia community colleges in the local appropriation it receives per full-time equivalent (FTE) student.

Program 2: Capital Funding Request: Site Work Request for Advanced Technology Center

- * This request is to fund site work (excavation, utilities, parking, driveway and/or road, etc.) for a 45,000 square foot Advanced Technology Center which will house credit and non-credit programs in advanced manufacturing (engineering technology and mechatronics), information systems technology (cybersecurity, networking, and programming) and viticulture and enology. Graduates of these programs will earn degrees, certificates, and industry certifications that will prepare them for high-tech and high-demand jobs that will meet the needs of regional employers and advance the economic workforce development goals of the Commonwealth.
- * Please see Section 6 for more information.

AGENCY INF	ORMATION	FY20 Total Rqst	FY20 COAD	FY20 BOS
Agency:	Piedmont Virginia Community College	\$ 50,604	\$ 50,605	\$ -

Buckingham: \$1,127

Capital Funding Request:

Albemarle County: \$144,538 City of Charlottesville: \$64,323 Greene: \$34,548 Louisa: \$28,040 Nelson: \$12,637 Buckingham: \$6,237

Section 5 - IMPACT IF NOT FUNDED BY FLUVANNA COUNTY (Briefly explain the impact on each program area if not funded by Fluvanna County.)

Program 1: Local Funding

Local funds help to moderate the cost of attending PVCC for area residents, because student fees and auxiliary charges would otherwise need to be increased to raise the necessary revenue. A reduction in local government funding for operations, however modest, would result in reduced services to students, increased charges to students, or a combination of the two.

Program 2: Capital Funding

State policy provides that the localities served by a community college are responsible for providing land and site work for the initial construction & further expansion of buildings and facilities on community college campuses. Projects cannot more forward until funding is available from local sources. PVCC's request is for a contribution for the Advanced Technology Center capital project. The programs proposed for the new center are linked directly to the target industries identified through extensive analysis by the Central Virginia Partnership for Economic Development (CVPED) as the best fit for economic development in the area. With this new center, PVCC will be positioned to produce and sustain the highly skilled workforce needed to attract and support firms in these target industries.

Section 6 - ADDITIONAL INFORMATION

Program 2: Capital Funding Request: Site Work Request for Advanced Technology Center (Continued from Section 3)

- * Career pathways have already been developed for credit and non-credit programs in advanced manufacturing and information systems technology but they cannot be fully implemented until adequate facilities are available.
- * Whenever PVCC constructs a new builiding on campus, the College requests the site development funding from the local jurisdictions. This is necessary because the Commonwealth of Virginia, by legislation, does not allow community colleges to spend state dollars on construction project site development. The Commonwealth considers this the local obligation for the growth of a local college. PVCC has requested site development funding from the seven local jurisdictions three times; for the construction of the Dickinson Building in 1996, for the Keats Science Building in 2006, and now for the Advanced Technology Center. The funding request is spread out over three years and is based on percentage of enrollment. This minimizes the amount any jurisdiction will pay in a given year.
- * The General Assembly has allocated funds for the detailed planning of the Advanced Technology Center. It is expected the General Assembly will allocate construction funds in FY20. For the construction funds to be released to the college, the college must first certify it has the cash on hand to do the site work. Therefore, it is most important the college be granted these requested funds and that the funds are received on schedule.

Section 3 - DESCRIPTION AND JUSTIFICATION OF FUNDING NEEDS (Briefly describe how the funding would be used. Bullets preferred.)

Jefferson Area CHIP partners with families to create nurturing home environments and to promote the health and well-being of children in our community. We serve babies and children age 0-6 and pregnant women from low income families. Fluvanna County funds support the salaries of a Nurse and Family Support Worker who offer Fluvanna families the following services through home visits: 1) health assessments, health education, and improved access to health care services; 2) parenting education, learning activities and coaching to help families create nurturing homes and prepare their children for school; 3) support for family self-sufficiency through employment and connecting families to community resources; 4) regular developmental screenings and activities to promote healthy child development; 5) home safety screenings and resources. In FY2018, CHIP served 40 Fluvanna children from 25 families. In FY2019 year to date, CHIP has served 44 children from 25 families. Goals for FY2020:

- 90% of children will be up to date on well child visits
- 80% of families will demonstrate positive parent-child interactions
- 90% of children with appropriate growth and development as measured by the Ages and Stages Developmental screening tool
- 90% of those not typically developing will be referred for further assessment and will receive ongoing follow-up by CHIP staff.

AGENCY INF	ORMATION	FY20 To	otal Rqst	F	Y20 COAD	FY20 BOS
Agency:	Jefferson Area CHIP	\$	53,060	\$	53,060	\$ -

For the Fluvanna CHIP program, other funding sources include CHIP of Virginia (Virginia General Fund and TANF), United Way-Thomas Jefferson Area, Medicaid reimbursements for prenatal nursing services (for eligible families), and individual donations.

Section 5 - IMPACT IF NOT FUNDED BY FLUVANNA COUNTY (Briefly explain the impact on each program area if not funded by Fluvanna County.)

The loss of Fluvanna County funding would require us to close our program in Fluvanna. County funds cover almost half of the cost of serving Fluvanna families. CHIP raises the remaining support required, but would not be able to absorb the County's share. CHIP families often lack the traditional support systems needed to give families the information, resources and confidence to raise healthy children. These families frequently face trauma, unforeseen circumstances, generational poverty, health crises and financial challenges. CHIP's work improves positive parenting and the school readiness of low-income children in Fluvanna County, helping families move toward self-sufficiency and preventing future taxpayer support. CHIP's prevention services work with the families with the youngest children to decrease the need for more expensive out-of-home/foster care services in the future.

Section 6 - ADDITIONAL INFORMATION

Families enrolled in CHIP face many barriers to raising healthy children in nurturing homes, but also have many strengths. CHIP data from FY2018 shows that, for the families we partner with: 62% of mothers are high school graduates/GED recipients; 10.6 years of school was the average level completed; 43% were two parent families; and 60% of families had one or both parents employed (with a 25% increase after one year in the CHIP program). Jefferson Area CHIP's Fluvanna County staff are located at 5578 Richmond Road, Suite 1, in Troy (Zion Crossroads). In FY18 after one year in the program, 98% of children had regular medical homes; 87% were current on well child visits; and 84% of preschool age children were enrolled in preschool or child care.

Section 3 - DESCRIPTION AND JUSTIFICATION OF FUNDING NEEDS (Briefly describe how the funding would be used. Bullets preferred.)

*EMERGENCY HOME REPAIRS: We help low income eligible homeowners pay for necessary repairs to keep their homes "warm, safe & dry." These repairs typically include well & septic repairs, plumbing leaks, heating & cooling systems repair, and roof repair or replacement. The Foundation coordinates and pays the contractor, then funds the work with a combination of grants and no-interest loans to the homeowner. In FY2017-18 we helped 36 Fluvanna families with over \$45,000 of repairs, including over \$23,000 in outside grant funding. This current fiscal year we are on pace to exceed that. *HOUSING CHOICE VOUCHERS: we administer the HUD program that provides rental assistance through vouchers to eligible residents. There are about 70 vouchers per county. Daily administration of this program is a full-time job for one of our staff. Our Foundation has long managed this program in lieu of the local Social Services office which is the case in many areas of the country. The waiting list for vouchers is very long and currently closed to new applicants. *ALUMINUM HANDICAP RAMPS: We provide at no cost these handicap ramps for temporary use. When no longer needed the ramps are dismantled and moved to the next family. Currently we have 36 sets of ramps intalled in the County, and this past year we provided material funding for six wood ramps built by volunteer groups. *HOME PROGRAM: With this HUD funding we are able to purchase property and build new homes for first-time homebuyers and provide them down payment assistance at closing. Our staff provides initial credit counseling and guides the families thru Piedmont Housing Alliance's program of other financial counseling. We currently have several County residents going thru this process. We can also use this federal funding to help pay for new homes built as affordable rental properties. We recently completed two new homes in Habitat for Humanity's Houchens Place development in Palmyra. Our first tenants are long-time Fluvanna County citizens and includes a senior disabled couple in one unit, and a single mom with a disabled child in the other. We have plans to purchase another lot at the Houchens Place development very soon. We have already purchased another property in the County that we plan to build a "rent to own" home for a woman working at the local correctional facility.

AGENCY INFORMATION FY20	20 Total Rqst	FY20 COAD	FY20 BOS
Agency: FLUVANNA/LOUISA HOUSING FOUNDATION \$	16,000	\$ 16,000	\$ -

We receive \$25,650 from Louisa County to help cover administrative costs to provide these same services. We receive admin funds from VHDA to manage the Voucher Program, though these funds do not cover the entire cost of managing the program. We also recieve small admin fees for manging the HOME and Indoor Plumbing programs. We use rental income from Foundation owned rental properties to help with our operating costs, but the mandated affordable rental rates provide only a portion of the property management expenses. Please note that we also paid over \$5,000 in Real Estate Taxes back to Fluvanna County for these rental units. This basic platform of support of \$16,000 from Fluvanna County helps pay our Foundation staff of three full-time and one part-time employee, and allows us to provide the full range of activites involved with the above programs.

Section 5 - IMPACT IF NOT FUNDED BY FLUVANNA COUNTY (Briefly explain the impact on each program area if not funded by Fluvanna County.)

Any reduction of funding would make it increasingly difficult to provide the basic services noted above, or some of the other programs we assist local residents in Fluvanna County. We have been able to hold the line in operating costs over the last couple years, decreasing some line items, but faced with continued increases in other costs. Long run we are looking to increase our number of affordable rental properties in order to increase somewhat the rental income we receive. We feel a constant threat of reduced Federal and State funding for programs we provide, so we are very thankful for the existing sources of operating funds. As long as we continue covering our operating costs, our Foundation has developed over the years a sizeable amount of program income that pays for the actual assistance to our clients.

Section 6 - ADDITIONAL INFORMATION

The Housing Foundation's activities are geared towards assisting the lower-income citizens of the community, especially the fixed-income elderly and/or disabled residents. But these activities generate a much greater economic impact to our local area. The following dollar spending provides greater exponential economic return to Fluvanna County: **The \$45,000 worth of emergency home repairs was paid to local contractors and suppliers, **The Housing Choice Vouchers provided landlords with stable, market rate rental income on their over 70 Fluvanna County rental properties, ** Our own rental properties returned \$5,000 in Fluvanna real estate taxes, and we spent over \$2,400 in necessary repairs and maintenance to local vendors, ** Construction of our two new rental homes in Palmyra provided payments of over \$380,000 to local contractors and suppliers, ** Our anticipated purchase of property and construction of a new home for a Fluvanna first time home buyer will generate an additional \$150,000 in real estate and construction payments. With the addition of our new part-time Fluvanna employee and the new office space in Palmyra, we have been able to raise the bar in the quantity and quality of services that we provide in Fluvanna County.

Section 3 - DESCRIPTION AND JUSTIFICATION OF FUNDING NEEDS (Briefly describe how the funding would be used. Bullets preferred.)

ABOUT FOOTHILLS

- Foothills Child Advocacy Center is a non-profit, 501(c)3 agency designed to provide a culturally sensitive, coordinated community response to child victims in a child-friendly setting. Our goals are to minimize trauma, promote healing, and ensure child safety.
- Foothills coordinates and/or participates in the Fluvanna child abuse Multidisciplinary Team (MDT). The MDT case review meetings increase communication and mutual accountability, reduce duplication of services, and help to ensure that children are safe and that their needs are met. Foothills also conducts coordinated, legally sound forensic interviews that reduce the number of times a child is interviewed and so reduces the child's trauma, while at the same time gathers accurate information that will help to keep the child safe, and provides non-offending caregivers ongoing support to help them provide safe, healing environments for their children and reduce the risk of the child's re-victimization.

 ABOUT THIS REQUEST
- Since FY 2012, Foothills has been providing courtesy services to assist the Fluvanna County Commonwealth's Attorney, Fluvanna County Law Enforcement, and Fluvanna County Child Protective Services (CPS) in child abuse investigations and family support. The children and families are referred to Foothills by Fluvanna County Law Enforcement or CPS.
- Until December 2016, the children and families had no choice but to travel to Foothills' facility in Charlottesville, which presented an obstacle for families due to lack of transportation as well as the amount of time needed to travel back and forth in addition to the time for the forensic interview. Thanks to Victims of Crime Act (VOCA) funding, Foothills was able to launch its Victim Outreach Expansion Program and hire a part-time forensic interviewer to travel to Fluvanna and other localities surrounding Charlottesville. The Fluvanna Department of Social Services created a child-friendly space for providing forensic interviews and other services, and in the spring of 2017, Foothills used \$4,000.00 of the VOCA grant funds to purchase forensic interview recording equipment that was permanently installed in the Fluvanna space.
- The impact was immediate. In Fiscal Year (FY) 2016, Foothills served six child victims from Fluvanna; in FY 2017, Foothills served 41 child victims.
- The number of children served continues to increase. In FY 2018 (July 1, 2017, through June 30, 2018), Foothills served 49 new children and their families from Fluvanna. That number represents an increase of 8, or 20 percent, over FY 2017. Thirty-one of these children were served on site in Fluvanna, and 17 children were served at the Charlottesville facility.

 JUSTIFICATION OF FUNDING NEEDS
- Foothills is seeking funding from the five counties served by the Child Abuse Victim Outreach Expansion Program (Buckingham, Fluvanna, Greene, Madison, and Nelson). In FY 2018, Foothills served a total of 100 new children from these localities. Forty-nine of these children, or 49 percent, were referred by Fluvanna County CPS or Law Enforcement.
- The total annual cost for serving the five counties in FY 2018 was \$58,886, including \$31,753 for forensic interviewer services, \$18,742 for ongoing family support services, \$4,276 for staff mileage, \$3,432.00 for administrative costs, and \$683 for printing/resources for caregivers. The total annual cost for bringing services to Fluvanna children and families is 49 percent of that, or \$28,854.00.
- A renewable VOCA grant administered by the Virginia Department of Social Services, will cover the cost (\$9,184) of the ongoing family support services for FY 2020 for Fluvanna families. That leaves a balance of \$19,670 that will be needed to provide these services in FY 2020.
- Foothills respectfully requests \$12,000.00 towards providing services to child victims and their families from Fluvanna County in FY 2020.

AGENCY INF	ORMATION	FY20 T	Total Rqst	FY20 COAD	FY20 BOS
Agency:	Foothills Child Advocacy Center	\$	12,000	\$ 10,000	\$ -

A renewable VOCA grant administered by the Virginia Department of Social Services, will cover the cost (\$9,184) of the ongoing family support services for Fluvanna families in FY 2020. Foothills will raise the balance of \$7,670 needed to serve Fluvanna children and their families in private contributions and foundation grants.

(Please note that Foothills is seeking a total of \$14,500 in funding from the four other counties (Buckingam, Greene, Madison, and Nelson), which represent 51% of the children served by the Child Abuse Victim Outreach Expansion Project in FY 2018. Foothills will raise the balance needed for those counties in private contributions and foundation grants.)

Section 5 - IMPACT IF NOT FUNDED BY FLUVANNA COUNTY (Briefly explain the impact on each program area if not funded by Fluvanna County.)

Foothills will not be able to continue sending a forensic interviewer to Fluvanna to provide services, which will significantly reduce the number of child victims and families from Fluvanna who receive the needed services.

Section 6 - ADDITIONAL INFORMATION

Why This Program is Needed in Fluvanna County

- Foothills' data shows that most of the children served in FY 2018 had immediate and continuing needs for physical and psychological safety and security: 68 percent needed well-coordinated competent follow-up and intervention throughout the investigation and prosecution; and 59 percent needed access to additional resources.
- According to national research, children who are sexually abused are at a significantly greater risk for post-traumatic stress, suicide, substance abuse, pregnancy at a young age, and other negative consequences, and they are more likely to become involved in crime, to perform poorly academically, and to have serious health problems as adults (Darkness to Light, 2017).
- The earlier that the abuse is stopped and child victims receive services, the more likely they are to avoid such consequences.
- The Child Advocacy Center (CAC) model, based on trauma-informed care, is considered a best practice for allegations of criminal child maltreatment.
- In communities with a CAC, there are increased joint investigations by police and CPS, increased likelihood of mental health referrals for the child, increased caregiver satisfaction with services, and other positive impacts (Cross et al, 2008).
- Child abuse not only has costly consequences for its victims but also for society, not only in terms of quality of life and community safety but also financially. The child advocacy center model decreases trauma for child victims and promotes healing, making it less likely that those children will become involved with the juvenile justice or foster care systems at great expense to the taxpayers.
- In FY17, Foothills successfully underwent a rigorous evaluation during the re-accreditation process by the NCA, which signified that it had achieved the highest level of multidisciplinary collaboration and coordinated service delivery to child victims. Foothills has been a fully accredited child advocacy center since 2011.

Section 3 - DESCRIPTION AND JUSTIFICATION OF FUNDING NEEDS (Briefly describe how the funding would be used. <u>Bullets preferred.</u>)

Hospice of the Piedmont's (HOP) mission is to transform the way people experience serious illness, death and dying. We care for patients and their families through the end of life experience, regardless of ability to pay. Hospice of the Piedmont is the only non-profit, community-based hospice provider in our area. Last year, HOP provided \$715,000 in free or reduced care. We free grief support to anyone in our service area that has experienced a loss, regardless of whether or not their loved one was in our care. In the last fiscal year, HOP provided care for 100 patients in their homes in Fluvanna County. Our Center for Children, the only provider of free bereavement support for children in our area, worked with 17 individual children for a total of 125 visits (roughly eight visits per child) at their homes and in their schools. Our Center for Grief and Healing worked with 494 adults, offering 1:1 grief counseling, community support groups, and grief workshops. In addition to providing direct hopsice care to patients at the end of their lives, HOP provides care and support to families and caregivers both before and after their loved one passes.

AGENCY INF	ORMATION	FY20 To	otal Rqst	FY20	COAD	FY	20 BOS
Agency:	Hospice of the Piedmont	\$	2,500	\$	2,500	\$	-

Direct hospice patient care is covered by medicare, medicaid, or private insurance. However, vital programs for the continued health and well being of families and caregivers, such as grief counseling, bereavement support, and programs for children are not covered by those reimbursements. The cost of these comprehensive programs, which are not offered by for-profit hospices at this level, are entirely funded by philanthropy. HOP seeks county grant support, community foundation support, and private philanthropy in order to provide high quality, personal grief support services.

Section 5 - IMPACT IF NOT FUNDED BY FLUVANNA COUNTY (Briefly explain the impact on each program area if not funded by Fluvanna County.)

Without support from Fluvanna County, HOP's capacity to offer supplemental grief programs in Fluvanna County would be diminshed significantly. Outside funding provides vital resources to our Center for Grief and Healing and our Center for Children and increases their capacity to serve those affected by loss in Fluvanna County. Because these programs are enteirely funded by philanthropy, HOP is only able to provide this specialized support where there are resources. While there is a clear need for free bereavement services for those grieving in Fluvanna County, HOP's resources are limited and our ability to provide those services is directly affected by this funding request.

Section 6 - ADDITIONAL INFORMATION

HOP's Center for Grief and Healing is staffed by highly trained, specialized bereavement support counselors and social workers who specialize in grief counseling. Our Center For Children staff is comprised of four specialized youth and adolescent therapists with advanced training in the application of art therapy. The majority of those who utilize our bereavement services come from lower or middle income populations, and would not otherwise have access to this level of skilled support.

Program 5:			\$ -	\$ -
Program 6:			\$ -	\$ -
Program 7:			\$ -	\$ -

Section 3 - DESCRIPTION AND JUSTIFICATION OF FUNDING NEEDS (Briefly describe how the funding would be used. Bullets preferred.)

*Community Resource Services supports multiple distinct programs providing direct support for older adults, people with disabilities, and caregivers to promote safely aging in place. These services support individuals and families in making informed decisions by helping them understand their needs and unique situations and translate this information into strategies and plans based on available community resources. These programs include: Information and Assistance, Insurance Counseling, Legal Assistance Program, Ombudsman Program, Options Counseling, and Volunteer Services.

*Senior Health and Nutrition supports shared programming and meals for the weekly Fork Union Active Older Adult Program as well as 3 current outreach sites in partnership with Fluvanna County Parks and Recreation. This request funds a nurse 8 hours a week (total) at the Fork Union Active Older Adult Center to meet the needs of Fluvanna residents at a time when chronic diseases such as diabetes and hypertension are on the rise in the elderly population. The nurse provides close monitoring and and education for self-management which are essential to preventing serious negative outcomes. This program also provides chilled, home delivered meals to county residents who are unable to prepare their own meals or who need additional nutritional options due to ill health and lack of mobility. *Fluvanna funding provides scholarships for Fluvanna county residents who may not be able to afford the full daily rate in DSS/DMAS and VA certified Adult Care Center. The Adult Care Center provides day care services for adults 18 and older who have dementia-related and/or physical disabilities who need assistance with daily health or personal care needs.

AGENCY INF	ORMATION	FY20 Total Rqst	FY20 COAD	FY20 BOS
Agency:	Jefferson Area Board of Aging - JABA	\$ 85,000	\$ 85,000	\$ -

Anticipated: Federal Government (\$64,183), State Government (\$35,457), Fundraising by JABA (\$50,000), Client fees (\$19,559), local jurisdictions (Albemarle - \$377, 985, Charlottesville - \$319,192, Greene - \$105,046, Louisa - \$269,110, Nelson - \$101,500)

Section 5 - IMPACT IF NOT FUNDED BY FLUVANNA COUNTY (Briefly explain the impact on each program area if not funded by Fluvanna County.)

In 2018, JABA served 910 Fluvanna County residents. Data shows that the 65+ population in Fluvanna County is growing. People 65+ comprised 18.83% of the population in 2016. By 2040 this will almost increase to 24.56% of county residents. Our most vulnerable group, those 85+ will increase at a faster rate, 125% by 2040. We know 9.4% of Fluvanna seniors live alone, many with a limited income, with fewer personal supports in place. An average visit to the Emergency room for runs \$1,367 for those with no insurance. The preventative programs that JABA provides can lessen the demand of ER visits for individuals.

Non-funding would affect the lower income older population in Fluvanna County by:

- *Loss of a familiar, convenient entry point into aging and disability services networks.
- *Increased time and frustration involved in finding services and supports to meet their needs.
- *Increased demand on county services around aging issues.

Section 6 - ADDITIONAL INFORMATION

- *Decreased awareness of resources and services to assist individuals and families with their aging issues and questions.
- *Reduced availability of staff who provide intensive support and coordination of multiple services.
- *Fewer meals available to those who need it.
- *Premature institutionalization, poor nutrition, less access to services and supports that allow them to age in their community of choice.
- *Less ready access to medical care.
- *Increased isolation resulting in increased depression, stress, fear and loneliness.

Non-funding would affect family caregivers by:

- *Putting their own health at risk as many caregivers are elderly themselves.
- *Reducing their ability to continue their employment for their own and their family's financial security.
- *Decreasing access to eldercare resources they need, thus reducing not only their quality of life but also that of the seniors in their care.

Section 3 - DESCRIPTION AND JUSTIFICATION OF FUNDING NEEDS (Briefly describe how the funding would be used. Bullets preferred.)

JAUNT is a Virginia Public Service Company established in 1982 by regionla localities, including Fluvanna County, to prvide regional rural public transportation. Two Fluvanna County residents continue to serve on JAUNT's Board of Directors as appointed representatives. For FY20, JAUNT requests \$95,864 in local funding to match \$223,024 in federal and state grants to perform rural public transportation services. This service is open to all residents of Fluvanna County and do not require any prequalification. Under this service residents can call a day ahead to request to be picked up at their home to be taken to work, school and other social activities. Local assistance is required as matching funds to access the federal and state grants. For FY20, JAUNT is requesting an increase of \$10,865 over FY19's apportionment. This funding will allow JAUNT to maintain the existing level of service.

AGENCY INF	ORMATION	FY20 T	otal Rqst	F۱	Y20 COAD	FY20 BOS
Agency:	JAUNT Inc.	\$	95,864	\$	85,000	\$ -

If Fluvanna County's public transportation program is fully funded, JAUNT will be able to match the \$95,864 local funds with \$17,161 in passenger fare revenues, \$116,603 in federal operating assistance, \$26,334 in federal capital assistance, \$6,584 in non-fed capital assistance, \$20,739 in state operating assistance, and \$35,603 in opoerating subsidy to locality. Total cost for services for FY20 is \$318,889, of which the local match of \$95,864 represents 30%.

Section 5 - IMPACT IF NOT FUNDED BY FLUVANNA COUNTY (Briefly explain the impact on each program area if not funded by Fluvanna County.)

If no additional funding is provided JAUNT will need to eliminate approx. 170 hours of service. Without JAUNT services, residents with other means of transportation would find it difficult to access jobs, shopping, social activities, medical appointments, dialysis treatments and other needed services. Currently 35% of the trips we provide are for people with disabilities, 74% are for seniors (some of whom also have disabilities) and 9% are for children. JAUNT estimates that eliminating 170 hours of service would equal approximitly 1,000 trips would not be provided out of 8,000 projectged annual ridership.

Section 6 - ADDITIONAL INFORMATION

JAUNT has been working to improve efficiencies with the services it provides across the region. In 2011, JAUNT had the best service performance in Fluvanna County at 3.31 passengers/hr. Even wiht on-going efforts to provide the most efficient service possible, JAUNT believes it has reached its capacity to improve performance. This is largely due to extent of geographic area to be covered by the resources JAUNT operates. Regardless, JAUNT will continue to find the most effcienct way to proivde as much service as possible with the resources allocated.

Section 5 - IMPACT IF NOT FUNDED BY FLUVANNA COUNTY (Briefly explain the impact on each program area if not funded by Fluvanna County.)

Head Start: Although the program is supported in large part by federal grants, a local funding reduction would create challenges for program operations in Fluvanna County due to local matching requirements. In the immediate term, reduced funds would reduce the program's ability to pay competitive salaries and recruit or retain qualified staff; purchase needed classroom supplies; and invest in improved teaching tools. These reductions would make it more difficult to provide ideal learning conditions for children in the most need.

Project Discovery: A reduction in local funds would make it more difficult for the program to meet a required local match for other funding sources. It would also limit the availability of scholarships or campus visits for Fluvanna County students, resulting in fewer opportunities for students to explore and prepare for academic success in college.

Rural Outreach: A reduction in local funds may result in more limited staffing at this office as well as more limitations on direct client assistance. The food pantry, thrift store, and client assistance would be less available or accessible to the public and families in crisis. The impact could be substantial as the Outreach office serves a large number of families each year (often in urgent circumstances).

Section 6 - ADDITIONAL INFORMATION

About Our Services: In FY2018, MACAA served more than 280 families and 490 individuals in Fluvanna County with services including preschool classroom instruction, college campus visits and financial aid workshops, family case management, and the prevention of evictions and utility disconnections. Each program provides a variety of targeted services designed to prepare children to succeed in school and in life; stabilize families and move them forward on their path to self-sufficiency; and reduce the prevalence of poverty and dependence on public support. Our staff have deep connections to the residents of Fluvanna County and work to strengthen each family and improve the economic vitality in the community.

Other Information: MACAA focuses on developing strong partnerships to maximize resources, coordinate service delivery, and ensure that low-income families have the support they need to move towards self-sufficiency. In addition to the budget figures provided here, MACAA's programs leverage third-party resources to make the greatest impact. For example, Rural Outreach administers the Dominion Energy Share program in Fluvanna County, providing as much as \$16,000 in direct assistance to clients. Every dollar of local funding supports partnerships and grant matching to make the greatest possible impact in Fluvanna County.

Section 3 - DESCRIPTION AND JUSTIFICATION OF FUNDING NEEDS (Briefly describe how the funding would be used. Bullets preferred.)

Piedmont Housing Alliance is requesting funding for our comprehensive housing counseling services. These services include home purchase education and counseling, mortgage default and foreclosure counseling, credit counseling, rental counseling, financial coaching, money management education, and down payment assistance for home purchase. Piedmont Housing's coaching and housing counseling helps area residents to improve household financial stability, promotes employee retention in the local workforce, and assists families to attain and preserve their greatest asset. In FY17-18, we assisted 29 Fluvanna County residents with individual housing counseling, including 11 first-time homebuyers, one home owner, 10 mortgage default/foreclosure avoidance clients, and seven financial literacy and VHDA Homebuyer Education class participants. Also during FY 17/18, Piedmont Housing started a homebuyer club to prepare people for home purchase and one Fluvanna County resident is among the participants.

Section 3 - DESCRIPTION AND JUSTIFICATION OF FUNDING NEEDS (Briefly describe how the funding would be used. Bullets preferred.)

Region Ten's system of mental health, intellectual disabilities and substance use disorders treatment and prevention services provides a continuum of services which enables persons to remain in their home communities and receive treatment in the least restrictive environment. The core services provided by Region Ten include: outpatient, case management, emergency, day support, residential, prevention and early intervention. Funds received from Fluvanna County in conjunction with funds from State, Federal Block Grants and Fees (mostly Medicaid) are blended and braided to provide the necessary supports to assure that both the quality and quantity of services exist to meet the needs of persons needing services in your community.

Section 3 - DESCRIPTION AND JUSTIFICATION OF FUNDING NEEDS (Briefly describe how the funding would be used. Bullets preferred.)

Funding from Fluvanna County will be used for crisis and direct services to victims of sexual violence residing in or assaulted in Fluvanna County. These services will include:

- * 24-hour hotline
- * 24-hour advocacy support and accompaniment at the UVA Emergency Department
- * advocacy and support to survivors and their family/friends
- * therapy (individual and group)
- * accompaniment to court proceedings and advocacy for other services as needed
- * information and referral
- * staff support at Multi-Disciplinary Team and Sexual Assault Response Team meetings

During this current fiscal year, we were pleased to provide training on a trauma-informed response to the Lake Monticello Police and Fluvanna Sheriff's department. We have begun an expansion of our outreach program and are working with incarcerated survivors at the Fluvanna Correctional Center for Women. We will also be providing training to the officers who work at FCCW.

AGENCY INF	ORMATION	FY20 Tot	tal Rqst			FY20 BOS
Agency:	Sexual Assault Resource Agency	\$	1,200	\$	1,050	\$ 1

- *Virginia Department of Criminal Justice Services
- *Virginia Department of Social Services
- *City of Charlottesville
- *Albemarle County
- *Local foundations
- *Individual donations.

Section 5 - IMPACT IF NOT FUNDED BY FLUVANNA COUNTY (Briefly explain the impact on each program area if not funded by Fluvanna County.)

Survivor Services: Survivors of sexual violence experience a range of concerns in the aftermath of a sexual assault. Our clients receive crisis intervention, counseling, and safety planning. We work to reduce the impact of trauma and receive high rates of satisfaction for our services. The survivor's ability to receive the needed services ensures a quicker recovery and greater ease in returning to work, family life, and/or school. The survivor's ability to resume a normal life has an overall positive impact on the community. SARA works with other victim service providers in the community, and we are frequently called on for information, training and support. A reduction in funding will reduce our ability to serve residents of Fluvanna County.

Section 6 - ADDITIONAL INFORMATION

Thank you for your consideration of this proposal.

Program 5:			\$ -	\$ -
Program 6:			\$ -	\$ -
Program 7:			\$ -	\$ -

Section 3 - DESCRIPTION AND JUSTIFICATION OF FUNDING NEEDS (Briefly describe how the funding would be used. Bullets preferred.)

SERCAP provides water, wastewater, and housing assistance to low-income residents across the Commonwealth of Virginia, in order to ensure that they have clean, safe drinking water, environmentally sound wastewater facilities, and housing that is warm, safe, and dry. If awarded funds by Fluvanna County, SERCAP will use the funds to provide Miscellaneous Grants and/or Housing Grants to low-income residents of Fluvanna County, and/or Facilities Development Grants to small communities within Fluvanna County for water, wastewater, and/or housing needs.

Projects may include: Repair/Replacement of Wells/Septic Systems, Connection to Public Water/Wastewater Systems, Financial and Technical Assistance to Fluvanna County Public Water/Wastewater Facilities, installation of needed handicap ramps or other universal design features to support aging residents or those living with a disability, needed housing rehabilitation services, etc.

Ultimately, projects funded by the Fluvanna County Budget appropriation will contribute to the strengthening of the County's water and wastewater infrastructure and/or the local housing market. Strong Water/Wastewater Infrastructure is a key element to any County's success and viability because without clean, safe drinking water and environmentally sound wastewater facilities there can be no people and no economic growth. Providing funds to SERCAP for water, wastewater, and housing needs will only strengthen Fluvanna County's livability and viability for small business growth and larger economic development projects.

AGENCY INF	AGENCY INFORMATION		FY20 Total Rqst		FY20 COAD		FY20 BOS	
Agency:	Southeast Rural Community Assistance Project, Inc. (SERCAP)	\$	5,000	\$	1,000	\$	-	

SERCAP's other Funding Sources include a combination of Federal, State, Local, and Private Foundation Grants; Local Contract Services; Program Fees; and Private Donations. Current Funding Sources, are: USDA Rural Development, US EPA, US Department of Health & Human Services' (HHS) Office of Community Services (OCS), Budget Appropriation from the Virginia General Assembly, the Virginia Department of Housing & Community Development (DHCD), Virginia Department of Social Services' (DSS) Community Services Block Grant (CSBG), County Budget Appropriations from Counties across Virginia, Local Contracts for Housing Rehabilitation Services for Community Development Blocak Grant (CDBG) Projects, SunTrust Bank, BB&T, the Wells Fargo Housing Foundation, and Private Donors.

Section 5 - IMPACT IF NOT FUNDED BY FLUVANNA COUNTY (Briefly explain the impact on each program area if not funded by Fluvanna County.)

If funding was not approved by Fluvanna County, SERCAP's Programs and Services would still be able to operate across the Commonwealth of Virginia, however SERCAP would have less funding to support projects in Fluvanna County, and as a result some citizens may go without needed water/wastewater services if SERCAP has already obligated the funds available for the year, forcing individuals onto the waiting list. Potentially citizens may go without Water for several months before additional funds become available.

Section 6 - ADDITIONAL INFORMATION

SERCAP's programs and services provide water and wastewater infrastructure services to the communities the organization serves. Infrastructure is an appropriate use of taxpayer dollars as it impacts all citizens of a given area, improving Quality of Life, Environmental Health, and Economic Self-sufficiency. Water and wastewater services are especially important because water is a necessity and if clean, safe drinking water is not available then it can cause citizens to become sick, or even force people out of the area causing a decrease in tax revenue, and even economic depression in an already rural community. Strong water/wastewater infrastructure and reliable access to clean, safe drinking water encourages citizens to remain, small businesses to open, and even longer term economic growth that would not be possible without strong water/wastewater infrastructure.

Section 3 - DESCRIPTION AND JUSTIFICATION OF FUNDING NEEDS (Briefly describe how the funding would be used. Bullets preferred.)

Funding would be used to support the many Shelter services provided to victims of domestic violence: 24-hour hotline (which serves as a bridge to Shelter services and is a critical step on a path to a violence-free life), emergency safe shelter at our 24-hour residential facility, individual and/or group counseling, legal advocacy, court accompaniment, and children's programs. Services focus on healing the damage inflicted by abuse, restoring a victim's sense of self-efficacy and hope, providing safety, encouraging positive relationships and social connection, promoting good physical and emotional health, assisting access to community resources including employment assistance and housing, and ensuring that children feel safe and are able to succeed in school. Our Outreach and Community services team reaches individuals experiencing DV who need supportive services and information, but do not need or request the safety of our residential facility. The Lethality Assessment Program (LAP) works with local police and sheriff departments, connecting high risk victims of DV with a hotline advocate to provide immediate support, safety planning, information and referral at the scene of a DV incident. We are excited to have Fluvanna County participating in the LAP program, enabling greater access to services for high risk victims of domestic violence in Fluvanna County. The Prevention Services program reaches into our local schools and youth groups providing education and support to the area's child and teenage population, utilizing evidence-based curriculum and activities to engage youth and enable them to identify abusive behaviors & understand that there are alternatives to violence. This program seeks to address the need to educate and support our community to move beyond intervention services into preventative action.

AGENCY INI	AGENCY INFORMATION		FY20 Total Rqst		FY20 COAD		FY20 BOS
Agency:	Shelter for Help in Emergency	\$	9,734	\$	9,200	\$	1

Our programs are supported with funding from each jurisdiction in Planning District 10: City of Charlottesville, Counties of Albemarle, Fluvanna, Greene, Louisa, and Nelson. We also receive federal & state funding from the Virginia Department of Social Services and the Department of Criminal Justice Services. Financial support from the community, including individuals, organizations, and corporations, plays a very signficant role in our budget as well. We sponsor multiple events and activities each year to bring awareness of domestic violence to the public and raise funds for our programs in the way of donations at these events.

Section 5 - IMPACT IF NOT FUNDED BY FLUVANNA COUNTY (Briefly explain the impact on each program area if not funded by Fluvanna County.)

Public health and safety are core, essential provisions for local government. The Shelter is well-positioned to address these for Fluvanna County in a cost-efficient and effective way. Fluvanna County government funds are a critical resource to the Shelter enabling us to extend our programs and services to the whole of Fluvanna County. Domestic violence takes a significant toll on individual lives and the community as a whole not only in terms of well-being, but also with regard to financial burdens and resources. Left unaddressed, the impact of DV in the community spreads across a wide variety of resources. The County experiences cost savings by working with an established group such as the Shelter whose expertise is centered on family safety and well-being. The provision of trauma-informed comprehensive services through the Shelter offers a specialized, cost-effective and affordable response to DV.

The Shelter's program provides both individual and community cost saving benefits on a short and long-term basis. Through our Residential Program immediate refuge from actual or imminent assault helps women avoid additional assaults and homelessness, reducing the number of DV crimes and resulting injuries that occur. This reduces the need for police, court, corrections and health system interventions. The program's provision of safe shelter in times of acute crisis and emergency serve to protect against not only repeated abuse and injury, but also from loss of life. For children who witness violence in their homes, the RCS offers a stable and supportive environment where both mother and child can be safe and start a process of healing to halt a cycle of generational violence. Trauma-informed counseling provided through both our residential and outreach programs offers a significant benefit to both the individual and community by providing support services to low-income residents, who would otherwise be unlikely to obtain these services or be adding to the already substantial mental health waiting list. The Shelter's services reduce the level of stress and injury that contribute to a substantial loss of work productivity. Decreased productivity ultimately leads to loss of wages and loss of employment, and with it the subsequent decline in tax revenue. Through our Rural Legal Advocate, advocacy and support services provide an invaluable resource to victims during court appearances, decreasing reliance on court personnel for information and assistance. Interventions provided through our programs serve to reduce the potential need for later long-term, high-cost services such as mental health interventions, health care, repeat law-enforcement response and juvenile justice interventions. Your support for these services is vital to the Shelter and will ensure a sustained and comprehensive response to victims of domestic violence in Fluvanna County.

In FY18, the Shelter received 61 calls to our 24-hour emergency hotline from Fluvanna residents. Emergency shelter at our 24-hour residential facility was provided to 20 residents of Fluvanna, for a total of 455 nights of safety. Support services were provided on an outreach basis to 33 additional clients from Fluvanna who didn't want or need emergency shelter, but did access some of our other services such as court accompaniment, legal advocacy, counseling, etc.

Section 3 - DESCRIPTION AND JUSTIFICATION OF FUNDING NEEDS (Briefly describe how the funding would be used. Bullets preferred.)

Virginia Career Works - Piedmont Region (formerly called Piedmont Workforce Network) is one of 17 local Workforce Development Boards in the Commonwealth of Virginia serving 10 counties (Albemarle, Culpeper, Fauquier, Fluvanna, Greene, Louisa, Madison, Nelson, Orange and Rappahannock) plus the City of Charlottesville in Local Workforce Area 6. Virginia Career Works is committed to addressing workforce development needs and combating unemployment by providing services to the unemployed, the underemployed, youth with barriers to employment, individuals with disabilities, Veterans, businesses, and more. This organization serves as the regional convener for workforce systems, which should be driven by the demands of business. Initiatives to strengthen the workforce are intended to increase the talent base and skills available to the region's employers. By using the Target Market Report and the GO Virginia Region 9 Growth & Diversification Plan, PWN will continue to work to ensure that the programs for job seekers meet the needs of our business community now and over the long-term.

AGENCY INF	ORMATION	FY20 Total Rqst	FY20 COAD	FY20 BOS		
Agency:	Virginia Career Works - Piedmont Region (formerly Piedmont Workforce Ne	\$ 3,970	\$ 3,000	\$ -		

Funding is received annually from the U.S. Department of Labor's Employment and Training Administration to administer the Workforce Innovation and Opportunity Act (WIOA) programs. These programs assist eligible job seekers in participating in education and skills development activities (including occupational skills training and work experiences) in order to develop skills to obtain self-sufficient employment. The federal funding provided to Virginia Career Works - Piedmont Region is limited in scope and does not provide comprehensive workforce development services throughout Area 6. Locality funds are requested each year from the region's jurisdictions to conduct activities that are not considered allowable expenditures under federal guidelines. Each year, 15 cents per capita is requested as determined by the Weldon Cooper Center population data. For FY 2020, the requests are: Fluvanna County - \$3,970; Albemarle County - \$16,155; City of Charlottesville - \$7,370; Culpeper County - \$7,541; Fauquier County - \$10,255; Greene County - \$2,998; Louisa County - \$5,255; Madison County - \$1,979; Nelson County - \$2,229; Orange County - \$5,178; and Rappahannock County - \$1,093.

Section 5 - IMPACT IF NOT FUNDED BY FLUVANNA COUNTY (Briefly explain the impact on each program area if not funded by Fluvanna County.)

In FY 2018, the Virginia Workforce Center-Charlottesville welcomed 9,404 individual visits including 589 residents of Fluvanna County. For FY 2019, Virginia Career Works - Piedmont Region received a -17.30% decrease in federal funding, resulting in our region receiving the 2nd lowest amount of federal workforce funding in the Commonwealth. If federal funds continue to decrease, the organization may have a limited ability to operate the Virginia Workforce Centers or Satellite Operations and may not be able to provide funding for occupational skills training and employment search assistance to job seekers. Also, decreasing funding provides it more difficult to serve as a resource to provide a qualified workforce with the skills and training necessary to grow and sustain local businesses. Thus, locality funds are very important for FY 2020. The Virginia Career Works Council, which is comprised of local elected officials from each locality, including the Honorable Tony O'Brien from Fluvanna County, would designate how the locality allocation is used to ensure the funding is appropriate and beneficial.

Section 6 - ADDITIONAL INFORMATION

Section 3 - DESCRIPTION AND JUSTIFICATION OF FUNDING NEEDS (Briefly describe how the funding would be used. <u>Bullets preferred.</u>)

The Central Virginia Partnership for Economic Development is a public/private partnership that brings together local governments, higher education, and the private sector to promote strategic economic growth. Funds are used to support the Partnership's Program of Work, which includes four primary categories: client/project management, marketing, existing business and workforce development, and regional collaboration. The Partnership also serves as the lead support organization for GO Virginia in Region 9, which includes Fluvanna County, nine other counties and Charlottesville. The Partnership promotes the region as a premier location for business and markets directly to site selectors and companies in our target markets to promote Central Virginia. Funds also are used to subscribe to economic databases. The information from these databases has been used to help existing businesses make decisions about future growth and to respond to information requests from companies considering a new location. Fluvanna County and the Central Virginia Partnership work collaboratively to foster economic growth, create and retain jobs for Fluvanna County's citizens and improve the tax base for essential county services.

AGENCY INF	ORMATION	FY20	Total Rqst	F	Y20 COAD	FY20 BOS		
Agency:	Central Virginia Partnership for Economic Development	\$	13,233	\$	13,223	\$	1	

The Central Virginia Partnership receives funding from a variety of sources, including: local governments; the University of Virginia; two community colleges; and over 60 private sector businesses. Fifty cents per capita is requested from each locality. For FY 2020, we are requesting the following amounts based upon Weldon Cooper Center population estimates published in January 2018: Fluvanna County - \$13,233; Albemarle County - \$53,848; City of Charlottesville - \$24,566; Culpeper County - \$25,136; Orange County - \$17,260; Louisa County - \$17,517; and Greene, Madison and Nelson Counties - \$10,000 (minimum is \$10,000). Higher education contributes about \$50,000 and private sector companies contribute about \$155,000.

Section 5 - IMPACT IF NOT FUNDED BY FLUVANNA COUNTY (Briefly explain the impact on each program area if not funded by Fluvanna County.)

Regional economic development is a long-term, strategic process; therefore, short-term effects of underfunding are difficult to measure. The Partnership performs functions that benefit from multiple communities acting in unison, such as research, marketing, and overseeing major economic analysis projects. As a Partnership member, Fluvanna County is recognized as an important regional leader. Steve Nichols serves as a Past Chair of the Partnership's Board of Directors and plays a key role in overseeing and setting policy for regional economic development. The Partnership is the lead organization for the GO Virginia initiative which promotes regional cooperation for private-sector job growth. Fluvanna County can benefit by being involved with the Partnership and being better positioned to take advantage of the funding available for collaborative regional economic development projects. Also, the Partnership actively promotes the region and all of its localities when meeting with consultants and businesses. If Fluvanna County did not participate in the Partnership, the County would not be part of this marketing outreach. Finally, without access to research and the professional economic development staff at the Partnership, Fluvanna County would not be have access to important information that has been used to support existing businesses and strategically plan for the County's future.

Section 6 - ADDITIONAL INFORMATION

We greatly appreciate Fluvanna County's past support and active participation. Thank you very much for your consideration of the Partnership's FY 2020 request.

Section 3 - DESCRIPTION AND JUSTIFICATION OF FUNDING NEEDS (Briefly describe how the funding would be used. Bullets preferred.)

The *mission of the CV SBDC is to enhance the economic vitality of our region* through effective, customized, client-oriented business development counseling; efficient, cost-effective *training*; and connections to other resources to *existing businesses and pre-venture entrepreneurs*. The CV SBDC, a resource partner of the U.S. Small Business Administration, *provides no-cost business development counseling, low-cost business training, and connections to other services (local, regional, state, and federal*). CV SBDC *supports business retention, growth and expansion* by providing technical assistance in areas such as business planning, management, financial analysis marketing and related areas of business operations. CV SBDC also helps to *preserve wealth in the community* by working with entrepreneurs to fine-tune ideas and necessary financial commitments before launching a new venture, or expanding an existing one; in other words, we help entrepreneurs evaluate the feasibility and profit potential of their concept before they invest assets that are likely to be lost in the future.

When combined with federal grant funds and budget allocations from other localities in the SBDC service region, funds allocated by Fluvanna County will be used to pay for Operating Costs of the SBDC plus, beginning in 2019, the cost of office space being occupied [see Section 6]. As recommended by the Economic Development Directors and the County Executives in the CV SBDC service area, FY20/CY19 Budget Requests have been determined on a per capita basis.

Section 5 - IMPACT IF NOT FUNDED BY FLUVANNA COUNTY (Briefly explain the impact on each program area if not funded by Fluvanna County.)

If funding from Fluvanna County isn't approved, the SBDC will not have the total funds required to continue providing current service levels. In that instance, services from the CV SBDC will necessarily need to be cut expenses of delivering services at or below the level of funding available (Federal + Local Match). Where to cut CY19 SBDC services will have to be determined when the total amount of funding available is known; however, cuts are likely to be made in services to localities who underfund the CV SBDC. For example, if Fluvanna County approves less than the Budget Request, the SBDC will certainly continue to serve Fluvanna County businesses; however, the quantity of services and the expense of delivering them will have to be decreased — i.e., SBDC Advisors currently will travel to Fluvanna Co to hold training sessions and meet with local businesses; one way to decrease that expense would be for Fluvanna businesses to have to travel to an SBDC location in Charlottesville as well as for travel to training events in other localities.

Section 6 - ADDITIONAL INFORMATION

The *CV SBDC* is funded in part through an annual, Congressionally budgeted grant that is then administered through the U.S. Small Business Administration. In order to receive the federal grant funds, *CV SBDC* must have local match at least equal to the federal dollars available. The primary source of local match funding comes from the local governments that the CV SBDC serves: the City of Charlottesville and the Counties of Albemarle, Fluvanna, Greene, Louisa, Nelson, and Orange, plus the In-Kind contributions of our host, the Central Virginia Partnership for Economic Development (CVPED).

In June of this year, in consultation with the Economic Development Directors and County Administrators for the SBDC service area, the CVPED Board of Directors decided the cost of housing the SBDC needed to shift from the Partnership to the local jurisdictions. *CV SBDC will have to begin paying rent on the office space previously provided as an in-kind contribution from the Partnership, beginning January 1, 2019;* the funds to cover this must be raised by additional local match.

CY19/FY20 Budget Requests for each of the localities

served by the CV SBDC reflect the recommendation of the Economic Development Directors and County Administrators to base these requests on **per capita** amount sufficient to maintain the SBDC's current quantity and quality of SBDC services delivered. That per capita amount is **35**¢. CY19/FY20 requests reflect the higher of previous budget requests or the per capita rate, with the exception that per capita rates for those **localities with a**

Section 3 - DESCRIPTION AND JUSTIFICATION OF FUNDING NEEDS (Briefly describe how the funding would be used. Bullets preferred.)

The Fluvanna Leadership Development Program funds are used for:

^{*} Promotional materials to recruit attendees

^{*} All day bus trip throughout the county (bus rental, bus driver and lunch at Fluvanna dining establishment)

^{*} duplication of materials and purchase of office supplies and refreshments for program sessions

^{*} graduation dinner for participants and guest speakers

AGENCY INF	ORMATION	FY20	Total Rqst	FY	20 COAD	FY20 BOS		
Agency:	Fluvanna Leadership Development Program (FLDP)	\$	1,000	\$	1,000	\$	•	

The Fluvanna Leadership Development Program charges a minimal class participation fee (\$50) which doesn't fully cover the costs of the program.

Section 5 - IMPACT IF NOT FUNDED BY FLUVANNA COUNTY (Briefly explain the impact on each program area if not funded by Fluvanna County.)

Without support from the county we would need to significantly raise the tuition fees or cease the program. FLDP is totally run by volunteers. The program includes a bus tour of the county which identifies key areas of the county, notes historical sites and their significance, and provides an understanding of the depth and breadth of Fluvanna. It's a great orientation that lays a foundation for the classes but we would no longer be able to offer the tour. The program prepares citizens to understand the needs of the county and to get involved in being part of the solution for not only Fluvanna County administration, but also other challenges facing Fluvanna County citizens.

Section 6 - ADDITIONAL INFORMATION

FLDP's books are audited annually with no issues noted.

The Fluvanna Leadership Development Program Steering Committee is made up of past class participants who have volunteered to stay involved to assure continued success of the program. These individuals work tirelessly to assure a quality experience for the students. Without the county's support both financially and in promoting the program, we would have a difficult time fulfilling the promise of this program which is now in its 16th year. During its 15-year history, FLDP graduates have gone on to fill at least 250 volunteer positions in the county, from county and school board seats to positions on other county boards and commissions, to volunteer positions at places like the Chamber of Commerce and the Historical Society.

Section 3 - DESCRIPTION AND JUSTIFICATION OF FUNDING NEEDS (Briefly describe how the funding would be used. Bullets preferred.)

The printed Chamber Guide is an important, sought-after handbook to Fluvanna County for current and prospective residents and businesses. It contains essential information not only on member businesses but also: public/private schools, history, government, services, utilities, media, transportation, health care, community organizations and churches. In the past two issues, the guide included senior resource listings as will the 2019/2020 issue. It takes countless hours of staff time gathering/verifying information, soliciting ads, layout and editing. Please consider that: 1. Six full pages of the Guide is devoted to Government Information (Advertising value \$3,000) 2. The Guide includes senior resource information the county no longer needs to print separately (5,000 free Guides are distributed to residents, visitors, businesses and state federal and local institutions. Public schools and county government offer it to prospective employees. With county support, we'd like to print an additional 1,000 copies in 2019/2020) 3. The Chamber office is the gateway to our community, frequently being the first stop for citizens seeking information on government and tourism. 4. In 2018, the Chamber held 18 Networking Events, five *free* Lunch & Learn educational workshops (attend by >80), five ribbon-cuttings, co-sponsored the Quad County Business Summit, the Small Business Appreciation event, and a Quad County Business After Hours. The Chamber held the first annual Fluvanna Restaurant week. 5.The Chamber filled its advocacy role with Chamber Board members serving on the county Economic Development and Tourism Advisory Council, James River Water Authority, Economic Development Authority and Finance Board. The Chamber also offered a series of information meetings on the proposed meals tax. In the next year, the Chamber will continue to support businesses, advocate for a strong, growing,

AGENCY INF	ORMATION	FY20 Total Rqst	FY20 COAD	FY20 BOS		
Agency:	Fluvanna County Chamber of Commerce	\$ 5,000	\$ 3,500	\$ -		

Apart from County funding, the Chamber's primary source of income comes from membership dues. The Chamber 2019 budget projects raising \$6,000 from events to support our scholarships, promote local business and to increase membership and retention.

Section 5 - IMPACT IF NOT FUNDED BY FLUVANNA COUNTY (Briefly explain the impact on each program area if not funded by Fluvanna County.)

The Chamber has limited resources and without \$3,500 in County funding we would have to cut the number of Guides printed. Because the Guide has become the go-to source for County government, tourism and business information, the benefit to current and prospective residents, tourists and businesses would be greatly diminished. Without the \$1,500 for the Lunch & Learn workshops, the Chamber could only provide two instead of the proposed five. Business owners and employees ask for and attend this type of educational event.

Section 6 - ADDITIONAL INFORMATION

County residents continue to rate strong economic development as important. The Chamber shares that view and takes on the role of helping promote and provide it. We applaud the county's efforts and look forward to continuing to work with the Economic Development Director. We also appreciate the support of individual county leaders and county departments. The Chamber aims to increase the profile communication, connection, information and education for Fluvanna businesses. County funding provided to the Chamber shows the county is serious about creating a healthy business environment.

Program 7:				\$	-	\$		-	

Section 3 - DESCRIPTION AND JUSTIFICATION OF FUNDING NEEDS (Briefly describe how the funding would be used. Bullets preferred.)

The Rivanna Conservation Alliance's (RCA) RCA's monitoring program addresses the need for monitoring, assessing, and reporting on the health of local streams by collecting two types of data: the composition of the community of aquatic invertebrates that live on stream bottoms (benthic macroinvertebrates) and the level of Escherichia coli (E. coli) bacteria in the water. RCA also measures turbidity levels at its bacteria sites. The Virginia Department of Environmental Quality (VADEQ) has certified both RCA's benthic and bacteria water quality monitoring programs at Level III, the highest level attainable in Virginia. Level III approval means that RCA's collected data are equivalent in quality to those collected by the agency itself and can be used to support many essential water quality tracking and decision-making functions.

In addition, RCA is working with VADEQ to expand its programs to include targeted monitoring for chemical and physical parameters and has acquired a probe from VADEQ for this purpose. RCA is in the process of developing protocols for the study of dissolved oxygen (DO), acidity (pH), and conductivity. VADEQ has indicated that RCA should receive Level III certification for this component of its monitoring program in early to mid 2019.

With the award of funding from the County of Fluvanna, RCA's Water Quality Monitoring Program staff members and certified volunteers will:

- Continue to sample 12 long-term benthic sites in Fluvanna County twice annually.
- Continue bacteria monitoring at the Crofton site in Fluvanna County on a monthly basis.
- Besearch high recreational-use sites where more bacteria monitoring could be conducted in Fluvanna County.
- Introduce chemical monitoring to the Crofton site in Fluvanna County.
- Provide Fluvanna County with data from the above sites for immediate use for county planners and the environmental protection manager.
- Continue to assist VADEQ and Fluvanna County to finalize the Cunningham Creek watershed implementation plan and as necessary, identify other sites where additional sampling for bacteria and/or benthic parameters is necessary for implementation of total maximum daily loads (TMDL) or where other water quality assessment work is needed.
- •Be available to Fluvanna County program officials and program professionals to assist with projects and other water quality issues that may arise.
- •Continue the rigorous training of the volunteer monitors and ensure the program meets all quality control measures as set forth by VADEQ.

AGENCY INF	AGENCY INFORMATION				FY20 COAD	FY20 BOS					
Agency:	Rivanna Conservation Alliance	\$	5,000	\$	1,750	\$	-				
C 4 O	Course 4. OTHER FLINDING COURSES (Plane Pales and Alexander)										

The Rivanna Conservation Alliance has nine formal partners and a Science Advisory Committee (SAC) to assist the organization with the Water Quality Monitoring Program work: the City of Charlottesville, the Counties of Albemarle, Fluvanna, and Greene, the Rivanna River Basin Commission, the Rivanna Water and Sewer Authority, The Nature Conservancy, the Thomas Jefferson Soil and Water Conservation District, the Thomas Jefferson Planning District Commission, and the University of Virginia. https://www.rivannariver.org/science-advisory-committee/

Funding support is provided by the City of Charlottesville, the counties of Albemarle and Fluvanna, Rivanna Water and Sewer Authority, Patagonia, the Virginia Environmental Endowment, and a private foundation. Other partners provide significant in-kind contributions and technical support.

Section 5 - IMPACT IF NOT FUNDED BY FLUVANNA COUNTY (Briefly explain the impact on each program area if not funded by Fluvanna County.)

Consistent and increased levels of funding are essential to the viability of this service, which is provided to the local jurisdictions, state government agencies, federal government agencies, and the public at large. A reduction in funding from local partners would result in the reduction of program scope and services to Fluvanna County at a time when state and federal funding for water quality monitoring programs are being reduced. The implications of such reductions would be to negatively impact the scope of RCA's Benthic and Bacteria Monitoring Programs, including the elimination of some monitoring locations in Fluvanna and RCA's inability to integrate chemical monitoring on Fluvanna or fully participate in TMDL and other water quality assessment projects in Fluvanna.

Fewer monitoring sites and fewer water samples would mean a reduction in the amount and quality of data supplied to Fluvanna County and other partners, with a consequent reduction in localities' ability to make environmentally informed decisions. RCA's request of \$5,000 represents 3.2% of the LTMP benthic and bacteria budget for FY 2020. Fluvanna County's FY19 contribution of \$1,750 represents roughly 1.1% of the FY 2019 monitoring budget. This is in contrast to the 20% of RCA's monitoring effort directed to Fluvanna County sampling sites. A lack of funding by Fluvanna County could potentially compromise RCA's ability to continue providing water quality data to Fluvanna County, the Rivanna Watershed community, VADEQ,

Section 6 - ADDITIONAL INFORMATION

RCA is the only Virginia nonprofit to be certified by VADEQ at Level III for both its bacteria and benthic water quality monitoring programs (and likely the only nonprofit in the entire Chesapeake Bay watershed to attain this high level of certification). Because of the success of its monitoring and conservation programs, the US Department of Agriculture's Natural Resources Conservation Service awarded RCA with the Earth Team Award for both Virginia and subsequently the regional South East.

RCA's Benthic and Bacteria Monitoring Programs maintain Quality Assurance Project Plans, approved by VADEQ. Twice per year, staff members from VADEQ verify the quality of RCA's sampling protocols and lab identification. The RCA Science Advisory Committee and local partners review the data, sites, and procedures as needed, and VADEQ reviews the database annually.

The Science Advisory Committee provides RCA with an additional layer of scientific review and program evaluation. This committee helps ensure that future data collection, analysis, interpretation, and reporting is sound, rigorous and meets the necessary standards for acceptance by the VADEQ. In addition, the SAC supports RCA's efforts to provide local government officials with scientifically viable and peer-reviewed options that can be used to resolve problems identified through the monitoring programs. The SAC is currently working with the RCA board, staff, and the University of Virginia to digitize its monitoring data to create a user-friendly interactive web platform, which will display collected water quality monitoring results for public use. The data are also shared with government agencies and the public through reports, maps and narrative documentation. SAC members include SAC Chair Ami Riscassi (UVA Dept. of Environmental Science), SAC Vice Chair Todd Scanlon (UVA Dept. of Environmental Science), Jeff Sitler (UVA Environmental Facilities), Jennifer Scott (PVCC Environmental Science Dept.), Brian Richter (Global Water Scientist), John Murphy (MS4 Stormwater Program, Albemarle County), Dan Frisbee (Water Resources Manager, City of Charlottesville), Andrea Terry (Water Resources Manager, Rivanna Water and Sewer Authority), and Bob Troy (Science Dept. Chair St. Anne's Belfield).

RCA's Board of Directors (https://www.rivannariver.org/board-of-directors/) provide another level of expertise, as most are environmental professionals who provide strategic oversight and evaluation for the monitoring program. Finally, RCA program managers and other members of the staff are trained and certified scientists and are responsible for onsite monitoring, data collection, sample verification, and volunteer training and certification (with oversight by VADEQ).

Program 3:	RideShare	\$ 3,999	\$ 3,999	\$ -
Program 4:	Solid Waste	\$ 1,380	\$ 1,380	\$ -
Program 5:	Rivanna River Basin Commission (RRBC)	\$ 1,897	\$ 1,897	\$ -
Program 6:			\$ -	\$ -
Program 7:			\$ -	\$ -

Section 3 - DESCRIPTION AND JUSTIFICATION OF FUNDING NEEDS (Briefly describe how the funding would be used. Bullets preferred.)

- Per Capita Member Assessments are based on the most recent population figures and the unchanged per capita rate of \$0.62. Member assessments provide the required match for rural transportation and fund regional and locality work without outside funding. Using these funds, the TJPDC anticipates carrying out direct local assistance for Fluvanna County of approximately 46 hours. TJPDC is currently assisting the County with the CDBG Planning Grant for Affordable Senior Housing.
- Legislative Liaison: This funds the regional staff position housed at and supervised by the TJPDC. The Legislative Liaison works directly for member localities. The Liaison compiles the TJPD Legislative Program, monitors state legislative activities, advocates for locally-requested legislation, attends meetings of the Boards of Supervisors, issues a monthly newsletter, and hosts an annual legislative forum.
- RideShare is the region's Travel Demand Management (TDM) program. RideShare encourages commuters to exercise their transportation options. Services include carpool and vanpool matching, a toll-free commuter information line, Park & Ride lot marketing/development/inventory, a neighborhood trip reduction program, a Guaranteed Ride Home Program, and customized planning for employers to improve commuter choices for their employees.
- Solid Waste: TJPDC prepares, updates and monitors the Regional Solid Waste Management Plan, and submits the annual recycling report to fulfill state regulations on behalf of localities in the Solid Waste Planning Unit.
- RRBC provides guidance for the stewardship and enhancement of the water and natural resources of the Rivanna River Basin. RRBC serves as a forum in which local governments and citizens can discuss issues affecting the Basin's water quality and quanity and other natural resources.

AGENCY INF	ORMATION	FY20	Total Rqst	FY20 C	COAD	FY2	0 BOS
Agency:	Thomas Jefferson Planning District Commission (TJPDC)	\$	34,273	\$	34,273	\$	-

For Per Capita, other funds include \$140,286 from other localities; Federal funding of \$1,031,676 including pass-through HOME funds to the Fluvanna/Louisa Housing Foundation; state funds of \$106,675; local funding for projects of \$284,969 and miscellaneous funds of \$6,000 (interest). Legislative Liaison is funded entirely by the localities at a per capita rate of \$0.40, with \$90,683 from the other five jurisdictions. For RideShare, other funds include \$30,816 from other localities and state funds of \$139,258 through the Department of Rail and Public Transportation (DRPT). For Solid Waste, other localities in the Solid Waste Planning Unit (Charlottesville, Albemarle, and Greene) provide \$9,120. Requests to other localities (Charlottesville, Albemarle, Albemarle and Greene) for RRBC total \$8,603.

Section 5 - IMPACT IF NOT FUNDED BY FLUVANNA COUNTY (Briefly explain the impact on each program area if not funded by Fluvanna County.)

Local funds provide required match for federal and state funding for transportation programs (Rural Transportation and RideShare) and fully fund the Solid Waste program, Legislative Liaison, and RRBC. A reduction in funding from any one locality threatens the ongoing state and federal funding and the viability of local projects. A reduction from the requested amount for Fluvanna County would create inequities among the funding provided by the six member localities. The allocation of assessments by population among the six localities is intended to create an equitable distribution of costs for TJPDC services.

100% of the funding from Fluvanna County is used to support staff for the following services within our non-point source pollution control program. (Details provided on "TJSWCD Programs" tab/sheet.) This support is often used as matching contributions for grants awarded to the TJSWCD:

- Agricultural technical assistance
- Implementation/administration of agricultural cost share programs
- Education & outreach
- Support and administrative services for elected Directors
- Residential and development-related technical assistance
- Implemention/adminstration of cost share program for non-agricultural conservation practices
- Implementation/administration of TJSWCD Easement Program
- General natural resource-related information & technical assistance to citizens, local staff, and public officials

Virginia Department of Conservation & Recreation: FY19 contributed \$328,574 for Operations and Technical Assistance and \$784,620 in Cost Share funding for Agricultural BMPs Implementation.

Albemarle County: FY19 contributed \$121,141 (includes in-kind staff), plus MS4 contract at \$50,000 for two years.

Louisa County: FY19 contributed \$48,938, plus contract for E&SC plan reviews paid at hourly rate.

Nelson County: FY19 contributed \$33,075

City of Charlottesville: FY19 contributed \$12,669, plus contracts for IDDE & CCAP

Other grants as available.

Section 5 - IMPACT IF NOT FUNDED BY FLUVANNA COUNTY (Briefly explain the impact on each program area if not funded by Fluvanna County.)

Fluvanna County's contribution to the District is returned many times over through our success in acquiring funding from other sources such as agricultural cost share funds and other grants. This other funding cannot be utilized effectively without adequate staff to administer and implement these conservation programs. This funding would not be available without local matching contributions. For FY18, we received a significant increase in state "cost share" funding to implement agricultural and residential best management practices throughout our SWCD. In order to utilize these funds, which are projected to remain at this high level through FY19, we need sufficient resources to maintain a trained and professional staff to provide landowners with technical and financial assistance. If unfunded or underfunded, we will continue to prioritize our staff resources to best support the services and localities from which we have adequate funding. It should be noted that every locality in Virginia is responsible for a portion of the required improvements to the Chesapeake Bay. With our ability to leverage funds, and with our long-standing technical capabilities, our services are likely the most cost-effective way to achieve these goals on the local level.

Section 6 - ADDITIONAL INFORMATION

Agricultural and residential conservation work reduces pollution in runoff flowing to local waterways and, ultimately, to the Chesapeake Bay. Detailed information for all of the services of the TJSWCD and their benefits are described on the "TJSWCD Programs" tab/sheet in this packet. Quantitative summaries of accomplishments during the last ten fiscal years (FY08 - FY18) have also been included with this budget request. The TJSWCD has been, and will continue to be, a resource for information, technical assistance and support to citizens, local staff, and public officials regarding the Chesapeake Bay initiatives and other water quality concerns.

TJSWCD Program Descriptions

The TJSWCD provides **Conservation Leadership**, serving as a focal point for, and providing coordination to, governmental and non-governmental organizations involved in water quality issues. Members of the District represent our localities on many local and state steering committees, technical advisory committees and other community natural resource groups, providing technical expertise and guidance. We work in partnership with local, state, and federal natural resource-related organizations, providing coordination, communication and cost-efficiencies that the individual organizations alone would not achieve. District representatives serve on DCR's BMP Clearinghouse Committee, DCR's Agricultural Cost Share Program Advisory Committee, the VASWCD VCAP Steering Committee, and

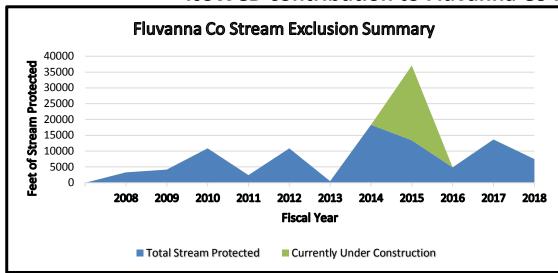

The TJSWCD is the primary source of natural resource-related <u>Educational Services</u> in this area. Local officials, schools, community organizations and the general public rely on the TJSWCD for workshops, "field days", presentations, school events, and technical information. Classroom presentations and teacher workshops support grade-specific Standards of Learning. The District coordinates the National Envirothon Program locally (a nationwide, team-based environmental competition). Each year, the TJSWCD provides funding to send two students to a weeklong Youth Conservation Camp

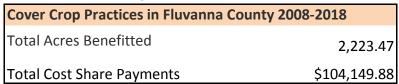

Agricultural Programs of the TJSWCD provide financial and technical assistance to the agricultural community. Services include technical assistance to landowners for farm planning and the design and installation of agricultural best management practices (BMPs); financial assistance to landowners for the installation of BMPs; local implementation of the Virginia Agricultural Stewardship Act; and general conservation planning assistance. Historically, the District's agricultural programs focused on traditional "production farming". However, the program has kept pace with changing times to serve smaller "farmettes" and large "estate farms". In the last two years, the TJSWCD's cost-share and tax credit programs provided over \$3 million dollars to farmers for the installation of conservation practices. Of that, over \$467,036.51 went directly to Fluvanna County farmers, with an additional \$5262.93 for Tax Credits. An upward trend for FY20 in conservation work is expected to continue as the Chesapeake Bay Clean-up Program puts increased emphasis on incentive-based programs to help localities meet necessary pollution reductions. For FY19, as of

Residential/Suburban/Urban Services provide support and technical assistance to the non-agricultural community and to local staffs and public officials. Services include: technical support to some localities for implementation of Erosion and Sediment Control and Stormwater Programs (Fluvanna does not currently utilize this TJSWCD service); technical assistance to the community for the design and installation of "low impact development" practices (such as rainwater harvesting, rain gardens, and riparian buffers); and technical assistance to developers to help them meet local, state, and federal environmental requirements. The TJSWCD led a statewide effort to acquire funding for a cost share program to support conservation on non-agricultural lands. This has now become a popular Bay-wide program in Virginia. The TJSWCD also aquired funding to provide homeowners with financial assistance to repair or replace failing septic systems. The District continues to provide each locality with the specific services it requests to address issues

The TJSWCD <u>Easement Program</u> was developed to provide a means for protecting land areas that contributes to the improvement and protection of water quality. Other easement programs protect land for historic, recreational, or aesthetic purposes, and usually are limited to larger acreages. The TJSWCD program focuses on the acquisition of riparian easements, which protect in perpetuity forest buffers along streams. Many of these easements are granted by developers who utilize it as a cost-effective way to mitigate the water-related impacts of development, and help meet stormwater management requirements. Others are donated voluntarily by landowners wishing to protect the integrity of their streamside areas. The costs of any Easement Program are twofold: (1) short-term costs of providing information and negotiating easements, and (2) long-term costs of custodial responsibilities (monitoring, enforcement). Funds requested from member localities are used to offset the short-term costs. In order to ensure that program resources will be available to meet the long-term responsibilities of holding perpetual easements in perpetuity, the TJSWCD formed a subsidiary 501c3 Foundation (Thomas Jefferson Water Resources Protection Foundation) to administer funds for the long-term costs. The Foundation accepts fees and contributions to ensure that

THOMAS JEFFERSON SOIL & WATER CONSERVATION DISTRICT

Proud to be your local partner in conservation!

FLUVANNA COUNTY FY 2018 SNAPSHOT

7,465 total feet of stream bank protected through agriculture best management practices.

Over 40 residents of Lake Monticello participated in a rain garden workshop taught by TJSWCD staff.

Partnered with NRCS to provide outreach to county residents at Old Farm Day

477 K-12 students participated in conservation education programs hosted by TJSWCD.

During FY18, TJSWCD provided over \$163K in cost share funds to county residents to implement conservation practices.

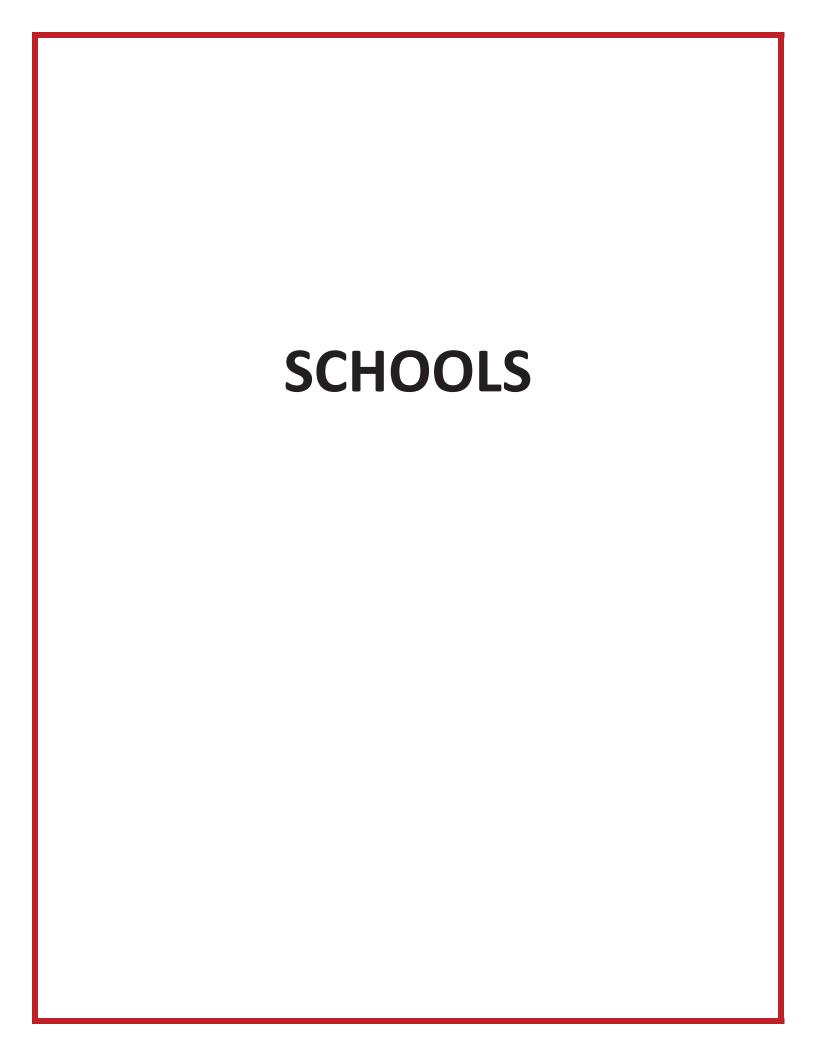

Over \$12k in septic cost share assistance approved for residents living in Fluvanna County.

The County will maintain Board and Personnel contingency lines in the general fund to pay for needs caused by unforeseen emergencies, including unanticipated expenditures of a nonrecurring nature, or to meet unexpected small increases in service delivery cost. These contingency lines shall be budgeted at least 0.5% of governmental general fund expenditures.

Memo

To: Steven M. Nichols, County Administrator

From: Brad Robinson, Senior Planner

Date: December 17, 2018

Re: FY2020-2024 Capital Improvement Plan (CIP)

On December 11, 2018, the Planning Commission recommended approval of the FY20-24 Capital Improvement Plan by a vote of 5-0. The details of their recommendation are included in the spreadsheet prepared by the Finance Department. Total funding for FY 2020 is \$5,496,610 paid for by cash, grants, borrowing, and other sources.

While a total of 58 projects were submitted by county departments, the Planning Commission has identified the following ten (10) projects as priorities for FY 2020, with the sum of these projects at approximately \$3 million:

- 1. Schools Capital Reserve Maintenance Fund
- 2. Public Works Capital Reserve Maintenance Fund
- 3. Fire & Rescue Self Contained Breathing Apparatus (SCBA) Replacement
- 4. Sheriff Courthouse Security Upgrades
- 5. Schools School Buses
- 6. Fire & Rescue Heart Monitor Replacement
- 7. *Sheriff* Sheriff Vehicles
- 8. Fire & Rescue Vehicle Apparatus Replacement/Rechassis
- 9. Schools Carysbrook Elementary Roof Replacement (Phase 2)
- 10. Schools Computer Instructional Technology & Infrastructure Replacement

The county departments associated with the above list are in agreement with the order in which their respective projects are ranked. The Planning Commission did express some concern during final discussions about the age of some projects in the CIP that have been listed for many years and continuously shifted around due to other priorities. The Planning Commission would like to see the CIP essentially function as a five-year plan.

If you have any questions or comments regarding this information, please contact me at (434) 591-1910 x 1061, or at brobinson@fluvannacounty.org.

Project Title:	Pleasant Grove Park Playground Expansion
	Section 4 - PROJECT DESCRIPTIONS OR SPECIAL EXPLANATIONS
The five critical areas playground should creinto a child's creativity does not meet these	candards of the National Playground Safety Institute, it has identified five areas of safety concerns in a public playground environment. are: Supervision, ADA Accessibility, Age Appropriate Design, Fall Surfacing, Equipment and Surfacing Maintenance. A public eate a structured environment where children can play on equipment that is designed for their developmental needs and abilities that tap v, foster their social growth, and provide a positive outlet through interactive playtime. The playground structure at Pleasant Grove Park objectives for children in the following age groups: pre-school/toddlers, children ages 5-12 and children with special needs that require a socialization and developmental growth. This playground expansion project will address these key elements for public playground

Project Title:	Pleasant Grove Park Athletic Field Lighting
	Section 4 - PROJECT DESCRIPTIONS OR SPECIAL EXPLANATIONS
FY 2020:	
Pleasant Grove Active growing needs of the sports fields to opera 500 youth in three diffurities participation each year department. This has	spand athletic fields in order to accommodate the needs of recreational leagues within the County. The results of a public survey for the re Park Master Plan identified having lights installed on our current athletic fields at Pleasant Grove Park as a high priority to meet the county's youth sports programs. Each year, the Parks and Recreation Department struggles to find space with the shortage of lighted te sports programs in the County. The Carysbrook Sports Complex is currently the only lighted facility that is available to schedule over ferent sports programs each spring and fall seasons. County wide youth sports programs have experienced a steady growth of new ar and our County would benefit from having additional lighted fields for use by community youth sports leagues as well as our second a challenging task to provide the necessary practice times to teach the youth basic fundamentals of their respective sport.

This project is for the construction of a rectangular shaped 75' x 150' meter pool with a zero depth entry and a 30' x 65' children's pool. Amenities would include a 20' slide, diving blocks for swim meets, lane lines, and deck furniture along with shade structures. Also included is a 2,600 square foot building to support pool operations for patrons. The facility will include a men's, women's, and family restroom/changing stations that will include locker areas. The pool's mechanical/equipment room, staff office space, and the entrance for member/guest check in will also be located in this facility. In addition to serving as a pool house, the building will also have a multi-purpose room that can be used year round as an additional revenue opportunity to host birthday parties, sports banquets/meetings, and other rental as requested.

Project Title:	Public Works Office Building Addition at Carysbrook
	Section 4 - PROJECT DESCRIPTIONS OR SPECIAL EXPLANATIONS
primary functions at a single lo individual offices, a meeting ro	nd construction on an addition to the existing Maintenance Shop at the Carysbrook Complex, to serve as an office building for the Public Works Department. This will consolidate Public Works' ocation. The addition is planned to be a metal building, approximately 1,300 SF, attached to the southern end of the existing brick structure. It will include a customer service area, three com, blue-print/drawing storage area and additional storage area. The project also includes construction of two offices and a rest room within the existing building. (see Conceptual Plans). The ffice in anticipation of future expansion of the department.
Upon completion of constructi	ion, the current Public Works office at 197 Main Street will be unoccupied and can be sold. It should be noted that continued use of that building will necessitate extensive renovations including eplacement & other interior repairs.
It should also be noted that th	is project proposes construction of eight new parking spaces, some of which may be utilized after-hours by users of the playing fields.

Construct Faurinment Ched at Conselvent
Project Title: Construct Equipment Shed at Carysbrook
Section 4 - PROJECT DESCRIPTIONS OR SPECIAL EXPLANATIONS
Construct a 60' x 25', 5-Stall Equipment Shed/Pole Barn behind the Public Works/Facilities Maintenance Shop at Carysbrook, to provide covered storage for tractor, excavator, skid-steer, trailers, snow plows and other equipment and implements. Covered storage results in increased longevity of equipment and implements. In this case it will also open up parking spaces in the parking lot at the Carysbrook Complex.

Project Title: Renovate Exterior of Historic Courthouse
Section 4 - PROJECT DESCRIPTIONS OR SPECIAL EXPLANATIONS
The existing paint on the columns, pilasters and exterior trim at the Historic Courthouse are in poor condition and continue to deteriorate. The wooden shutters on the building are also deteriorating, with some of them falling apart. At least one missing entirely. Exterior brick is also in need of minor repairs and "pointing-up". Staff have done considerable research to determine a period-correct coating to be used on the columns and pilasters. After consultation with local historians & Historic Renovation experts, it appears that columns on buildings of this type & era were coated with a sand-based "wash" rather than with paint. This project includes repair/reconstruction of all shutters, restoration of the columns and pilasters with period-correct coatings, and surface preparation & painting of all exterior wood trim, and brick pointing & repair.
FY2021: FY2020 (continued):
The current total cost estimate for the project is \$250,000. The Board previously approved \$75,000 in the FY2019 CIP, and an additional \$120,000 via transfer from a closed-out CIP project.
Funding is requested in FY2020 for the final \$55,000 needed to pay for the project, on the understanding that any portion of this funding which is rendered unnecessary by the receipt of grants and/or private donations shall be returned to the General Fund.

Project Title: Public Water System for Pleasant Grove (CAP)
Section 4 - PROJECT DESCRIPTIONS OR SPECIAL EXPLANATIONS
FY 2020:
This project involves the design and construction, in three phases, of a public water system to serve the existing facilities at Pleasant Grove, as well as provide for water service to those facilities proposed within the Pleasant Grove Master Plan. Implementation of the plan is predicated on the County taking over responsibility for the provision, operation and maintenance, of water utilities to County Schools. The project is preliminarily phased as follows:
FY 2021:
FY 2022:
Phase 1 - Preliminary design of all three phases of the project, plus final design & construction of a water line from the water booster station at High School to a point immediately east of the Pleasant Grove House. Connect the public water supply well, the Pleasant Grove House, the comfort station, the pole barn and all yard hydrants to the system. A very small portion of this phase has been completed without expending capital funds. The Pleasant Grove House, Comfort Station, Pole Barn and all yard hydrants (except those at the community garden) have been connected to the existing irrigation/High School well on Pleasant Grove property. No interconnection with the High School's treatment system has yet been designed or constructed.
FY 2023:
Phase 2 - Final design and construction of a water line extension from the terminus of Phase 1, eastward to a point south-east of the Public Works yard. The concession stands and the Public Works facility will be connected to the system.
FY 2024:
Phase 3 - Final design and construction of a water line extension from the terminus of Phase 2, eastward to a point immediately east of Commons Road. The Sheriff's office and Library will be connected to the system.

majori cause allow t	ty of Admin for concerr the county t	like to establish a combined Administrative Services/School Administration at Pleasant Grove to house the istrative functions for both the County and the Schools. Currently the aging infrastructure of county buildings is a n. Estimates to renovate/repair current county buildings are very high and ongoing. The combined building would o sell its older, high maintenance properties, thereby reducing repair and maintenance costs. Several million dollars er the next five years to maintain and improve current structures.

Project Title: Courthouse Security Upgrades
Section 4 - PROJECT DESCRIPTIONS OR SPECIAL EXPLANATIONS
The functionality of Court Security does not allow for automated fingerprinting of arrestees while at the courthouse. This presents an increased safety risk to the public, and its a drain on staffing, as the arrestee has to be physically loaded an transferred to the Sheriff's Office to facilitate the process, after which they have to be returned back to the courthouse. The current surveillance system has mostly analog cameras and connections that do not maintain recording after power outages, and have poor video quality when functioning. Current quotes indicate that the requested allotment is the funding level we need, in order to facilitate the upgrades.
FY 2021:

Project Title:	Fluvanna Fire and Rescue CPR Assist Devices Request
	Section 4 - PROJECT DESCRIPTIONS OR SPECIAL EXPLANATIONS
FY 2020:	
4 Lucas CPR Assist units at \$15,75	5 per unit = \$63,100
component in the treatment of sudo	atening emergency, with an out-of-hospital survival rate of approximately 10% (see http://www.heart.org/HEARTORG/General/Cardiac-Arrest-Statistics_UCM_448311_Article.jsp for details). Prompt and effective CPR is an essential len cardiac arrest. However, successful CPR is both labor intensive, requiring two providers for effective CPR and airway management, and is extremely tiring with provider changes every two minutes as suggested. Currently, many are two person crews, which does not allow for both effective CPR and a driver for transport. First Responders are, therefore, essential for a successful outcome from these emergencies.
is able to continue compressions no	PR Assist Device. These are mechanical devices that provide compressions, allowing the medic to manage the airway and administer medications. Furthermore, being mechanical devices, the CPR Assist Device does not get tired and part may be made to matter how long the transport takes. The Fluvanna Fire and Rescue Association (FRA) is requesting four such devices in FY20 to equip the ambulances at Lake Monticello Rescue, as well as one unit to be carried in the ALS Response y carries one Lucas device on the first due ambulance, which was a pilot program to evaluate their effectiveness. This Lucas Device has been successfully deployed in the field several times already, so we recommend equipping the rest set.
LMVRS will also be applying for gra	ant funding to partially offset the cost of this request, but such funding is not guaranteed.

Elizyanna Eira and Dacaua Haart Manitar Danlacamant
Project Title: Fluvanna Fire and Rescue Heart Monitor Replacement
Section 4 - PROJECT DESCRIPTIONS OR SPECIAL EXPLANATIONS
FY 2020:
FY 2021:
1. Philips MRX Replacements - 8 @ \$34,500 = \$276,000
2. Philips AED Replacement - 14 @ \$8,500 = \$119,000
As of 12/31/2022, the Philips MRX heart monitors that are in use by both Fluvanna County Rescue and Lake Monticello Volunteer Rescue Squad will be reaching end-of-life, and Philips will no longer support them. There are currently 8 monitors in use by the Rescue Squads that will need to be replaced. In addition, we are requesting funds to replace the AEDs that the Fire Companies carry for use by First Responders. These need to be compatible with the heart monitors, and the current AEDs are also out of warranty. We have spread the request over several years to reduce the impact if any one fiscal year. These price estimates are a "best guess" at this time, since the new models from Philips and PhysioControl, who are among the likely vendors, are not on the market yet.
We will also be applying for grant funding to partially offset some of the costs of this request, but such funding is not guaranteed.

Project Title:

Fluvanna Fire and Rescue Apparatus Replacement

Section 4 - PROJECT DESCRIPTIONS OR SPECIAL EXPLANATIONS

FY 2020:

- 1. Replacement of Ambulance 49 (Palmyra) built in 2011 (\$282,000) (carried over from FY19 Request)
- 2. Replace Tanker 10 (Palmyra) built in 1999 (\$550,000)
- 3. Replacement of Support 56, built in 1991 (LMWRT) (\$186,000) (carried over from FY18 request)
- 4. Replacement of Car-1 (Chief-1), built in in 2008 (\$64,000)

The Fluvanna Fire and Rescue Association (FRA) request for FY2020-2024 Capital Improvement Plan incorporates funding for a replacement schedule for fire and rescue emergency vehicles. The FRA defined the replacement of fire apparatus to be when the unit reaches twenty years of age, which is consistent with NFPA standards. The ambulance replacement schedule is built on an eight year replacement schedule, since they generally see much more daily use than the fire apparatus. The current projected cost of \$282,000 more closely reflects current experience purchasing an ambulance (Ambulance 552 for Lake Monticello, adjusted for 3% increases due to inflation per year), and includes the cost for a Stryker PowerLoad/PowerCot combination (\$40,000 as of 2016). As of July 1, 2015, new Federal standards for ambulance construction were implemented which require improved cot retention systems which will retain the cot in case of an ambulance accident or roll-over. The Stryker PowerLoad/PowerCot combination is one of the few systems currently on the market that meets these standards, and the cost of this system needs to be included in the cost of all future ambulance.

FY 2021:

- 1. Replacement of Attack-20 (Fork Union), built in 2001 (\$180,000)
- 2. Replacement of Response 5 (LMVRS), built in 2003 (\$96,000)
- 3. Replacement of Engine 20 (Fork Union), built in 1993 (\$600,000)
- 4. Replacement of Ambulance 553 (LMVRS), built in 2009 (\$290,000)

The Fluvanna Fire and Rescue Association (FRA) request for FY2020-2024 Capital Improvement Plan incorporates funding for a replacement schedule for fire and rescue emergency vehicles. The FRA defined the replacement of fire apparatus to be when the unit reaches twenty years of age, which is consistent with NFPA standards. Engine 20, Ambulance 553, Response 5 and the Hazmat trailer were moved to FY21 in an attempt to equalize yearly request amounts, and smooth some of the peaks and valleys in the CIP request.

FY 2022:

- 1. Replacement of Tanker-31 (Kents Store) built in 2002 (\$584,000)
- 2. Replacement of Ambulance 554 (LMVRS), built in 2013 (\$299,000)
- 3. Replacement of the HazMat trailer (Palmyra) which was built in 1997 (\$12,000)

The Fluvanna Fire and Rescue Association (FRA) request for FY2020-2024 Capital Improvement Plan incorporates funding for a replacement schedule for fire and rescue emergency vehicles. The FRA defined the replacement of fire apparatus to be when the unit reaches twenty years of age, which is consistent with NFPA standards. The ambulance replacement schedule is built on an eight year replacement schedule, since they generally see much more daily use than the fire apparatus. The current projected cost of \$299,000 more closely reflects current experience purchasing an ambulance (Ambulance 552 for Lake Monticello, adjusted for 3% increases due to inflation per year), and includes the cost for a Stryker PowerLoad/PowerCot combination (\$40,000 as of 2016). As of July 1, 2015, new Federal standards for ambulance construction were implemented which require improved cot retention systems which will retain the cost in case of an ambulance accident or roll-over. The Stryker PowerLoad/PowerCot combination is one of the few systems currently on the market that meets these standards, and the cost of this system needs to be included in the cost of all future ambulance purchases.

FY 2023:

- 1. Tanker-20 (Fork Union), built in 2003 (\$601,000)
- 2. Ambulance 45 (Palmyra), built in 2017 (\$308,000)

The Fluvanna Fire and Rescue Association (FRA) request for FY2020-2024 Capital Improvement Plan incorporates funding for a replacement schedule for fire and rescue emergency vehicles. The FRA defined the replacement of fire apparatus to be when the unit reaches twenty years of age, which is consistent with NFPA standards. The ambulance replacement schedule is built on an eight year replacement schedule, since they generally see much more daily use than the fire apparatus. The current projected cost of \$308,000 more closely reflects current experience purchasing an ambulance (Ambulance 552 for Lake Monticello, adjusted for 3% increases due to inflation per year), and includes the cost for a Stryker PowerLoad/PowerCot combination (\$40,000 as of 2016). As of July 1, 2015, new Federal standards for ambulance construction were implemented which require improved cot retention systems which will retain the cot in case of an ambulance accident or roll-over. The Stryker PowerLoad/PowerCot combination is one of the few systems currently on the market that meets these standards, and the cost of this system needs to be included in the cost of all future ambulance purchases

FY 2024:

- 1. Replacement of Ambulance 555 (LMVRS), built in 2015 (\$317,000)
- 2. Replacement of Brush 30 (Kent's Store), built in 1998 (Refurbished FY16) (\$209,000)

The Fluvanna Fire and Rescue Association (FRA) request for FY2020-2024 Capital Improvement Plan incorporates funding for a replacement schedule for fire and rescue emergency vehicles. The FRA defined the replacement of fire apparatus to be when the unit reaches twenty years of age, which is consistent with NFPA standards. The ambulance replacement schedule is built on an eight year replacement schedule, since they generally see much more daily use than the fire apparatus. The current projected cost of \$317,000 more closely reflects current experience purchasing an ambulance (Ambulance 552 for Lake Monticello, adjusted for 3% increases due to inflation per year), and includes the cost for a Stryker PowerLoad/PowerCot combination (\$40,000 as of 2016). As of July 1, 2015, new Federal standards for ambulance construction were implemented which require improved cot retention systems which will retain the cot in case of an ambulance accident or roll-over. The Stryker PowerLoad/PowerCot combination is one of the few systems currently on the market that meets these standards, and the cost of this system needs to be included in the cost of all future ambulance purchases.

Project Title:	Fluvanna Fire and Rescue Hydraulic Tools
	Section 4 - PROJECT DESCRIPTIONS OR SPECIAL EXPLANATIONS
FY 2020:	
	e Department respectfully requests replacing our current hydraulic extrication tools, which are first generation technology from the 1970-80's and were placed in service circa 1998 (20 years ago). Since that time, our responses coupant entrapment has increased 186% and we have seen increases in farm equipment and industrial accident entrapments and injuries which require the extrication tools to be stronger, faster and more portable.
injured occupants. Our current tool are unable to reach the victims bed	and equipment are evolving to protect occupants and users with technology and strength. While advancements increase protection, they also create challenges for firefighters when cutting these objects to access and rescue is are, at times, unable to cut, push or spread the high strength alloy steel of today's vehicles and equipment. These tools are tethered to the fire truck by 100-foot hydraulic hoses, further limiting their capabilities. At times, we cause the vehicles and equipment are in wooded areas, fields, inside buildings or too far from the fire truck. The new generation of extrication tools are cordless giving users full range of motion and accessibility to all incidents. ey can penetrate a vehicle in less than half the time that our current tools require, allowing us to reach our victims faster, increasing their survivability and providing a safer work environment for the firefighters.
	we generation tools will cost approximately \$80,000. With the purchase of these tools, our volunteer firefighters will be able to provide all of those entrusted to our care and expertise a more rapid, more successful, and safer duties for many years to come. ABOVE ALL this allows us to provide our neighbors the best service they deserve and to SAVE more lives.

Project Title: Major Maintenance Machinery & Equipment Replacement Plan (MRR)
Section 4 - PROJECT DESCRIPTIONS OR SPECIAL EXPLANATIONS
This plan involves the establishment of an Equipment Purchase & Replacement Plan designed to obtain the major equipment needed to provide the expected level of service from the Public Works Department, including facilities, maintenance and public utilities; and to replace existing equipment as it reaches the end of its service life. FY2020 funding anticipates the purchase of: 1, Skidsteer with front end loader (Powered Equipment) and Powered Equipment - 1, Portable Tow-behind, 60' Scissor Lift (Powered Equipment)

Project Title: Vehicle Replacement
Section 4 - PROJECT DESCRIPTIONS OR SPECIAL EXPLANATIONS
FY 2020:
The average life cycle of police vehicles is 113,150 miles, which means that vehicles in the high end of the lifespan are already experiencing major repairs and catastrophic failures without the benefit of any manufacture warranty. The Sheriff's Office fleet currently has three (3) vehicles that are decommissioned due to catastrophic failure, seven (5) vehicles that are exceeding the end of life, and five (5) vehicles approaching the same. Last fiscal year's vehicle allotment was not totally funded, and the age of the existing fleet's end of life identified for replacement, ranges between 2011 - 2014 vehicle models. Our fleet has considerable age, and is in need of the requested vehicle replacements. The replacements will develop as follows; FY20- five vehicles, and subsequent years FY21 - 24 five vehicles. Each vehicle in the request is budgeted at \$37,000.00, which accounts for vehicle the purchase, additional standard police equipment, and up-fitments of the vehicle.
Separately, listed in the equipment line are the In Car Video Systems.

Project Title: Vehicle Fleet Replacement
Section 4 - PROJECT DESCRIPTIONS OR SPECIAL EXPLANATIONS
Plan for two vehicle replacements in FY20 and one vehicle replacement annually over the next 5 years and project in the CIP accordingly. The department currently has 8 vehicles, down from 9 last year. One vehicle was removed from the fleet as Public Works and County Finance agreed that the 1999 Chevy Cavalier could no longer be maintained mechanically. Replacement of this vehicle was requested but not funded in the FY19 CIP. Transportation needs include: ongoing mandated staff training for 30 + employees (VDSS trainings are mostly in Richmond or Warrenton), State conferences, federal & state mandated home visits to clients with ongoing cases, mandated home visits to complete NH/CBC pre-screenings with Health Dept., mandated home visits/off-site visits to conduct CPS/APS investigations and 24 hours emergency on-call CPS/APC/Foster Care transportation needs, supportive services for VIEW program which include transportation and transportation of children in foster care. Multiple staff make multiple home visits daily, attend trainings, go to court (sometimes in other jurisdictions), and attend meetings outside the office on a daily basis.
Continued: The vehicle replacement project relates directly to the County's Comprehensive Plan chapter 9: Human Services. Which states the mission for Fluvanna County Social Services' mission is "To be a leader in collaboration with other community agencies, to serve county citizens promoting self-reliance, well-being and the best possible quality of life." In order to achieve this mission, Fluvanna County Social Services offers a number of service programs to meet local needs. Service programs include: VIEW, Adpotion, APS, Adult Services, CPS, Family-Based Services, Foster Care, etc. Although this item is specific to Public Safety, Course of Action under Public Safety Chapter 11 can be applied to Social Services and the clients as well. Chapter 11A: To improve public safety infrastructure and operability in order to provide excellent service and protection to County residents. Item 4: Plan for the replacement of vehicles and other capital items through the CIP.

Project Title:

FCPS Capital Reserve Maintenance

Section 4 - PROJECT DESCRIPTIONS OR SPECIAL EXPLANATIONS

FY 2020:

This funding request would allow FCPS ongoing facility or equipment maintenance requirements that could include:

- Repairs required due to weather-related events
- Unexpected facility repairs or replacements
- Failure of equipment after warranty expiration but before expected lifecycle
- Non-recurring projects
- Projects that require initiation prior to the completion of the annual budget cycle
- Insurance deductible costs for a capital asset that has been damaged
- Other one-time, minor capital projects

FY 2021:

This funding request would allow FCPS ongoing facility or equipment maintenance requirements that could include:

- Repairs required due to weather-related events
- Unexpected facility repairs or replacements
- Failure of equipment after warranty expiration but before expected lifecycle
- Non-recurring projects
- Projects that require initiation prior to the completion of the annual budget cycle
- Insurance deductible costs for a capital asset that has been damaged
- Other one-time, minor capital projects

FY 2022:

This funding request would allow FCPS ongoing facility or equipment maintenance requirements that could include:

- Repairs required due to weather-related events
- Unexpected facility repairs or replacements
- Failure of equipment after warranty expiration but before expected lifecycle
- Non-recurring projects
- Projects that require initiation prior to the completion of the annual budget cycle
- Insurance deductible costs for a capital asset that has been damaged
- Other one-time, minor capital projects

FY 2023:

This funding request would allow FCPS ongoing facility or equipment maintenance requirements that could include:

- Repairs required due to weather-related events
- Unexpected facility repairs or replacements
- Failure of equipment after warranty expiration but before expected lifecycle
- Non-recurring projects
- Projects that require initiation prior to the completion of the annual budget cycle
- Insurance deductible costs for a capital asset that has been damaged
- Other one-time, minor capital projects

FY 2024:

This funding request would allow FCPS ongoing facility or equipment maintenance requirements that could include:

- Repairs required due to weather-related events
- Unexpected facility repairs or replacements
- Failure of equipment after warranty expiration but before expected lifecycle
- Non-recurring projects
- Projects that require initiation prior to the completion of the annual budget cycle
- Insurance deductible costs for a capital asset that has been damaged
- Other one-time, minor capital projects

Project Title:

FCPS Computer Instructional Technology

Section 4 - PROJECT DESCRIPTIONS OR SPECIAL EXPLANATIONS

FY 2020:

This request is for instructional technology equipment not used in a testing setting. Last year IT updated the FCHS engineering and TV production labs, replaced (3) Chromebook carts at FCHS and (1) at Central Elementary. We also updated all of our FLUCO tracker machines along with (40) FMS library computers and (30) teacher laptops at FMS. This years requests could include the following:

- 1. Division Chromebook replacement cycle (\$200,000.00)
- 2. Alt. Ed Computers and Homebound/Distance (25,000.00)
- 3. Special Education computers across the division (25,000.00)
- 4. New teachers and FCHS Teacher Laptops (\$150,000.00)

FY 2021:

This funding will cover the costs to implement an annually recurring replacement cycle for FCPS's computers and instructional technology. Virginia's Department of Education recommends replacing computers and instructional technology every four years which follows the International Society for Technology in Education's recommendations.

FY 2022:

This funding will cover the costs to implement an annually recurring replacement cycle for FCPS's computers and instructional technology. Virginia's Department of Education recommends replacing computers and instructional technology every four years which follows the International Society for Technology in Education's recommendations.

FY 2023:

This funding will cover the costs to implement an annually recurring replacement cycle for FCPS's computers and instructional technology. Virginia's Department of Education recommends replacing computers and instructional technology every four years which follows the International Society for Technology in Education's recommendations.

FY 2024:

This funding will cover the costs to implement an annually recurring replacement cycle for FCPS's computers and instructional technology. Virginia's Department of Education recommends replacing computers and instructional technology every four years which follows the International Society for Technology in Education's recommendations.

ECDS Convehends Boot Bonicoment (Phase 2)
Project Title: FCPS Carysbrook Roof Replacement (Phase 2)
Section 4 - PROJECT DESCRIPTIONS OR SPECIAL EXPLANATIONS
This request would be a completion project for the Carysbrook Roof replacement started in August 2018. FCPS used previous CIP monies along with additional funds approved by the BOS to start this project at the beginning of the school year. At this time, Phase I of this project should be completed by October 2018 (25,000 sq. ft). The current request would take care of the remaining 65,000 sq. of the Carysbrook roof system.
