A. WORK SESSION CALL TO ORDER, THE PLEDGE OF ALLEGIANCE AND A MOMENT OF SILENCE:

At 6:00 pm Chairman Bibb Called the February 18th, 2025 work session to order, led in the Pledge of Allegiance, and conducted a Moment of Silence.

B. Food Trucks-

Mr. Fortune presented a power point on food trucks, and discussed the need for an ordinance or regulations on food trucks. Mr. Fortune presented other counties' ordinances and definitions on food trucks. Mr. Bibb wanted to know if food trucks could be set up in the recreation areas of Pleasant Grove and he questioned the food truck in Palmyra. Mr. Fortune answered by explaining that we have no ordinances at this time. Ms. Johnson-Morgan wanted to know why we are looking into this. Mr. Fortune explained that instances have come about that we have had to investigate food trucks in the County and what the County is doing now to allow them.

Ms. Kilpatrick felt that Albemarle County ordinances should not be used and she wanted to know the impact of this would be on the Village of Palmyra project and concerns over use of spaces in the County that could be used for food trucks and other uses. Ms. Johnson-Morgan raised concerns of the limited number of trucks that we have in the county and how they are providing a crucial service to the county. Mr. Bibb brought up concerns with taxes and VDH. Mr. Fortune advised that the County doesn't have business taxes. Ms. Kilpatrick brought up concerns of tourism in the county and the limited food sources in the county and the food trucks are providing it.

Ms. Johnson-Morgan brought up again concerns on using Albemarle's ordinances. Mr. Fortune provided information on other counties ordinances. Mr. Bibb questioned if the County Attorney thinks we need regulations on this and Mr. Fortune provided that the attorney thinks we do. Ms. Johnson-Morgan brought up concerns that food trucks had already left the county, and Mr. Bibb stated that since there are no regulations in place yet he did not believe that was the reason. Ms. Kilpatrick brought up her thoughts on the lack of economic concerns is why there is a lack of trucks here. Mr. Bibb was concerned about safety being near the roadway. Mr. Fortune presented the City of Charlottesville ordinances. The Commission had a discussion on VDH regulations and trash. The Commission suggested a checklist for the food trucks instead of an ordinance.

The Commission then raised concerns about signs and the sign ordinance. The Commission agreed that they wanted to do more research in using sections A-F of the City of Charlottesville ordinance and then brought up concerns about music and the noise ordinance. Mr. Fortune then presented Prince Edward County's ordinance and explained that they tie theirs into the meal's tax. Mr. Fortune then presented Greene County's ordinance. Ms. Johnson-Morgan doesn't think we need a zoning permit. Mr. Bibb stated again that he like the City of Charlottesville's ordinance. He then brought up concerns about grills outside the units. The Commission brought up concerns about hooking up power to buildings and that we should leave that to an agreement between

the business owner and the food truck.

Mr. Fortune questioned the need to restrict hours of operations and to check on noise ordinances. The Commission discussed options. Mr. Fortune asked the Commission to discuss if the County wanted to restrict which zone where they could set up, what name the County wanted to use in the ordinance and definition. Ms. Johnson-Morgan discussed the County having a place designated for Food Trucks to set up. Ms. Kilpatrick wanted to include encouraging language for certain areas. Mr. Bibb and Mr. Fortune stated that may suggest that those are the only places food trucks can set up. Mr. Fortune then went over the list of the Commission’s wants and how they would be incorporated and it would be brought back next month. The Commission then discussed possible areas to set up as “way-sides” or locations that could be cleaned up and used for areas the public could use and the trucks could set up at.

C. Adjournment-

- Mr. Bibb adjourned the work session at 6:47 pm.

Rezoning Approval:

The Board of Supervisors approved the rezoning on January 18, 2023 subject to four proffered conditions:

1. An Illustrative Exhibit was attached as an exhibit to the rezoning request. The exhibit was conceptual in nature and shown in consideration of the rezoning request ZMP 22:05. - VDH-ODW – Clarify that the waste water generated by the site is domestic and not industrial.
- VDOT – VDOT will focus on the entrances as part of their review.
 - The developer had a traffic impact study done for the area. The study has been forwarded to VDOT for review.
 - Related to this, local law enforcement asked that the developer address traffic related with large slow-moving trucks trying to enter and exit the site in a 55-mph speed zone.

- Fire/Rescue had the following comments/requests:
 - Be sure there is enough water flow for fire protection.
 - A water flow analysis is being developed, and will be made available as soon as it is ready.
 - Fire/rescue officials would like to give input on where the fire hydrants are placed.
 - Make sure there are enough entrances to provide sufficient access for fire department personnel and to meet fire code requirements.
 - The developer plans multiple large doors for van and truck access, which should help with access.
 - Consider placing internal standpipes in the building, and ventilation on the roof.
 - The fire hydrants need to have National Standard Threads.

Recommended Conditions

If accepted, Staff recommends the following four conditions:

1. Meet all final site plan requirements which include, but are not limited to, providing parking, landscaping, and outdoor lighting.
2. Meet all required Erosion and Sedimentation Control regulations.
3. Meet all VDOT requirements.
4. Meet VDH requirements.
5. Address fire/rescue comments to the extent practicable.

Planning Commission Staff Report

To: Fluvanna County Planning Commission
Request: Agricultural & Forestal District Withdrawal

From: Jason Overstreet
District: Fork Union

General Information: This Agricultural and Forestal District (AFD) withdrawal request is to be heard by the Planning Commission on Tuesday, March 11, 2025 at 7:00 pm in the Morris Room at the County Administration Building.

Applicant: Patty Montanino

Requested Action: **AFD 24:01 Withdrawal from the North 640 Agricultural and-Forestal District-**A request to withdraw a parcel from the North 640 Agricultural and Forestal District in accordance with County Code Section 3.1-13. This parcel located on 6.78 acres and known as Tax Map 30 Section 12 Parcel 3A. The Parcel is located on James Madison Hwy (SR15) in the area of Haden Martin Rd (SR 640) and is located in the Rural Residential Planning Areas and the Fork Union Election District.

Existing Zoning: A-1, Agricultural, General (Attachment C)

Existing Land Use: Agricultural, forestry

Planning Area: Rural Residential Planning Area

Adjacent Land Use: Residential and vacant land

Subject:

The Planning Department received an application for the withdrawal of 6.78 acres from the North 640 Agricultural and Forestal District. The North 640 District is located in the Fork Union Election District and consists of approximately 2370 acres making it the largest AFD in Fluvanna. The District was renewed by the Board of Supervisors on January 22, 2020 for an additional ten (10) year period. The parcel proposed to be withdrawn is owned

by Ann Park and identified as Tax Map Parcel 30-12-3A. The North 640 Agricultural and Forestal District is located within both Rural Preservation and Rural Residential Planning Areas.

Policy Implications:

On November 19th, this application was submitted for review to the Agricultural and Forestal District Advisory Committee in accordance with Section 3.1-13 of the County Code. The advisory committee recommended approval to withdraw 7-0. The Planning Commission is required to review the request, hold a public hearing, and then report its recommendations to the governing body.

According to Sec. 3-1-13 of the County Code (B)(C), Upon termination of a district or withdrawal or removal of any land from a district created pursuant to this chapter, land that is no longer part of a district shall be subject to roll-back taxes as are provided in section 58.1-3237 of the Code of Virginia. Upon termination of a district or upon withdrawal or removal of any land from a district, land that is no longer part of a district shall be subject to those local laws and ordinances prohibited by the provisions of subsection B of Section 3.1-11 of this chapter. The withdrawal or removal of any parcel of land from a lawfully constituted district shall not in itself serve to terminate the existence of the district. The district shall continue in effect and be subject to review as to whether it should be terminated, modified or continued pursuant to Section 3.1-10 of this chapter.

Staff Analysis:

The purpose of Agricultural and Forestal Districts, as outlined in the Virginia Agricultural and Forestal District Act (Virginia Code), is “...*to conserve and protect and to encourage the development and improvement of the Commonwealth’s agricultural and forestal lands for the production of food and other agricultural and forestal products...and to conserve and protect agricultural and forestal lands as valued natural and ecological resources which provide essential open space for clear air sheds, watershed protection, wildlife habitat, as well as for aesthetic purposes.*”

When evaluating proposed withdrawals from Agricultural and Forestal Districts, the County Code states that any owner of land lying within such a district may file with the County a written request to withdraw all or part of his land from the district for good and reasonable cause. The Fluvanna County Agricultural and Forestal District chapter of the County Code specifically addresses petitions for withdrawals and stipulates criteria for such requests. These criteria should be evaluated by the Agricultural and Forestal District Advisory Committee and the Planning Commission prior to making any recommendations to the governing body. The criteria are as follows:

1. *The proposed new land use will not have an adverse effect upon farming or forestry operations in the remaining portion of the district.*

The applicant has indicated an intent to divide the property in order to sell several acres

to an adjoining landowner. This landowner does not intend to develop the property. Other than a slight reduction to the total district there are no anticipated adverse effects to the remaining district. No new land use is proposed.

2. *The proposed new land use is in compliance with the most recently approved Comprehensive Plan.*

The North 640 AFD lies within both Rural Preservation and Rural Residential Planning Areas, however the subject parcels are only within Rural Preservation areas. In accordance with the 2015 Comprehensive Plan, “*the rural preservation areas are intended to be the least developed areas of the county. Large parks, agricultural and forestal districts, working farms, and passive open spaces should comprise most of the land use, with very low-density residential development.*” In that respect, removing land from an AFD could result in a small increase in development in this area. However, only a maximum of two lots could be created and the A-1 District does not permit major subdivisions.

3. *The proposed land use is consistent with the public interest of the County and not solely to benefit the proprietary interests of the landowner requesting withdrawal.*

There is no change to the existing land use associated with the request. The proposed withdrawal would primarily benefit the proprietary interests of the landowner. However, the landowner’s children need to sell a portion of the property in order to care for the property owner who is 99 years old.

4. *The proposed land use was not anticipated by the landowner at the time the property was placed in the district, and there has been a change in conditions or circumstances since that time.*

There is no new land use proposed with this withdrawal request nor is any anticipated.

Agricultural and Forestal District Committee Recommendation:

On November 19 the advisory committee voted 7-0 to recommend approval of the withdrawal request.

Summary Conclusion:

The removal of 6.78 acres from the North 640 Agricultural and Forestal District appears to be consistent with AFD regulations and is therefore appropriate based on the above criteria. Removal of this parcel would reduce the total acreage of the North 640 AFD from 2370 acres to 2363 acres. The remaining district will still comply with the minimum size requirement for an AFD. Remaining parcels will continue to be located within one mile of the boundary of the core as required. Additionally, not approving withdrawal could deter future participation in the AFD program.

A landowner seeking to withdraw land from a district, if denied favorable action by the governing body, shall have an immediate right of appeal de novo to the circuit court serving the territory wherein the district is located.

MOTION: I recommend (approval/denial/deferral) of the withdrawal of Tax Map 30-12-A from the North 640 Agricultural and Forestal District.

Dear Sirs,

My name is Patty Montanino and I am the daughter of Ann Park who is the owner of parcel 30-12-3A which contains my mother's house and 6.78 acres. I have power of attorney for my mother who is age 99. We are in a position where we need to sell a portion of our land to our neighbor to provide financial care for my mother. At this time we are requesting that the AFD status of our land be removed and the associated fee of \$500 be waived based upon her current financial situation. Additionally, we are requesting that any roll back taxes associated with this change in status be waived.

I understand in order to make this status change, this must be reviewed by the planning commission as well as require a public hearing.

I can provide a copy of the power of attorney as well as any financial statements as required.

Additionally, I will be reaching out to Fluvanna Tax Office to determine if my mother can qualify for a tax reduction on her property beginning next year.

Thank you,

Patty Montanino

(Ord. 11-4-98; Ord. 5-19-10; Ord. 11-18-15)

Sec. 3.1-3. - Agricultural and forestal districts advisory committee.

Upon receipt of the first agricultural and forestal districts application, the governing body shall establish an advisory committee, which shall consist of four landowners who are engaged in agricultural or forestal production, four other landowners of the County, the commissioner of revenue, and a member of the governing body. The members of the committee shall be appointed by and serve at the pleasure of the governing body. The advisory committee shall elect a chairman and a vice-chairman and elect or appoint a secretary who need not be a member of the committee. The advisory committee shall serve without pay. The committee shall advise the planning commission and the governing body and assist in creating, reviewing, modifying, continuing or terminating districts within the County. In particular, the committee shall render expert advice as to the nature of farming and forestry and agricultural and forestal resources within the district and their relation to the entire County.

(Ord. 11-4-98)

Sec. 3.1-4. - Application for creation of district in one or more localities; size and location of parcels.

On or before November 1 of each year, any owner or owners of land may submit an application to the County for the creation of a district or addition of land to an existing district within the County. Each district shall have a core of no less than 200 acres in one parcel or in contiguous parcels. A parcel not part of the core may be included in a district if the nearest boundary of the parcel is within one mile of the boundary of the core, or if it is contiguous to a parcel in the district the nearest boundary of which is within one mile of the boundary of the core. No land shall be included in any district without the signature on the application, or the written approval of all owners thereof. A district may be located in more than one county, provided that (i) separate application is made to each county involved, (ii) each governing body approves the district, and (iii) the district meets the size requirements of this section. In the event that the governing bodies of one or more such counties disapproves the creation of a district within its boundaries, the creation of the district within Fluvanna County shall not be affected, provided that the district otherwise meets the requirements set out in this chapter. In no event shall the act of creating a single district located in two localities pursuant to this subsection be construed to create two districts.

(Ord. 11-4-98)

Sec. 3.1-5. - Criteria for evaluating application.

Land being considered for inclusion in a district may be evaluated by the advisory committee and the planning commission through the Virginia Land Evaluation and Site Assessment (LESA) System. The

following factors shall be considered by the planning commission and the advisory committee, and at any public hearing at which an application that has been filed pursuant to this chapter is being considered:

- (1) The agricultural and forestal significance of land within the district or addition and in areas adjacent thereto;
- (2) The presence of any significant agricultural lands or significant forestal lands within the district and in areas adjacent thereto that are not now in active agricultural or forestal production;
- (3) The nature and extent of land uses other than active farming or forestry within the district and in areas adjacent thereto;
- (4) Local developmental patterns and needs;
- (5) The comprehensive plan and applicable provisions of the zoning ordinance;
- (6) The environmental benefits of retaining the lands in the district for agricultural and forestal uses; and
- (7) Any other matter which may be relevant.

In judging the agricultural and forestal significance of land, any relevant agricultural or forestal maps may be considered, as well as soil, climate, topography, other natural factors, markets for agricultural and forestal products, the extent and nature of farm structures, the present status of agriculture and forestry, anticipated trends in agricultural economic conditions and such other factors as may be relevant.

Sec. 3.1-6. - Review of application; notice; hearing.

Upon the receipt of an application for a district or for an addition to an existing district, the program administrator shall refer such application to the advisory committee. The advisory committee shall review and make recommendations concerning the application or modification thereof to the planning commission, which shall:

- (1) Notify, by first-class mail, adjacent property owners as shown on the maps of the County used for tax assessment purposes, and where applicable, any political subdivision whose territory encompasses or is part of the district, of the application. The notice shall contain: (i) a statement that an application for a district has been filed with the program administrator pursuant to this chapter; (ii) a statement that the application will be on file open to public inspection in the office of the County Administrator; (iii) a statement that any owner of additional qualifying land may join the application within thirty days from the date of the notice or, with the consent of the governing body, at any time before the public hearing the governing body must hold on the application; (iv) a statement that any owner who joined in the application may withdraw his land, in whole or in part, by written notice filed with the governing body, at any time before the governing body acts pursuant to Section 3.1-8 of this chapter; and (v) a statement that additional qualifying lands may be added to an already created district at any time upon separate application pursuant to this chapter;

State Law reference— See Code of Va., §§ 15.2-4307, 15.2-4309.

Sec. 3.1-7. - Repealed.

(Ord. 11-4-98; Ord. 11-18-15)

Sec. 3.1-8. - Hearing; creation of district; conditions; notice.

- (A) The governing body, after receiving the report of the planning commission and the advisory committee, shall hold a public hearing as provided by law, and after such public hearing, may by ordinance create the district or add land to an existing district as applied for, or with any modifications it deems appropriate.
- (B) As a condition to creation of the district, any parcel in the district shall not, without the prior approval of the governing body, be developed to any more intensive use, other than uses resulting in more intensive agricultural or forestal production, during the period which the parcel remains within the district. The following shall not be prohibited as a more intensive use, unless the governing body finds that such use in the particular case would be incompatible with farming or forestry in the district:
 - (1) Construction and placement of dwellings for persons who earn a substantial part of their livelihood from a farm or forestry operation on the same property, or for members of the immediate family of the owner; or
 - (2) Divisions of parcels for such family members as provided in Section 19-2-1 of the County Code; or
 - (3) Divisions of land into two or more lots no one of which is less than 22 acres in area.
- (C) Any conditions to creation of the district and the period before the review of the district shall be described, either in the application or in a notice sent by first-class mail to all landowners in the district and published in a newspaper having a general circulation within the district at least two weeks prior to adoption of the ordinance creating the district. The ordinance shall state any conditions to creation of the district and shall prescribe the period before the first review of the district, which shall be no less than four years but not more than ten years from the date of its creation. In prescribing the period before the first review, the governing body shall consider the period proposed in the application. The ordinance shall remain in effect at least until such time as the district is to be reviewed. In the event of annexation by a city or town of any land within a district, the district shall continue until the time prescribed for review.
- (D) The governing body shall act to adopt or reject the application, or any modification of it, no later than 180 days from November 1.
- (E) Upon the adoption of an ordinance creating a district or adding land to an existing district, the governing body shall submit a copy of the ordinance with maps to the local commissioner of the revenue, and the State Forester, and the Commissioner of Agriculture and Consumer Services for information purposes. The commissioner of the revenue shall identify the parcels of land in the district in the land book and on the tax map, and the governing body shall identify such parcels on the zoning map, where applicable and shall designate the districts on the official comprehensive plan map each time the comprehensive plan map is updated.

(Ord. 11-4-98)

Sec. 3.1-9. - Additions to a district.

Additional parcels of land may be added to an existing district at any time by following the process and application deadlines prescribed for the creation of a new district.

(Ord. 11-4-98; Ord. 11-18-15)

State Law reference— See Code of Va., § 15.2-4310.

Sec. 3.1-10. - Review of districts.

The governing body may complete a review of any district created under this section, together with additions to such district, no less than four years but no more than ten years after the date of its creation and every four to ten years thereafter. If the governing body determines that a review is necessary, it shall begin such review at least 90 days before the expiration date of the period established when the district was created. In conducting such review, the governing body shall ask for the recommendations of the advisory committee and the planning commission in order to determine whether to terminate, modify or continue the district. When each district is reviewed, land within the district may be withdrawn at the owner's discretion by filing a written notice with the governing body at any time before it acts to continue, modify or terminate the district. The planning commission or the advisory committee shall schedule as part of the review a public meeting with the owners of land within the district, and shall send by first-class mail a written notice of the meeting and review to all such owners. The notice shall state the time and place for the meeting; that the district is being reviewed by the governing body; that the governing body may continue, modify, or terminate the district; and that land may be withdrawn from the district at the owner's discretion by filing a written notice with the governing body at any time before it acts to continue, modify or terminate the district. The governing body shall hold a public hearing as provided by law. The governing body may stipulate conditions to continuation of the district and may establish a period before the next review of the district, which may be different from the conditions or period established when the district was created. Any such different conditions or period shall be described in a notice sent by first-class mail to all owners of land within the district and published in a newspaper having a general circulation within the district at least two weeks prior to adoption of the ordinance continuing the district. Unless the district is modified or terminated by the governing body, the district shall continue as originally constituted, with the same conditions and period before the next review as that established when the district was created.

If the governing body determines that a review is unnecessary, it shall set the year in which the next review shall occur.

(Ord. 11-4-98; 11-18-15)

State Law reference— See Code of Va., § 15.2-4311.

Sec. 3.1-11. - Effects of districts.

- (A) Land lying within a district and used in agricultural or forestal production shall automatically qualify for an agricultural or forestal use-value assessment pursuant to article 4 (section 58.1-3229 et seq.) of chapter 32 of title 58.1 of the Code of Virginia, if the requirements for such assessment contained therein are satisfied.
- (B) The County shall not exercise any of its powers to enact local laws or ordinances within a district in a manner which would unreasonably restrict or regulate farm structures or farming and forestry practices in contravention of the purposes of this chapter unless such restrictions or regulations bear a direct relationship to public health and safety. The comprehensive plan and zoning and subdivision ordinances shall be applicable within said districts, to the extent that such ordinances are not in conflict with the conditions to creation or continuation of the district set forth in the ordinance creating or continuing the district or the purposes of this chapter. Nothing in this chapter shall affect the authority of the County to regulate the processing or retail sales of agricultural or forestal products, or structures therefor, in accordance with the comprehensive plan or any ordinance. Ordinances, comprehensive plans, land use planning decisions, administrative decisions and procedures

affecting parcels of land adjacent to any district shall take into account the existence of such district and the purposes of this chapter.

- (C) No special district for sewer, water or electricity or for nonfarm or nonforest drainage may impose benefit assessments or special tax levies on the basis of frontage, acreage or value on land used for primarily agricultural or forestal production within a district, except a lot not exceeding one-half acre surrounding any dwelling or nonfarm structure located on such land.

(Ord. 11-4-98)

Sec. 3.1-12. - Proposals as to land acquisition or construction within district.

- (A) Any agency of the Commonwealth or any political subdivision which intends to acquire land or any interest therein other than by gift, devise, bequest or grant, or any public service corporation which intends to: (i) acquire land or any interest therein for public utility facilities not subject to approval by the State Corporation Commission, provided that the proposed acquisition from any one farm or forestry operation within the district is in excess of one acre or that the total proposed acquisition within the district is in excess of ten acres or (ii) advance a grant, loan, interest subsidy or other funds within a district for the construction of dwellings, commercial or industrial facilities, or water or sewer facilities to serve nonfarm structures, shall at least 90 days prior to such action notify the governing body and all of the owners of land within the district. Notice to landowners shall be sent by first-class or registered mail and shall state that further information on the proposed action is on file with the governing body. Notice to the governing body shall be filed in the form of a report containing the following information:
 - (1) A detailed description of the proposed action, including a proposed construction schedule;
 - (2) All the reasons for the proposed action;
 - (3) A map indicating the land proposed to be acquired or on which the proposed dwellings, commercial or industrial facilities, or water or sewer facilities to serve nonfarm structures are to be constructed;
 - (4) An evaluation of anticipated short-term and long-term adverse impacts on agricultural and forestal operations within the district and how such impacts are proposed to be minimized;
 - (5) An evaluation of alternatives which would not require action within the district; and
 - (6) Any other relevant information required by the governing body.
- (B) Upon receipt of a notice filed pursuant to subsection A, the governing body, in consultation with the planning commission and the advisory committee, shall review the proposed action and make written findings as to (i) the effect the action would have upon the preservation and enhancement of agriculture and forestry and agricultural and forestal resources within the district and the policy of the Agricultural and Forestal Districts Act; (ii) the necessity of the proposed action to provide service to the public in the most economical and practical manner; and (iii) whether reasonable alternatives to the proposed action are available that would minimize or avoid any adverse impacts on agricultural and forestal resources within the district.
- (C) If the governing body finds that the proposed action might have an unreasonably adverse effect upon either state or local policy, it shall (i) issue an order within 90 days from the date the notice was filed directing the agency, corporation or political subdivision not to take the proposed action for a period of 150 days from the date the notice was filed and (ii) hold a public hearing, as prescribed by law, concerning the proposed action. The hearing shall be held where the governing body usually meets or at a place otherwise easily accessible to the district. The County shall publish notice in a newspaper having a general circulation within the district, and mail individual notice of the hearing to the political subdivisions whose territory encompasses or is part of the district, and the agency, corporation or political subdivision proposing to take the action. Before the conclusion of the 150-day period, the governing body shall issue a final order on the proposed action. Unless the governing

body, by an affirmative vote of a majority of all the members elected to it, determines that the proposed action is necessary to provide service to the public in the most economic and practical manner and will not have an unreasonably adverse effect upon state or local policy, the order shall prohibit the agency, corporation or political subdivision from proceeding with the proposed action. If the agency, corporation or political subdivision is aggrieved by the final order of the governing body, an appeal shall lie to the circuit court having jurisdiction of the territory wherein a majority of the land affected by the acquisition is located. However, if such public service corporation is regulated by the State Corporation Commission, an appeal shall be to the State Corporation Commission.

(Ord. 11-4-98)

Sec. 3.1-13. - Withdrawal of land from a district; termination of a district.

- (A) At any time after the creation of a district within the County, any owner of land lying in such district may file with the County a written request to withdraw all or part of his land from the district for good and reasonable cause. The program administrator shall refer the request to the advisory committee for its recommendation. The advisory committee shall make recommendations concerning the request to withdraw to the local planning commission, which shall hold a public hearing and make recommendations to the governing body. Land proposed to be withdrawn may be reevaluated through the Virginia Land Evaluation and Site Assessment (LESA) System. The landowner seeking to withdraw land from a district, if denied favorable action by the governing body, shall have an immediate right of appeal de novo to the circuit court serving the territory wherein the district is located. This section shall in no way affect the ability of an owner to withdraw an application for a proposed district or withdraw from a district pursuant to subsection (iv) of subdivision (1) of Section 3.1-6 or Section 3.1-10 of this chapter.
- (B) Upon termination of a district or withdrawal or removal of any land from a district created pursuant to this chapter, land that is no longer part of a district shall be subject to roll-back taxes as are provided in section 58.1-3237 of the Code of Virginia.
- (C) Upon termination of a district or upon withdrawal or removal of any land from a district, land that is no longer part of a district shall be subject to those local laws and ordinances prohibited by the provisions of subsection B of Section 3.1-11 of this chapter.
- (D) Upon the death of a property owner, any heir at law, devisee, surviving cotenant or personal representative of a sole owner of any fee simple interest in land lying within a district shall, as a matter of right, be entitled to withdraw such land from such district upon the inheritance or descent of such land provided that such heir at law, devisee, surviving cotenant or personal representative files written notice of withdrawal with the governing body and the commissioner of the revenue within two years of the date of death of the owner.
- (E) Upon termination or modification of a district, or upon withdrawal or removal of any parcel of land from a district, the governing body shall submit a copy of the ordinance or notice of withdrawal to the local commissioner of revenue, the State Forester and the State Commissioner of Agriculture and Consumer Services for information purposes. The commissioner of revenue shall delete the identification of such parcel from the land book and the tax map, and the governing body shall delete the identification of such parcel from the zoning map, where applicable.
- (F) The withdrawal or removal of any parcel of land from a lawfully constituted district shall not in itself serve to terminate the existence of the district. The district shall continue in effect and be subject to review as to whether it should be terminated, modified or continued pursuant to Section 3.1-10 of this chapter.

Case Number: ZTA 24:11
District: Countywide Amendment

General Information: This public hearing is to be held on Tuesday, March 11, 2025 at 7:00 pm by the Fluvanna County Planning Commission in the Morris Room in the County Administration Building, 132 Main Street, Palmyra VA 22963.

Requested Action: Recommend approval of amendments to the Fluvanna County Zoning Ordinance by amending § 22-22-1 to clarify that no more than five lots may be created from the parent tract using the minor subdivision approval process, regardless of whether the lots are created at one time or over an extended period of time.

Background Information: The Planning Commission held a public hearing on December 10, 2024 to amend Section 19-2-1 of the Fluvanna Code to eliminate the five-year resubdivision work-around, so that any subdivision activity yielding six or more lots must go through the major subdivision review process. The Planning Commission recommended approval of that change. This amendment makes the same changes in the definitions for "parent tract" and "minor subdivision" for Chapter 22, Zoning, of the Fluvanna Code.

Recommended Motion:

CHAPTER 22 ZONING

ARTICLE 25. – OUTDOOR LIGHT CONTROL

Sec. 22-25-4. - General terms.

(A) *Outdoor Light Fixtures* shall mean outdoor artificial illuminating devices, outdoor fixtures, lamps or other devices, permanent or portable, used for illumination, direction or advertisement. Such devices shall include, but are not limited to search, spot, or flood lights for:

- (1) Buildings and structures, including canopies and overhangs;
- (2) Parking lot lighting;
- (3) Landscape lighting;
- (4) Signs; and
- (5) Display and service areas.

(B) *Installed* shall mean the initial installation of outdoor light fixtures defined herein, following the effective date of this article, but shall not apply to those outdoor light fixtures installed prior to such date.

(C) *Shielded, fully* shall mean fixtures that are shielded in such a manner that light emitted by the fixture, either directly from the lamp or indirectly from the fixture, is projected below a horizontal plane running through the lowest point on the fixture where light is emitted. This means that a fully shielded fixture is one used in such a way that it allows no

direct or internally reflected light to shine above the light fixture or beyond the property line. The terms 'source shield' and 'full cutoffs' shall mean fully shielded.

(D) *Footcandle* shall mean a quantitative unit of measure referring to the measurement of illumination incident at a single point. One footcandle is equal to one lumen uniformly distributed over an area of one square foot.

(E) *Full Cutoff Angle* shall mean the angle formed by a line drawn from the light source and a line perpendicular to the ground from the light source, beyond which no light is emitted. ~~Refer to example graphics.~~

(F) *Initial Lumens* shall mean the lumens emitted from a lamp, as specified by the manufacturer of the lamp.

(G) *Lamp* shall mean the component of a luminaire that produces and directs light. A lamp is also commonly referred to as a bulb.

(H) *Lumen* shall mean a standard unit of measurement referring to the amount of light energy emitted by a light source, without regard to the effectiveness of its distribution.

(I) *Luminaire* shall mean a complete lighting unit consisting of a lamp or lamps together with the components designed to distribute the light, to position and protect the lamps, and to connect the lamps to the power supply. A luminaire is also commonly referred to as a fixture.

(J) *Outdoor Luminaire* shall mean a luminaire that is permanently installed outdoors including, but not limited to, devices used to illuminate any site, structure, or sign.

(K) *Photometric Plan* shall mean a point-by-point plan depicting the intensity and location of lighting on the property and spillover on to adjacent properties or rights-of-way.

Sec. 22-25-6. - General requirements for all zoning districts.

(A) Public or Private Recreational Facilities: Lighting for the parking areas for these facilities shall meet the requirements identified in the following Applications section.

Lighting fixtures used to illuminate an outdoor sign shall either be mounted on the ground sign or mounted on the top of the sign, and shall comply with shielding requirements.

(D) Gasoline Station/Convenience Store Aprons and Canopies.

(1) The lighting fixture bulbs shall be recessed into a canopy ceiling so that the bottom of the fixture is flush with the ceiling and light is restrained to no more than eighty-five (85) degrees from vertical.

(2) As an alternative to recessed ceiling lights, indirect lighting may be used where the light is directed upward and then reflected down from the underside of the canopy. In this case, light fixtures shall be shielded so that direct illumination is focused exclusively on the underside of the canopy and the canopy designed is such a way as to prevent light from being directly reflected beyond the property line.

(3) Lights shall not be mounted on the top or sides (fascia) of the canopy, and the sides of the canopy shall not be illuminated.

(4) The lighting for new facilities (pump islands and under canopies) shall have a minimum of 1.0 footcandle at grade, and the average horizontal illumination cannot exceed ~~40~~ **20** footcandles at grade level, subject to a uniformity ratio (ratio of average to minimum illuminance) no greater than 4:1. The standards herein are based on the Illuminating Engineering Society of North America (IESNA) RP-33, Lighting for Exterior Environments.

(5) Spillover light, vertical or horizontal, from parking area luminaires onto public roads and property in residential or agricultural zoning districts shall not exceed one-half (1/2) footcandle at the property line.

(6) The lighting of roofs or portions thereof is prohibited.

(E) All Parking Lots, Loading and Display Areas. This lighting requirement applies to multi-family, educational, institutional, public, commercial business and retail, wholesale, and limited and general industrial use categories identified within the Zoning Ordinance.

(1) Lighting for all parking, display and loading areas shall not exceed an average horizontal illumination level of ~~2.5~~ **5** footcandles. All lighting fixtures serving

these areas shall be cut-off fixtures as defined by the Illuminating Engineering Society of North America (IESNA);

(2) Maximum Mounting Height*

Residential: 15 feet

Non-Residential: 20 feet

* Height is measured from the ground surface to the bottom of the lighting fixture.

(F) Spillover light, vertical or horizontal, from parking area luminaires onto public roads and property in residential or agricultural zoning districts shall not exceed one-half (1/2) footcandle at the property line.

(G) The lighting of roofs or portions thereof is prohibited.

(2) *That the Ordinance shall be effective upon adoption.*
